Compulsory Automobile Insurance Act

NOTICE

FACILITY ASSOCIATION RATE FILING

The Facility Association, on 16th September, 1986, filed with the Superintendent of Insurance revised rates for private passenger and commercial risks which it proposed will take effect on or after January 1st, 1986. This rate filing could also affect those miscellaneous classes of vehicles whose rates are a multiple of the private passenger or commercial rates e.g., taxis.

Under the *Compulsory Automobile Insurance Act*, the Superintendent shall, within 60 days of

16th September, 1986, either approve the rates as filed, or disapprove or vary the proposed rates if in his opinion they are not in accordance with statistical evidence or experience or other justifiable factor.

The proposed rates will be available for inspection at the Office of the Superintendent of Insurance, 555 Yonge Street, Toronto and at the Office of The Facility Association, 20 Richmond Street East, Toronto, on business days between 9:00 a.m. and 4:00 p.m. until October 24th, 1986.

Any person wishing to make a submission to the Superintendent concerning the proposed rates should deliver such submission in writing to B. R. Newton, Senior Actuary, at the Office of the Superintendent of Insurance and also to D. D. McKay at the Office of The Facility Association on or before October 31st, 1986.

The proposed rates will be applicable only to those owners and licensed drivers of motor vehicles who would otherwise be unable to obtain insurance. Submissions should confine themselves to the proposed Facility Association Rates and should not deal with other matters.

J. WEIR,
(9450) 40 Superintendent of Insurance.

Applications to Parliament

CITY OF TORONTO

NOTICE OF APPLICATION FOR SPECIAL LEGISLATION

NOTICE IS HEREBY GIVEN that, on behalf of the Corporation of the City of Toronto, application will be made to the Legislative Assembly of the Province of Ontario, for an Act to provide:

1. Where,

- (i) an application is made under the *Ontario Heritage Act* to demolish or remove a building or structure on a property designated under Part IV of that Act and no building permit has been issued to erect a new building on the site of the building or structure sought to be demolished or removed; or
- (ii) an application is made under the *Ontario Heritage Act* to demolish or remove any building or structure in a heritage conservation district designated under Part V of that Act, and no building permit has been issued to erect a new building on the site of the building or structure sought to be demolished or removed,

council may refuse the application and, notwithstanding the provisions of sections 34, 42 and 43 and subsection 44(2) of the *Ontario Heritage Act*, prohibit work from being done to demolish or remove the building until a building permit has been obtained to erect a new building on the site of the building or structure sought to be demolished or removed and 180 days have elapsed from the date of the decision of council to refuse the application.

The proposed legislation will further provide that if, prior to its coming into force, council has refused an application made under the *Ontario Heritage Act* to demolish or remove a building or structure on a property designated under Part IV of the *Ontario Heritage Act* and has prohibited, for a period of 180 days from the date of its decision in accordance with clause 34(2)(b) of that Act, the owner of the property from demolishing or removing the building or structure or doing, causing or permitting any work to be done in the demolition or removal of the building or structure, the owner of the property shall not after the proposed legislation comes into force, demolish or remove the building or structure or do, cause or permit any work or any further work to be done in the demolition or removal of the building or structure unless the owner has obtained a building permit to erect a new building on the site of the building or structure sought to be demolished or removed and 180 days have elapsed from the date of the refusal by the council of the application to demolish or remove the building or structure.

The proposed legislation will also provide that, if, prior to its coming into force, council has refused an application made under the *Ontario*

Heritage Act to demolish a building or structure in a heritage conservation district designated under Part V of the Act and prohibited the demolition or removal of the building or structure, no person shall, after the proposed legislation comes into force, demolish or remove the building or structure or do or cause any work or any further work to be done in the demolition or removal of the building or structure unless such person has obtained a building permit to erect a new building on the site of the building or structure sought to be demolished and 180 days have elapsed from the date of the refusal of the application by the council.

There is a right of appeal to the Ontario Municipal Board from council's refusal of an application.

The proposed legislation further provides that where

- (i) a building permit has been issued to erect a new building on the site of the building or structure designated under Parts IV or V of the *Ontario Heritage Act* and the council, under the provisions of subsections 34(2) or 43(2) of that Act, subsequently refuses an application made under subsection 34(1) or section 43 of that Act, or
- (ii) council under the proposed legislation, refuses an application to demolish or remove a building or structure designated under Parts IV or V of the *Ontario Heritage Act*, and a building permit is subsequently issued to erect a new building on the site thereof,

and the existing building or structure is demolished or removed, council may if the new building has not been substantially completed within two years of the commencement of the demolition or removal of the demolished building or structure, direct the Clerk to enter on the collector's roll, to be collected in like manner as municipal taxes, such sum, not to exceed \$1,000,000.00, as council may direct and the sum so entered shall until payment thereof be a lien or charge upon the land upon which the demolished building or structure was situate. A certificate noting the lien shall be registered against the land. The lien may be discharged upon payment of the said sum and thereupon a certificate discharging the lien shall be registered.

Provision will also be made for registering in the appropriate Land Registry Office any decision of the council refusing an application made under subsection 34(1) or section 43 of the *Ontario Heritage Act* and in addition thereto the section of the proposed legislation sets out the potential consequences of such refusal.

The proposed legislation also provides for penalties for knowingly furnishing false information in respect of an application made thereunder, for failing to comply with an order, direction or other requirement made thereunder, or demolishing or removing a structure contrary to the legislation, such fine to be no more than \$10,000.00 or to imprisonment for a term of not more than one

year, provided that if a corporation is convicted of such offence, the maximum penalty will be \$50,000.00. The proposed legislation will also provide that no prosecution for an offence thereunder shall be instituted except with the consent of the Minister of Citizenship and Culture.

2. That certain lands in the City of Toronto at 800 Fleet Street, which lands are bounded on the north by the Frederick C. Gardiner Expressway lands, on the south by Fleet Street, on the west by Strachan Avenue and on the east by the west limit of Garrison Road, may be leased for parking purposes. The lands were acquired by the City in 1909, and the *City of Toronto Act*, 1903 contains a restriction that such lands may be used by the City only for park or industrial purposes. The purpose of the proposed legislation is to enable the City to lease such lands, free and clear of the said restriction, to any person for parking purposes on such terms and conditions as may be agreed upon until such lands are required for parks purposes.

3. That on the 30th day of November, 1986, the Board of Health for the City of Toronto Health Unit will be dissolved and the Corporation of the City of Toronto shall stand in the place and stead of the Board of Health so dissolved in respect to agreements entered into, orders made or other matters commenced by the Board or proceedings instituted against the Board, and to further provide that the City, which would be deemed to be a Board of Health established under the *Health Protection and Promotion Act*, 1983, shall stand in the place of and have all the powers and rights and be subject to all the duties conferred or imposed on a board of health by that Act. The proposed Act will also provide that the functions which would have, prior to its passing, been performed by the board of health or the medical officer of health or the public health inspector of a board of health shall be performed by the City or the medical officer of health of the City or health inspector of the City respectively.

The proposed legislation will further provide for the continuation of the City of Toronto Health Unit and for the continuation in office of the medical officer of health and the associate medical officers of health and in respect to the appointment of those officers and the public health inspectors and public health nurses employed by the City and the powers, rights, privileges and duties of such employees.

4. That the special legislation obtained by the City in 1975 (section 5 of the *City of Toronto Act*, 1975 (No. 2) being chapter 117) as amended in 1981 (section 3 of the *City of Toronto Act*, 1981, being chapter 103) respecting assisted housing and assisted housing programs be amended so as

- (i) to change all references to "assisted housing" or "assisted housing program" contained in such legislation to "social housing" or "social housing program" respectively;

- (ii) to provide a new definition for social housing which, if the proposed legislation is enacted, will be

- (a) a program which in the opinion of council is designed to provide housing accommodation primarily for persons with low to moderate incomes at a charge not exceeding the greater of the amount required to finance, operate and maintain the accommodation without profit or the amount required to be charged for such accommodation under the terms of an agreement where one of the parties is the Provincial or Federal Government or an agency thereof and such accommodation is entirely owned by or leased to and operated by one or more non-profit co-operative housing corporations or bona fide non-profit corporations, or
- (b) a program which provides housing accommodation owned and operated by or on behalf of the City of Toronto Non-Profit Housing Corporation.

- (iii) to provide that in any zoning by-law passed under section 34 of the *Planning Act*, the Council may, in addition to providing the residential densities under that section, provide one or more residential densities which would be applicable to the land if the owner thereof and the operator of the housing accommodation agrees with the City to provide all or such portion, as is specified in the by-law, of the housing accommodation for the purpose of a social housing program and the City may require the owner, and the operator, to enter into agreements respecting the provision of such social housing;

- (iv) to provide that Council may, in a by-law which provides for a different residential density where there is an agreement to provide social housing, give exemptions or reductions, or both, from zoning standards and provisions otherwise applicable to similar forms of housing accommodation which are not part of a social housing program.

The proposed legislation will also provide that Council is not required to pass any by-law permitting a different residential density where social housing is provided, even if the proposal complies with the definition of social housing. The City will also be permitted to enter into social housing agreements where projects comply with the definition of social housing program but do not require the additional density.

The proposed legislation will also deem the phrases "assisted housing", "assisted housing program" and "owner" where found in by-laws passed before the proposed legislation comes into force will be references to "social housing", "social housing program" and "operator of the housing accommodation if different from the owner" respectively and that any by-law passed under the existing legislation (that is the 1975 legislation as

amended in 1981) or any agreement entered into under the said existing legislation will continue in full force and effect until amended, revoked or repealed.

5. That Council may pass by-laws designating on public highways under the jurisdiction of the City zones for the parking of buses, as defined in the proposed legislation and further may pass by-laws regulating the use of zones so designated and for providing the time during which such designated zones will operate and for prohibiting the parking, stopping or standing of any vehicle other than a bus within such designated zones.

6. That Council may pass by-laws to allow holders of a permit issued under the City's existing permit parking by-law to park the motor vehicle in respect of which the permit is issued on highways or parts of highways designated under the by-law without depositing fees in any parking meter erected on such highway or part of highway.

7. That Council may pass by-laws for prohibiting an owner of a Hazard Building, as defined, from permitting or allowing such building to be vacant unless it is maintained to and complies with standards established by the Council and for prohibiting an owner of a Non-Hazard building, as defined, from permitting or allowing such building to be vacant for more than 180 consecutive days unless it is maintained to and complies with standards established by the Council. For purposes of the proposed legislation, "standards" mean such standards as in the opinion of the Council are appropriate to protect against entry to the building or to detect and signal the presence of a person in such building.

The proposed legislation will permit the City, at the expense of the owner of such building, to do any work required to bring a vacant building into compliance with the standards established by Council where the owner permits a Hazard Building to be vacant without complying with such standards or permits a Non-Hazard Building to be vacant for more than 180 days without complying with such standards and the City shall have a lien for any amount expended in so doing, plus a fee covering reasonable administrative costs, together with interest at a rate fixed by Council. It is also provided that the total amount set out in a certificate of the Clerk shall be final and be added to the collector's roll and collected in the same manner as real property taxes over a period of not more than 5 years.

The proposed legislation will provide rights of entry for inspectors, officers, employees, agents, or servants of the City at all reasonable times for the purposes set out therein, but does not permit entry to a private residence actually being used as a dwelling without the consent of the occupier. The proposed legislation further provides for the obtaining of a warrant, without notice to the owner of the building, where the owner thereof cannot be located or if the agent, officer or servant of the owner of the building denies entry to an inspector,

officer, employee, agent or servant of the City, or instructs such person to leave the building or obstructs such person in the carrying out of the Act or refuses to comply with a request for production of anything required for the purpose of an inventory, test or inquiry, such warrant permitting entry and access to the building including the right to make inventories, investigations, tests or inquiries and the doing of the work required to bring the building up to standards where authorized by the proposed legislation.

8. That the Council may pass by-laws:

- (i) requiring every employer of a business activity defined in the By-law to disclose annually to the Medical Officer or Health, certain information respecting the identity, use and quantity of each substance designated hazardous by the By-law which is present in or brought to the workplace and defining what is meant by the expression "small quantity" and exempting from the disclosure requirements of the By-law a "small quantity" of designated hazardous substances, and "hazardous consumer goods" as defined;
- (ii) requiring every employer of a defined business activity to advise the Medical Officer of Health, of any change in the nature or address of the business activity or of the failure to receive from the Medical Officer of Health any request for information respecting designated hazardous substances in the workplace or the fact that there are no designated hazardous substances in the workplace of such employer;
- (iii) appointing public health inspectors to enforce the By-law; and
- (iv) providing that any person who contravenes the By-law is guilty of an offence punishable on conviction by a fine of up to \$2,000.00 and further, providing for the imposition of a fine of up to \$100.00 per day of an employer convicted of the offence of failing to disclose information specified in the By-law for each day the offence continues.

The proposed legislation will provide that Council may establish a Right-to-Know Arbitration Tribunal which shall hear and determine all claims submitted to it by an employer of a defined business activity for confidentiality in respect of the identity of a designated hazardous substance in the workplace and will set out the procedure for making such claim and what the Tribunal is required to consider in making a decision in respect thereto. Hearings before the Tribunal will not be open to the public.

A confidentiality claim approved by the Tribunal shall be issued a confidentiality registration number by which the identity of such designated hazardous substance will be disclosed under the Right-to-Know By-law, but where the Tribunal dismisses a confidentiality claim the identity of the hazardous substance must be disclosed by its name.

The proposed legislation will also provide for the composition of the Tribunal, the appointment and remuneration of its members and will set out the duties, procedures, quorum requirements and staffing of such Tribunal.

There will be the right of appeal to a judge of the District Court where the tribunal dismisses a confidentiality claim. Such appeals will not be open to the public.

It will also be provided that every person may obtain from the Medical Officer of Health information respecting designated hazardous substances in the workplace disclosed to the Medical Officer of Health by employers of defined business activities or otherwise available to or in the possession of the Medical Officer of Health unless such information pertains to:

- (a) the identity of a designated hazardous substance in respect of which a confidentiality claim has been filed by an employer or approved by the Right-to-Know Arbitration Tribunal;
- (b) the proceedings before and confidentiality claims filed with the Tribunal; or
- (c) any inspection report or the results of any examination or test made by a public health inspector for the purpose of enforcing the the Right-to-Know By-law.

The Fire Chief may obtain the name of a designated hazardous substance in respect of which a confidentiality registration number has issued but shall not disclose such name to any person except as may be necessary to protect life or property endangered by a fire. A physician licensed to practise in Ontario may under certain circumstances set out in the proposed legislation obtain the name of a designated hazardous substance in respect of which a confidentiality registration number has issued but such physician shall not disclose the name of such designated hazardous substance to any person except as may be necessary to treat the patient named in the physician's statement submitted to the Right-to-Know Arbitration Tribunal. In cases of medical emergency, a physician may obtain from the Medical Officer of Health the name of a designated hazardous substance in respect of which a confidentiality registration number has issued but shall not disclose such name to any person except as may be necessary to treat the medical emergency.

The proposed legislation will also provide rights of entry and investigation for inspectors appointed to enforce the By-law and for the obtaining, without notice, of a warrant where entry is denied.

Members of the Right-to-Know Arbitration Tribunal, persons assisting the Tribunal as well as public health inspectors will, under the proposed legislation, be protected from legal proceedings against them for any actions taken by them or omissions on their part done in good faith in order to perform their duties thereunder.

This application will be considered by a standing Committee of the Legislative Assembly. Any person who has an interest in the application and who wishes to make submissions for, or against the application, to the Standing Committee should notify, in writing, the Clerk of the Legislative Assembly, Queen's Park, Toronto, Ontario M7A 1A2.

Dated at Toronto, this 12th day of September, 1986.

DEVELOPMENT CORPORATIONS ACT

O. Reg. 550/86.

Innovation Ontario Corporation.

Made—June 26th, 1986.

Filed—September 15th, 1986.

REGULATION MADE UNDER THE DEVELOPMENT CORPORATIONS ACT

INNOVATION ONTARIO CORPORATION

1.—(1) In this Regulation, "Corporation" means the Innovation Ontario Corporation constituted under subsection (2).

(2) The Innovation Ontario Corporation is hereby constituted on behalf of Her Majesty in right of Ontario as a corporation without share capital with the following objects:

1. To encourage and assist in the acquisition, development and demonstration of technological products, processes and services in Ontario, including, without limiting the generality of the foregoing, the provision of financial assistance and incentives, subject to subsection (4), by way of loans, guarantees or the purchase of shares or other securities.
2. To provide financial, technical, managerial and marketing expertise.
3. To encourage commercial development of research activity based in Ontario.
4. To assist the development of enterprises so as to encourage investment in them by venture capitalists and institutional and other investors.
5. To provide technical and market information to facilitate innovation and technology transfers.
6. To assist Ontario-based enterprises to acquire, through license or joint venture agreements or otherwise, access to foreign technology for the purpose of commercially developing products, processes and services in Ontario.
7. To assist Ontario-based suppliers of technological products and services to meet

long-term procurement requirements of governments and public sector agencies and institutions.

(3) For the purpose of carrying out its objects, and subject to the Act and this Regulation, the Corporation has the capacity and powers of a natural person.

(4) The Corporation shall not provide financial assistance in an amount greater than \$250,000, including a guarantee for a loan greater than \$250,000, without the prior approval of the Lieutenant Governor in Council.

(5) A guarantee of the Corporation is not valid unless it is executed under corporate seal of the Corporation and signed by the Treasurer of Ontario. O. Reg. 550/86, s. 1.

2.—(1) The Corporation shall have a board of directors consisting of not fewer than nine and not more than fifteen members to be appointed by the Lieutenant Governor in Council for a term of not more than three years, among whom one shall be a director of the Ontario Development Corporation, one shall be a director of the Northern Ontario Development Corporation, and one shall be a director of the Eastern Ontario Development Corporation.

(2) The Lieutenant Governor in Council shall designate one of the directors as chairman and one of the directors as vice-chairman.

(3) The Corporation may pay to those of its directors who are not public servants of Ontario such remuneration and allowances as may be fixed by the Lieutenant Governor in Council.

(4) At the first meeting of the board of directors, and until otherwise provided for by by-law, a quorum shall be a majority of the directors appointed and, thereafter, a quorum shall be the number of directors that the board designates by by-law.

(5) The board may make by-laws regulating its proceedings and generally for the conduct and management of the affairs of the Corporation.

(6) The chairman shall preside at all meetings of the board and, in the chairman's absence or if the office of chairman is vacant, the vice-chairman has all the powers and shall perform all the duties of the chairman. O. Reg. 550/86, s. 2.

3. The chief executive officer of the Corporation shall be the person appointed by the Lieutenant Gov-

ernor in Council as chief executive officer of the Development Corporations under section 8 of the Act. O. Reg. 550/86, s. 3.

4.—(1) The fiscal year of the Corporation shall commence on the 1st day of April in each year and end on the 31st day of March in the following year.

(2) Section 132 of the *Business Corporations Act*, 1982 applies with necessary modifications to the Corporation.

(3) The *Corporations Act* does not apply to the Corporation. O. Reg. 550/86, s. 4.

5. The affairs of the Corporation shall be managed and supervised by its board, but the board shall comply with any directions respecting the policies of the Government of Ontario on technology and innovation given to it from time to time in writing by the Minister. O. Reg. 550/86, s. 5.

6. No member, officer or employee of the Corporation, or other person acting on behalf of the Corporation, is personally liable for anything done or omitted in good faith in the exercise or purported exercise of the powers conferred by this Regulation. O. Reg. 550/86, s. 6.

7.—(1) No act of the Corporation, including any transfer of property to or by the Corporation, is invalid by reason only that the act is not authorized by this Regulation.

(2) No person is deemed to have notice of the contents of a document concerning the Corporation by reason only that the document is available to the public.

(3) The Corporation or a guarantor of an obligation of the Corporation may not assert against a person dealing with the Corporation or with a person who has acquired rights from the Corporation that,

(a) this Regulation, an order in council, a direction of the Minister, the policies of the Government of Ontario or the by-laws of the Corporation have not been complied with;

(b) a person held out by the Corporation as a director, an officer or an agent of the Corporation has not been duly appointed or has no authority to exercise the powers and perform the duties that are the customary business of the Corporation or usual for such director, officer or agent; or

(c) a document issued by a director, officer or agent of the Corporation with actual or apparent authority to issue the document is not valid or not genuine,

except where the person has or ought to have, by virtue of a position with or relationship to the Corporation, knowledge to that effect. O. Reg. 550/86, s. 7.

8. The Lieutenant Governor in Council may authorize the Corporation to act as agent for the Province of Ontario in respect of programs, projects or matters undertaken or carried out by the Province for the advancement of technology in Ontario. O. Reg. 550/86, s. 8.

9. The Corporation may, within a reasonable time after it comes into existence, by any action or conduct signifying its intention to be bound thereby, adopt an oral or written contract made before it came into existence in its name or on its behalf, and upon such adoption,

(a) the Corporation is bound by the contract and is entitled to the benefits thereof as if the Corporation had been in existence at the date of the contract and had been a party thereto; and

(b) a person who purported to act in the name of or on behalf of the Corporation ceases to be bound by or entitled to the benefits of the contract. O. Reg. 550/86, s. 9.

10.—(1) Such employees may be appointed under the *Public Service Act* as are considered necessary for the proper conduct of the business of the Corporation.

(2) The Corporation may engage persons other than those appointed under subsection (1) to provide professional, technical or other assistance to or on behalf of the Corporation, and may prescribe the duties and other terms of engagement and provide for payment of the remuneration and expenses of such persons. O. Reg. 550/86, s. 10.

11.—(1) The moneys required for the purpose of defraying the administrative expenses of the Corporation shall be paid out of the moneys appropriated by the Legislature for the purpose.

(2) The moneys required for the purposes of subsection 1 (2) shall be paid out of the moneys appropriated therefor by the Legislature.

(3) All moneys received by the Corporation shall be deposited in one or more accounts of the Corporation in the Province of Ontario Savings Office, one or more chartered banks, one or more trust companies registered under the *Loan and Trust Corporations Act*, and the moneys shall be applied solely in carrying out the objects of the Corporation.

(4) All or part of the moneys deposited in an account referred to in subsection (3) shall, on the order of the Lieutenant Governor in Council, be paid into and form part of the Consolidated Revenue Fund. O. Reg. 550/86, s. 11.

12. The accounts and financial transactions of the Corporation shall be audited annually by the Provincial Auditor and reports of the audit shall be made to the Corporation and to the Minister. O. Reg. 550/86, s. 12.

13.—(1) The Corporation shall make an annual report to the Minister of all financial assistance and incentives provided under subsection 1 (2) together with the names and addresses of the persons to whom the assistance or incentives are given, and the Minister shall submit the report to the Lieutenant Governor in Council and shall then lay the report before the Assembly if it is in session or, if not, at the next session.

(2) The Corporation shall, in addition to making an annual report under subsection (1), make such other reports of its affairs and operations to the Minister as the Minister may require. O. Reg. 550/86, s. 13.

14.—(1) The Corporation shall terminate on the 30th day of June, 1991 or on such other day thereafter as the Lieutenant Governor in Council may designate.

(2) On termination, the Corporation shall be wound up and its assets shall, at the direction of the Minister, be,

(a) liquidated or sold as a going concern and the proceeds paid into the Consolidated Revenue Fund;

(b) transferred to Her Majesty in right of Ontario or to an agency of the Crown.

Dated at Toronto, this 18th day of September, 1986.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 553/86.

Exemption—The Township of Black River-Matheson—BLAC-TWP-1.

Made—September 12th, 1986.

Approved—September 12th, 1986.

Filed—September 19th, 1986.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—THE TOWNSHIP OF BLACK RIVER-MATHESON—BLAC-TWP-1

Having received a request from The Corporation of the Township of Black River-Matheson that an undertaking, namely:

the activity of establishing, operating and maintaining a sanitary sewage system by the Township of Black River-Matheson to serve the Community of Holtyre, and consisting of the repair or replacement of existing sanitary sewers; construction of two sewage pumping stations and a two-cell waste stabilization pond with an outlet to Black River, to be located in the south half of Lot 1, Concession 2, Township of Hislop, District of Cochrane,

be exempt from the application of the Act pursuant to section 29; and

Having been advised by The Corporation of the Township of Black River-Matheson that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The health of local residents will be interfered with if the malfunctioning private systems are not replaced with the sewage collection and waste treatment system in the near future.
- B. The Township of Black River-Matheson and the Community of Holtyre will be interfered with and damaged by the undue delay required to prepare an environmental assessment for an undertaking which will not have significant adverse environmental effects.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertak-

ing is exempt from the application of the Act for the following reasons:

- A. The undertaking will provide protection of the health of the residents of the Community of Holtyre.
- B. The undertaking will benefit the natural environment by reducing pollutants in an area where sources of potable water for community use are limited.

This exemption order is subject to the following terms and conditions:

1. Construction methods and schedules are to be implemented in consultation with the district and regional offices of the Ministry of the Environment, and will follow the "Environmental Considerations for Planning the Construction of Provincial Sewage and Water Projects" (January, 1985) referred to in Appendix 7 of the Ministry of the Environment Class Environmental Assessment document, Expansion or Upgrading of an Existing Sewage or Water System, which can be found in the public record file established by the Environmental Assessment Branch of the Ministry of the Environment.
2. The proponent shall notify the Director of the Environmental Assessment Branch of the date construction commenced and this shall be done, in writing, within 30 days following that date.
3. This Order expires on August 31, 1987, if construction has not been commenced.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 554/86.

Exemption—Municipality of Metropolitan Toronto and Toronto Transit Commission—TTC-2.

Made—September 12th, 1986.

Approved—September 12th, 1986.

Filed—September 19th, 1986.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MUNICIPALITY OF METROPOLITAN TORONTO AND TORONTO TRANSIT COMMISSION—TTC-2

Having received a request from The Municipality of Metropolitan Toronto and the Toronto Transit Commission that an undertaking, namely:

The activity of designing, constructing and operating a 250 bus garage and maintenance facility to be known as Arrow Road Garage,

be exempt from the application of the Act pursuant to section 29; and

Having been advised by The Municipality of Metropolitan Toronto and the Toronto Transit Commission that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The Toronto Transit Commission and the public will be interfered with by the preparation of an environmental assessment for an undertaking which will have insignificant adverse environmental effects;
- B. The public will be interfered with and possibly damaged in that the level of service available is restricted by existing inadequate garage facilities; and
- C. Employment opportunities which will arise out of the construction of the undertaking and the provision of equipment for it will be delayed by obtaining approval,

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The undertaking will provide a needed transportation facility in an area designated as being appropriate for industrial development;
- B. The undertaking and the development expected to result from it will provide significant employment opportunities contributing to the economic well-being of the Region and the Province as a whole;
- C. An enclosed bus garage and maintenance facility is unlikely to have any detrimental effects on the environment;
- D. There is no significant public opposition to the project; and

- E. The site of the proposed facility is owned by the Toronto Transit Commission, is zoned to permit the undertaking, and has adequate municipal services to accommodate the undertaking.

This exemption order is subject to the following terms and conditions:

1. Where an activity which otherwise would be exempt under this order is being carried out as or is part of an undertaking for which an environmental assessment has been accepted and approval to proceed received, the activity shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions of this order.
2. Where any activity which is the subject of this order is being carried out as or is part of another undertaking which is the subject of an exemption order under the Act, the activity exempt under this order shall be carried out in accordance with any terms or conditions in the other exemption order as well as the conditions in this order.
3. The Toronto Transit Commission shall advise the Director of the Environmental Assessment Branch in writing of the date construction commences, not more than 30 days after that date.
4. This order shall expire on July 1, 1987 if construction of this facility has not begun by that date. O. Reg. 554/86.

Environmental Assessment Act

Approved by
O.C. No. 2478/86

SECTION 14

NOTICE OF APPROVAL TO PROCEED WITH THE UNDERTAKING

Re: An Environmental Assessment for Keating Channel

Proponent: The Metropolitan Toronto and Region Conservation Authority

EA File No: 1-80-0015-000

TAKE NOTICE that the period for requiring a hearing, provided for in the *Notice of Acceptance of the Environmental Assessment* for the undertaking, expired on September 3, 1986. I have received no notices requiring a hearing by the Environmental Assessment Board with respect to approval to proceed with the undertaking.

Having considered the purpose of the Act, the Environmental Assessment of the undertaking as accepted and the submission received, I hereby

give approval to proceed with the undertaking subject to the following terms and conditions:

1. Except as provided by the subsequent conditions, the Metropolitan Toronto and Region Conservation Authority (MTRCA) shall carry out the undertaking in accordance with the description set out in Section 2, pages i – iii and Section 7.2 of the Keating Channel Environmental Assessment, Main Report, March, 1983.
2. The undertaking is to be carried out in accordance with the work set out in clauses (a) to (e) and as illustrated on Exhibit "B", "Cut through Headland Road, Option I", Addendum to the Keating Channel Environmental Assessment, September, 1984 and in accordance with the Director's approval referred to in condition 3:
 - (a) Close permanently the existing lake entrance to Cell No. 3 by completion of the closure arms with trucked fill;
 - (b) Excavate a channel approximately 40 metres wide through the existing Headland Road and Embayment C;
 - (c) Install a moveable floating pedestrian bridge and silt curtain across the new channel;
 - (d) Construct a new access road along the endikement and across the closure arms of Cell No. 3;
 - (e) All tugs and scows shall enter the disposal facility through the new channel and deposit material from Keating Channel into Cells 1, 2 and 3 as each Cell is filled.
3. MTRCA shall submit for approval a report, outlining the detailed design, construction plans and scheduling, and ongoing operational procedures to carry out the work outlined in Condition 2, to the Director of the Central Region, Ministry of the Environment within four months of this approval being issued. Copies of the report referred to in this condition are to be sent to the Medical Officer of Health and the Planning Commissioner of the City of Toronto so that they may submit comments to the Director of the Central Region, Ministry of the Environment, within two months of submission of the report.
4. Dredging of Keating Channel pursuant to this approval is not permitted until the work outlined in clauses (a) to (d) of Condition 2 is completed.
5. Cell 1 shall be topped off and capped no later than December 31, 1992 in a manner which restricts biological uptake and mobility of contaminants.
6. MTRCA is to develop terms of reference, in consultation with the Medical Officer of Health, the Planning Commissioner of the City of Toronto and the Director of the Central Region, Ministry of the Environment, for a monitoring program to include the following:
 - (a) the sediment conditions in Embayment C and Cell 3 prior to implementation;
 - (b) the quantity and quality of material dredged from Keating Channel;
 - (c) the quantity and quality of material lost through water transport from Cells 1, 2, 3 within the Tommy Thompson Park;
 - (d) the implications of any results of studies undertaken by other agencies on environmental impacts of disposal operations within Tommy Thompson Park;
 - (e) an annual monitoring report setting out the results of the monitoring program and the implications to future dredged material disposal operations; and,
 - (f) other matters required by the Director of Central Region.
7. The terms of reference referred to in Condition 6 are to be submitted for approval to the Director of the Central Region, Ministry of the Environment, no later than four months after this approval has been issued. The Director of the Central Region will consult with the Medical Officer of Health and the Planning Commissioner of the City of Toronto prior to approving the terms of reference.
8. By October 1st of each year commencing in 1987 MTRCA is to submit to the Director of the Central Region, Ministry of the Environment, the monitoring report required by Condition 6, for the time period specified in the Director's approval under Condition 7.
9. By October 1st of each year commencing in 1987 MTRCA is to submit for approval to the Director of the Central Region, Ministry of the Environment, a report which documents the results of operations to one month prior to the submission of the report from the earlier of the end of the period covered by the previous report under this condition and September 1 of the previous year and which sets out the operations proposed for the forthcoming year. The operations report is to include:
 - (a) the location and quantity of material dredged from Keating Channel;
 - (b) placement and handling of dredged material at the cells, including scheduling and rehandling;
 - (c) Compaction of the dredged material;
 - (d) de-watering of the dredged material; and capping procedures including scheduling where appropriate;
 - (e) the operation of the silt control curtain;
 - (f) annual maintenance for endikement stability around the disposal cells to prevent the loss of dredged material; and

(g) other matters as required by the Director of Central Region.

10. Copies of the reports referred to in Conditions 8 and 9 are also to be sent to the City of Toronto, Environment Canada and Ministry of Natural Resources, so that they may submit comments to the Director of Central Region.
11. MTRCA is to advise the Director of the Environmental Assessment Branch in writing when the reports required by conditions 3, 7, 8 and 9 inclusive have been submitted.

REASONS:

My reasons for giving approval are:

1. On the basis of the proponent's Environmental Assessment and the Review, the proponent's conclusion that, on balance, the advantages of this undertaking outweigh its disadvantages appears to be valid.
2. No other more beneficial alternative method of implementing the undertaking was identified.
3. On the basis of the proponent's Environmental Assessment, the Review and the conditions of approval, the construction, operation and maintenance of the undertaking will be consistent with the purpose of the Act (section 2).

Dated at Toronto, the 19th day of September, 1986.

JIM BRADLEY,
Minister of the Environment,
135 St. Claire Avenue West,

NOTICE OF ACCEPTANCE OF THE ENVIRONMENTAL ASSESSMENT AND NOTICE OF APPROVAL TO PROCEED WITH THE UNDERTAKING

Re: An Environmental Assessment for a proposed steel sheet pile retaining wall approximately 900 metres in length along the southeastern bank of the Detroit River within the City of Windsor's Assumption - Centennial Park. In addition, 2.84 hectares of new land surface within the Park will be created.

Proponent: Essex Region Conservation Authority

EA File No.: 1-84-1248-000

TAKE NOTICE that the date for receipt by me of submissions or requirements for a hearing on the above Environmental Assessment and/or its Review, provided for in the *Notice of Completion of Environmental Assessment Review*, dated May 26, 1986, expired on July 7, 1986. I received no submission requirements for a hearing by that date. I do not consider it advisable to require a hearing.

ACCEPTANCE OF THE ENVIRONMENTAL ASSESSMENT

Having considered those matters set out in Section 8 and being of the opinion that the environmental assessment is satisfactory to enable a decision to be made with respect to approval pursuant to Section 9, I accept the Environmental Assessment.

APPROVAL OF THE UNDERTAKING

Under Section 13 of the Act, before the decision on approval to proceed with the undertaking can be made, the proponent has the opportunity to require a hearing by the Environmental Assessment Board.

The proponent has waived this right.

Having considered the purpose of the Act and the Environmental Assessment of the undertaking as accepted I hereby give approval to proceed with the undertaking subject to the following terms and conditions:

1. The proponent shall comply with all of the provisions of the Environmental Assessment, as amended, which are herein incorporated by reference.
2. The proponent shall notify the Director of the Environmental Assessment Branch in writing of the date construction commences, within 30 days of that date.

REASONS

The reasons for giving approval are:

1. On the basis of the proponent's Environmental Assessment and the Review, the proponent's conclusion that, on balance, the advantages of this undertaking outweigh its disadvantages appears to be valid.
2. No other more beneficial alternative method of implementing the undertaking was identified.
3. On the basis of the proponent's Environmental Assessment, the Review and the conditions of approval, the construction, operation and maintenance of the undertaking will be consistent with the purpose of the Act.
4. I received no requests for a hearing after giving Notice of Completion of Review dated May 26, 1986.
5. All government agencies who reviewed the Environmental Assessment are in agreement that no significant adverse environmental effects are anticipated from construction, operation or maintenance of the undertaking.

Dated at Toronto, this 4th day of September, 1986.

Applications to Parliament

CITY OF TORONTO

NOTICE OF APPLICATION FOR
SPECIAL LEGISLATION

NOTICE IS HEREBY GIVEN that, on behalf of the Corporation of the City of Toronto, application will be made to the Legislative Assembly of the Province of Ontario, for an Act to provide:

1. Where,

(i) an application is made under the *Ontario Heritage Act* to demolish or remove a building or structure on a property designated under Part IV of that Act and no building permit has been issued to erect a new building on the site of the building or structure sought to be demolished or removed; or

(ii) an application is made under the *Ontario Heritage Act* to demolish or remove any building or structure in a heritage conservation district

designated under Part V of that Act, and no building permit has been issued to erect a new building on the site of the building or structure sought to be demolished or removed.

council may refuse the application and, notwithstanding the provisions of sections 34, 42 and 43 and subsection 44 (2) of the *Ontario Heritage Act*, prohibit work from being done to demolish or remove the building until a building permit has been obtained to erect a new building on the site of the building or structure sought to be demolished or removed and 180 days have elapsed from the date of the decision of council to refuse the application.

The proposed legislation will further provide that if, prior to its coming into force, council has refused an application made under the *Ontario Heritage Act* to demolish or remove a building or structure on a property designated under Part IV

of the *Ontario Heritage Act* and has prohibited, for a period of 180 days from the date of its decision in accordance with clause 34 (2) (b) of that Act, the owner of the property from demolishing or removing the building or structure or doing, causing or permitting any work to be done in the demolition or removal of the building or structure, the owner of the property shall not after the proposed legislation comes into force, demolish or remove the building or structure or do, cause or permit any work or any further work to be done in the demolition or removal of the building or structure unless the owner has obtained a building permit to erect a new building on the site of the building or structure sought to be demolished or removed and 180 days have elapsed from the date of the refusal by the council of the application to demolish or remove the building or structure.

The proposed legislation will also provide that, if, prior to its coming into force, council has refused an application made under the *Ontario Heritage Act* to demolish a building or structure in a heritage conservation district designated under Part V of the Act and prohibited the demolition or removal of the building or structure, no person shall, after the proposed legislation comes into force, demolish or remove the building or structure or do or cause any work or any further work to be done in the demolition or removal of the building or structure unless such person has obtained a building permit to erect a new building on the site of the building or structure sought to be demolished and 180 days have elapsed from the date of the refusal of the application by the council.

There is a right of appeal to the Ontario Municipal Board from council's refusal of an application.

The proposed legislation further provides that where

- (i) a building permit has been issued to erect a new building on the site of the building or structure designated under Parts IV or V of the *Ontario Heritage Act* and the council, under the provisions of subsections 34 (2) or 43 (2) of that Act, subsequently refuses an application made under subsection 34 (1) or section 43 of that Act, or
- (ii) council under the proposed legislation, refuses an application to demolish or remove a building or structure designated under Parts IV or V of the *Ontario Heritage Act*, and a building permit is subsequently issued to erect a new building on the site thereof,

and the existing building or structure is demolished or removed, council may if the new building has not been substantially completed within two years of the commencement of the demolition or removal of the demolished building or structure, direct the Clerk to enter on the collector's roll, to be collected in like manner as municipal taxes, such sum, not to exceed \$1,000,000.00, as council may direct and the sum so entered shall until payment thereof be a lien or charge upon the land upon which the demolished building or structure

was situate. A certificate noting the lien shall be registered against the land. The lien may be discharged upon payment of the said sum and thereupon a certificate discharging the lien shall be registered.

Provision will also be made for registering in the appropriate Land Registry Office any decision of the council refusing an application made under subsection 34 (1) or section 43 of the *Ontario Heritage Act* and in addition thereto the section of the proposed legislation sets out the potential consequences of such refusal.

The proposed legislation also provides for penalties for knowingly furnishing false information in respect of an application made thereunder, for failing to comply with an order, direction or other requirement made thereunder, or demolishing or removing a structure contrary to the legislation, such fine to be no more than \$10,000.00 or to imprisonment for a term of not more than one year, provided that if a corporation is convicted of such offence, the maximum penalty will be \$50,000.00. The proposed legislation will also provide that no prosecution for an offence thereunder shall be instituted except with the consent of the Minister of Citizenship and Culture.

2. That certain lands in the City of Toronto at 800 Fleet Street, which lands are bounded on the north by the Frederick C. Gardiner Expressway lands, on the south by Fleet Street, on the west by Strachan Avenue and on the east by the west limit of Garrison Road, may be leased for parking purposes. The lands were acquired by the City in 1909, and the *City of Toronto Act*, 1903 contains a restriction that such lands may be used by the City only for park or industrial purposes. The purpose of the proposed legislation is to enable the City to lease such lands, free and clear of the said restriction, to any person for parking purposes on such terms and conditions as may be agreed upon until such lands are required for parks purposes.

3. That on the 30th day of November, 1986, the Board of Health for the City of Toronto Health Unit will be dissolved and the Corporation of the City of Toronto shall stand in the place and stead of the Board of Health so dissolved in respect to agreements entered into, orders made or other matters commenced by the Board or proceedings instituted against the Board, and to further provide that the City, which would be deemed to be a Board of Health established under the *Health Protection and Promotion Act*, 1983, shall stand in the place of and have all the powers and rights and be subject to all the duties conferred or imposed on a board of health by that Act. The proposed Act will also provide that the functions which would have, prior to its passing, been performed by the board of health or the medical officer of health or the public health inspector of a board of health shall be performed by the City or the medical officer of health of the City or health inspector of the City respectively.

The proposed legislation will further provide for the continuation of the City of Toronto Health Unit and for the continuation in office of the medical officer of health and the associate medical officers of health and in respect to the appointment of those officers and the public health inspectors and public health nurses employed by the City and the powers, rights, privileges and duties of such employees.

4. That the special legislation obtained by the City in 1975 (section 5 of the *City of Toronto Act, 1975* (No. 2) being chapter 117) as amended in 1981 (section 3 of the *City of Toronto Act, 1981*, being chapter 103) respecting assisted housing and assisted housing programs be amended so as

- (i) to change all references to "assisted housing" or "assisted housing program" contained in such legislation to "social housing" or "social housing program" respectively;
- (ii) to provide a new definition for social housing which, if the proposed legislation is enacted, will be
 - (a) a program which in the opinion of council is designed to provide housing accommodation primarily for persons with low to moderate incomes at a charge not exceeding the greater of the amount required to finance, operate and maintain the accommodation without profit or the amount required to be charged for such accommodation under the terms of an agreement where one of the parties is the Provincial or Federal Government or an agency thereof and such accommodation is entirely owned by or leased to and operated by one or more non-profit co-operative housing corporations or bona fide non-profit corporations, or
 - (b) a program which provides housing accommodation owned and operated by or on behalf of the City of Toronto Non-Profit Housing Corporation.
- (iii) to provide that in any zoning by-law passed under section 34 of the *Planning Act*, the Council may, in addition to providing the residential densities under that section, provide one or more residential densities which would be applicable to the land if the owner thereof and the operator of the housing accommodation agrees with the City to provide all or such portion, as is specified in the by-law, of the housing accommodation for the purpose of a social housing program and the City may require the owner, and the operator, to enter into agreements respecting the provision of such social housing;
- (iv) to provide that Council may, in a by-law which provides for a different residential density where there is an agreement to provide social housing, give exemptions or reductions, or both, from zoning standards and provisions otherwise applicable to similar forms of hous-

ing accommodation which are not part of a social housing program.

The proposed legislation will also provide that Council is not required to pass any by-law permitting a different residential density where social housing is provided, even if the proposal complies with the definition of social housing. The City will also be permitted to enter into social housing agreements where projects comply with the definition of social housing program but do not require the additional density.

The proposed legislation will also deem the phrases "assisted housing", "assisted housing program" and "owner" where found in by-laws passed before the proposed legislation comes into force will be references to "social housing", "social housing program" and "operator of the housing accommodation if different from the owner" respectively and that any by-law passed under the existing legislation (that is the 1975 legislation as amended in 1981) or any agreement entered into under the said existing legislation will continue in full force and effect until amended, revoked or repealed.

5. That Council may pass by-laws designating on public highways under the jurisdiction of the City zones for the parking of buses, as defined in the proposed legislation and further may pass by-laws regulating the use of zones so designated and for providing the time during which such designated zones will operate and for prohibiting the parking, stopping or standing of any vehicle other than a bus within such designated zones.

6. That Council may pass by-laws to allow holders of a permit issued under the City's existing permit parking by-law to park the motor vehicle in respect of which the permit is issued on highways or parts of highways designated under the by-law without depositing fees in any parking meter erected on such highway or part of highway.

7. That Council may pass by-laws for prohibiting an owner of a Hazard Building, as defined, from permitting or allowing such building to be vacant unless it is maintained to and complies with standards established by the Council and for prohibiting an owner of a Non-Hazard building, as defined, from permitting or allowing such building to be vacant for more than 180 consecutive days unless it is maintained to and complies with standards established by the Council. For purposes of the proposed legislation, "standards" mean such standards as in the opinion of the Council are appropriate to protect against entry to the building or to detect and signal the presence of a person in such building.

The proposed legislation will permit the City, at the expense of the owner of such building, to do any work required to bring a vacant building into compliance with the standards established by Council where the owner permits a Hazard Building to be vacant without complying with such standards or permits a Non-Hazard Building to be vacant for more than 180 days without complying

with such standards and the City shall have a lien for any amount expended in so doing, plus a fee covering reasonable administrative costs, together with interest at a rate fixed by Council. It is also provided that the total amount set out in a certificate of the Clerk shall be final and be added to the collector's roll and collected in the same manner as real property taxes over a period of not more than 5 years.

The proposed legislation will provide rights of entry for inspectors, officers, employees, agents, or servants of the City at all reasonable times for the purposes set out therein, but does not permit entry to a private residence actually being used as a dwelling without the consent of the occupier. The proposed legislation further provides for the obtaining of a warrant, without notice to the owner of the building, where the owner thereof cannot be located or if the agent, officer or servant of the owner of the building denies entry to an inspector, officer, employee, agent or servant of the City, or instructs such person to leave the building or obstructs such person in the carrying out of the Act or refuses to comply with a request for production of anything required for the purpose of an inventory, test or inquiry, such warrant permitting entry and access to the building including the right to make inventories, investigations, tests or inquiries and the doing of the work required to bring the building up to standards where authorized by the proposed legislation.

8. That the Council may pass by-laws:

- (i) requiring every employer of a business activity defined in the By-law to disclose annually to the Medical Officer of Health, certain information respecting the identity, use and quantity of each substance designated hazardous by the By-law which is present in or brought to the workplace and defining what is meant by the expression "small quantity" and exempting from the disclosure requirements of the By-law a "small quantity" of designated hazardous substances, and "hazardous consumer goods" as defined;
- (ii) requiring every employer of a defined business activity to advise the Medical Officer of Health, of any change in the nature or address of the business activity or of the failure to receive from the Medical Officer of Health any request for information respecting designated hazardous substances in the workplace or the fact that there are no designated hazardous substances in the workplace of such employer;
- (iii) appointing public health inspectors to enforce the By-law; and
- (iv) providing that any person who contravenes the By-law is guilty of an offence punishable on conviction by a fine of up to \$2,000.00 and further, providing for the imposition of a fine of up to \$100.00 per day of an employer convicted of the offence of failing to disclose

information specified in the By-law for each day the offence continues.

The proposed legislation will provide that Council may establish a Right-to-Know Arbitration Tribunal which shall hear and determine all claims submitted to it by an employer of a defined business activity for confidentiality in respect of the identity of a designated hazardous substance in the workplace and will set out the procedure for making such claim and what the Tribunal is required to consider in making a decision in respect thereto. Hearings before the Tribunal will not be open to the public.

A confidentiality claim approved by the Tribunal shall be issued a confidentiality registration number by which the identity of such designated hazardous substance will be disclosed under the Right-to-Know By-law, but where the Tribunal dismisses a confidentiality claim the identity of the hazardous substance must be disclosed by its name.

The proposed legislation will also provide for the composition of the Tribunal, the appointment and remuneration of its members and will set out the duties, procedures, quorum requirements and staffing of such Tribunal.

There will be the right of appeal to a judge of the District Court where the tribunal dismisses a confidentiality claim. Such appeals will not be open to the public.

It will also be provided that every person may obtain from the Medical Officer of Health information respecting designated hazardous substances in the workplace disclosed to the Medical Officer of Health by employers of defined business activities or otherwise available to or in the possession of the Medical Officer of Health unless such information pertains to:

- (a) the identity of a designated hazardous substance in respect of which a confidentiality claim has been filed by an employer or approved by the Right-to-Know Arbitration Tribunal;
- (b) the proceedings before and confidentiality claims filed with the Tribunal; or
- (c) any inspection report or the results of any examination or test made by a public health inspector for the purpose of enforcing the the Right-to-Know By-law.

The Fire Chief may obtain the name of a designated hazardous substance in respect of which a confidentiality registration number has issued but shall not disclose such name to any person except as may be necessary to protect life or property endangered by a fire. A physician licensed to practise in Ontario may under certain circumstances set out in the proposed legislation obtain the name of a designated hazardous substance in respect of which a confidentiality registration number has issued but such physician shall not disclose the name of such designated hazardous substance to any person except as may be necessary to treat the patient named in the physician's statement submit-

ted to the Right-to-Know Arbitration Tribunal. In cases of medical emergency, a physician may obtain from the Medical Officer of Health the name of a designated hazardous substance in respect of which a confidentiality registration number has issued but shall not disclose such name to any person except as may be necessary to treat the medical emergency.

The proposed legislation will also provide rights of entry and investigation for inspectors appointed to enforce the By-law and for the obtaining, without notice, of a warrant where entry is denied.

Members of the Right-to-Know Arbitration Tribunal, persons assisting the Tribunal as well as public health inspectors will, under the proposed legislation, be protected from legal proceedings against them for any actions taken by them or omissions on their part done in good faith in order to perform their duties thereunder.

This application will be considered by a standing Committee of the Legislative Assembly. Any person who has an interest in the application and who wishes to make submissions for, or against the application, to the Standing Committee should notify, in writing, the Clerk of the Legislative Assembly, Queen's Park, Toronto, Ontario M7A 1A2.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 576/86.

Exemption—Town of Hearst—HRST-T-1.

Made—September 19th, 1986.

Approved—September 19th, 1986.

Filed—September 26th, 1986.

ORDER MADE UNDER THE
ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—TOWN OF HEARST—HRST-T-1

Having received a request from The Corporation of the Town of Hearst that an undertaking, namely:

The activity of establishing a sanitary sewage system by The Corporation of the Town of Hearst to serve Cecile's Trailer Park, consisting of the construction, operation and maintenance of a sewage pumping station and a two-cell waste stabilization pond to be located on the north part of Lot 20, Concession X of the Township of Kendall with an outlet to the Mattawishkwia River,

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The health of the residents of Cecile's Trailer Park will be interfered with by any delay in establishing the sewage collection and waste treatment system;
- B. The Town of Hearst will be interfered with and damaged by the undue delay required to prepare an environmental assessment for an undertaking which will have minimal adverse impact on the environment; and
- C. The water quality of the Mattawishkwia River will continue to be impaired due to the pollution from the existing sewage system,

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The undertaking is urgently needed to overcome severe problems associated with the

existing malfunctioning treatment and disposal system;

- B. The undertaking will have a beneficial effect on the environment by permitting closure of the existing unsatisfactory system.

This exemption is subject to the following terms and conditions:

1. Construction methods and schedules will follow the "Environmental Consideration for Planning the Construction of Provincial Sewage and Water Projects", (January, 1985) referred to in Appendix 7 of the Ministry of the Environment Class Environmental Assessment document, Expansion and Upgrading of an Existing Sewage or Water System, which can be found in the public record file established by the Environmental Assessment Branch of the Ministry of the Environment.
2. The proponent shall notify the Director of the Environmental Assessment Branch of the date construction commenced and this shall be done, in writing, within 30 days following that date.
3. This exemption shall terminate on July 31, 1987 if construction has not commenced O. Reg. 576/86.

except to a holder of a licence in Form 1 or the holder of a licence to own or operate a game bird hunting preserve. O. Reg. 578/86, s. 2.

3.—(1) Subject to subsection (2), no holder of a licence in Form 1 shall sell live ruffed grouse, spruce grouse, Hungarian partridge, pheasant, sharp-tailed grouse, rock ptarmigan, willow ptarmigan, bob-white quail or wild turkey, or the carcass of a pheasant, unless at the time of sale the holder delivers to the purchaser an invoice showing,

- (a) the vendor's name and address;
- (b) the number of the vendor's licence;
- (c) the date of the sale;
- (d) the purchaser's name and address;
- (e) the number of the purchaser's licence, if any; and
- (f) the number and species of game birds sold.

(2) Subsection (1) does not apply to pheasant that is sold in a dressed condition and in a container or package that clearly exhibits the name and address of the holder of the licence who sold the pheasant. O. Reg. 578/86, s. 3.

4.—(1) The purchaser named in an invoice referred to in subsection 3 (1) shall retain the invoice,

- (a) where it relates to the purchase of a live bird, for two years after the purchase; and

(b) where it relates to the purchase of a carcass, until the carcass is consumed or disposed of or for two years after the purchase, whichever occurs first,

and shall produce and show the invoice upon an officer's request.

(2) The vendor named in an invoice referred to in subsection 3 (1) shall retain a copy of the invoice for two years after the sale and shall produce and show it upon an officer's request. O. Reg. 578/86, s. 4.

5.—(1) The holder of a licence in Form 1 or a person authorized by the holder may kill at any time, by any method other than by shooting, a ruffed grouse, spruce grouse, Hungarian partridge, pheasant, sharp-tailed grouse, rock ptarmigan, willow ptarmigan, bob-white quail or wild turkey kept in captivity under the authority of the licence.

(2) Any person may kill a pheasant by any method other than by shooting, within ten days after purchasing it from the holder of a licence in Form 1. O. Reg. 578/86, s. 5.

Applications to Parliament

CITY OF TORONTO

NOTICE OF APPLICATION FOR SPECIAL LEGISLATION

NOTICE IS HEREBY GIVEN that, on behalf of the Corporation of the City of Toronto, application will be made to the Legislative Assembly of the Province of Ontario, for an Act to provide:

1. Where,

- (i) an application is made under the *Ontario Heritage Act* to demolish or remove a building or structure on a property designated under Part IV of that Act and no building permit has been issued to erect a new building on the site of the building or structure sought to be demolished or removed; or
- (ii) an application is made under the *Ontario Heritage Act* to demolish or remove any building or structure in a heritage conservation district designated under Part V of that Act, and no building permit has been issued to erect a new building on the site of the building or structure sought to be demolished or removed,

council may refuse the application and, notwithstanding the provisions of sections 34, 42 and 43 and subsection 44 (2) of the *Ontario Heritage Act*, prohibit work from being done to demolish or remove the building until a building permit has been obtained to erect a new building on the site of the building or structure sought to be demolished or removed and 180 days have elapsed from the date of the decision of council to refuse the application.

The proposed legislation will further provide that if, prior to its coming into force, council has refused an application made under the *Ontario Heritage Act* to demolish or remove a building or structure on a property designated under Part IV of the *Ontario Heritage Act* and has prohibited, for a period of 180 days from the date of its decision in accordance with clause 34 (2) (b) of that Act, the owner of the property from demolishing or removing the building or structure or doing, causing or permitting any work to be done in the demolition or removal of the building or structure, the owner of the property shall not after the proposed legislation comes into force, demolish or remove the building or structure or do, cause or permit any work or any further work to be done in the demolition or removal of the building or structure unless the owner has obtained a building permit to erect a new building on the site of the building or structure sought to be demolished or removed and 180 days have elapsed from the date of the refusal by the council of the application to demolish or remove the building or structure.

The proposed legislation will also provide that, if, prior to its coming into force, council has refused an application made under the *Ontario*

Heritage Act to demolish a building or structure in a heritage conservation district designated under Part V of the Act and prohibited the demolition or removal of the building or structure, no person shall, after the proposed legislation comes into force, demolish or remove the building or structure or do or cause any work or any further work to be done in the demolition or removal of the building or structure unless such person has obtained a building permit to erect a new building on the site of the building or structure sought to be demolished and 180 days have elapsed from the date of the refusal of the application by the council.

There is a right of appeal to the Ontario Municipal Board from council's refusal of an application.

The proposed legislation further provides that where

- (i) a building permit has been issued to erect a new building on the site of the building or structure designated under Parts IV or V of the *Ontario Heritage Act* and the council, under the provisions of subsections 34 (2) or 43 (2) of that Act, subsequently refuses an application made under subsection 34 (1) or section 43 of that Act, or
- (ii) council under the proposed legislation, refuses an application to demolish or remove a building or structure designated under Parts IV or V of the *Ontario Heritage Act*, and a building permit is subsequently issued to erect a new building on the site thereof,

and the existing building or structure is demolished or removed, council may if the new building has not been substantially completed within two years of the commencement of the demolition or removal of the demolished building or structure, direct the Clerk to enter on the collector's roll, to be collected in like manner as municipal taxes, such sum, not to exceed \$1,000,000.00, as council may direct and the sum so entered shall until payment thereof be a lien or charge upon the land upon which the demolished building or structure was situate. A certificate noting the lien shall be registered against the land. The lien may be discharged upon payment of the said sum and thereupon a certificate discharging the lien shall be registered.

Provision will also be made for registering in the appropriate Land Registry Office any decision of the council refusing an application made under subsection 34 (1) or section 43 of the *Ontario Heritage Act* and in addition thereto the section of the proposed legislation sets out the potential consequences of such refusal.

The proposed legislation also provides for penalties for knowingly furnishing false information in respect of an application made thereunder, for failing to comply with an order, direction or other requirement made thereunder, or demolishing or removing a structure contrary to the legislation, such fine to be no more than \$10,000.00 or to imprisonment for a term of not more than one

year, provided that if a corporation is convicted of such offence, the maximum penalty will be \$50,000.00. The proposed legislation will also provide that no prosecution for an offence thereunder shall be instituted except with the consent of the Minister of Citizenship and Culture.

2. That certain lands in the City of Toronto at 800 Fleet Street, which lands are bounded on the north by the Frederick C. Gardiner Expressway lands, on the south by Fleet Street, on the west by Strachan Avenue and on the east by the west limit of Garrison Road, may be leased for parking purposes. The lands were acquired by the City in 1909, and the *City of Toronto Act*, 1903 contains a restriction that such lands may be used by the City only for park or industrial purposes. The purpose of the proposed legislation is to enable the City to lease such lands, free and clear of the said restriction, to any person for parking purposes on such terms and conditions as may be agreed upon until such lands are required for parks purposes.

3. That on the 30th day of November, 1986, the Board of Health for the City of Toronto Health Unit will be dissolved and the Corporation of the City of Toronto shall stand in the place and stead of the Board of Health so dissolved in respect to agreements entered into, orders made or other matters commenced by the Board or proceedings instituted against the Board, and to further provide that the City, which would be deemed to be a Board of Health established under the *Health Protection and Promotion Act*, 1983, shall stand in the place of and have all the powers and rights and be subject to all the duties conferred or imposed on a board of health by that Act. The proposed Act will also provide that the functions which would have, prior to its passing, been performed by the board of health or the medical officer of health or the public health inspector of a board of health shall be performed by the City or the medical officer of health of the City or health inspector of the City respectively.

The proposed legislation will further provide for the continuation of the City of Toronto Health Unit and for the continuation in office of the medical officer of health and the associate medical officers of health and in respect to the appointment of those officers and the public health inspectors and public health nurses employed by the City and the powers, rights, privileges and duties of such employees.

4. That the special legislation obtained by the City in 1975 (section 5 of the *City of Toronto Act*, 1975 (No. 2) being chapter 117) as amended in 1981 (section 3 of the *City of Toronto Act*, 1981, being chapter 103) respecting assisted housing and assisted housing programs be amended so as

- (i) to change all references to "assisted housing" or "assisted housing program" contained in such legislation to "social housing" or "social housing program" respectively;

- (ii) to provide a new definition for social housing which, if the proposed legislation is enacted, will be

- (a) a program which in the opinion of council is designed to provide housing accommodation primarily for persons with low to moderate incomes at a charge not exceeding the greater of the amount required to finance, operate and maintain the accommodation without profit or the amount required to be charged for such accommodation under the terms of an agreement where one of the parties is the Provincial or Federal Government or an agency thereof and such accommodation is entirely owned by or leased to and operated by one or more non-profit co-operative housing corporations or bona fide non-profit corporations, or
- (b) a program which provides housing accommodation owned and operated by or on behalf of the City of Toronto Non-Profit Housing Corporation.

- (iii) to provide that in any zoning by-law passed under section 34 of the *Planning Act*, the Council may, in addition to providing the residential densities under that section, provide one or more residential densities which would be applicable to the land if the owner thereof and the operator of the housing accommodation agrees with the City to provide all or such portion, as is specified in the by-law, of the housing accommodation for the purpose of a social housing program and the City may require the owner, and the operator, to enter into agreements respecting the provision of such social housing;

- (iv) to provide that Council may, in a by-law which provides for a different residential density where there is an agreement to provide social housing, give exemptions or reductions, or both, from zoning standards and provisions otherwise applicable to similar forms of housing accommodation which are not part of a social housing program.

The proposed legislation will also provide that Council is not required to pass any by-law permitting a different residential density where social housing is provided, even if the proposal complies with the definition of social housing. The City will also be permitted to enter into social housing agreements where projects comply with the definition of social housing program but do not require the additional density.

The proposed legislation will also deem the phrases "assisted housing", "assisted housing program" and "owner" where found in by-laws passed before the proposed legislation comes into force will be references to "social housing", "social housing program" and "operator of the housing accommodation if different from the owner" respectively and that any by-law passed under the existing legislation (that is the 1975 legislation as

amended in 1981) or any agreement entered into under the said existing legislation will continue in full force and effect until amended, revoked or repealed.

5. That Council may pass by-laws designating on public highways under the jurisdiction of the City zones for the parking of buses, as defined in the proposed legislation and further may pass by-laws regulating the use of zones so designated and for providing the time during which such designated zones will operate and for prohibiting the parking, stopping or standing of any vehicle other than a bus within such designated zones.

6. That Council may pass by-laws to allow holders of a permit issued under the City's existing permit parking by-law to park the motor vehicle in respect of which the permit is issued on highways or parts of highways designated under the by-law without depositing fees in any parking meter erected on such highway or part of highway.

7. That Council may pass by-laws for prohibiting an owner of a Hazard Building, as defined, from permitting or allowing such building to be vacant unless it is maintained to and complies with standards established by the Council and for prohibiting an owner of a Non-Hazard building, as defined, from permitting or allowing such building to be vacant for more than 180 consecutive days unless it is maintained to and complies with standards established by the Council. For purposes of the proposed legislation, "standards" mean such standards as in the opinion of the Council are appropriate to protect against entry to the building or to detect and signal the presence of a person in such building.

The proposed legislation will permit the City, at the expense of the owner of such building, to do any work required to bring a vacant building into compliance with the standards established by Council where the owner permits a Hazard Building to be vacant without complying with such standards or permits a Non-Hazard Building to be vacant for more than 180 days without complying with such standards and the City shall have a lien for any amount expended in so doing, plus a fee covering reasonable administrative costs, together with interest at a rate fixed by Council. It is also provided that the total amount set out in a certificate of the Clerk shall be final and be added to the collector's roll and collected in the same manner as real property taxes over a period of not more than 5 years.

The proposed legislation will provide rights of entry for inspectors, officers, employees, agents, or servants of the City at all reasonable times for the purposes set out therein, but does not permit entry to a private residence actually being used as a dwelling without the consent of the occupier. The proposed legislation further provides for the obtaining of a warrant, without notice to the owner of the building, where the owner thereof cannot be located or if the agent, officer or servant of the owner of the building denies entry to an inspector,

officer, employee, agent or servant of the City, or instructs such person to leave the building or obstructs such person in the carrying out of the Act or refuses to comply with a request for production of anything required for the purpose of an inventory, test or inquiry, such warrant permitting entry and access to the building including the right to make inventories, investigations, tests or inquiries and the doing of the work required to bring the building up to standards where authorized by the proposed legislation.

8. That the Council may pass by-laws:

- (i) requiring every employer of a business activity defined in the By-law to disclose annually to the Medical Officer or Health, certain information respecting the identity, use and quantity of each substance designated hazardous by the By-law which is present in or brought to the workplace and defining what is meant by the expression "small quantity" and exempting from the disclosure requirements of the By-law a "small quantity" of designated hazardous substances, and "hazardous consumer goods" as defined;
- (ii) requiring every employer of a defined business activity to advise the Medical Officer of Health, of any change in the nature or address of the business activity or of the failure to receive from the Medical Officer of Health any request for information respecting designated hazardous substances in the workplace or the fact that there are no designated hazardous substances in the workplace of such employer;
- (iii) appointing public health inspectors to enforce the By-law; and
- (iv) providing that any person who contravenes the By-law is guilty of an offence punishable on conviction by a fine of up to \$2,000.00 and further, providing for the imposition of a fine of up to \$100.00 per day of an employer convicted of the offence of failing to disclose information specified in the By-law for each day the offence continues.

The proposed legislation will provide that Council may establish a Right-to-Know Arbitration Tribunal which shall hear and determine all claims submitted to it by an employer of a defined business activity for confidentiality in respect of the identity of a designated hazardous substance in the workplace and will set out the procedure for making such claim and what the Tribunal is required to consider in making a decision in respect thereto. Hearings before the Tribunal will not be open to the public.

A confidentiality claim approved by the Tribunal shall be issued a confidentiality registration number by which the identity of such designated hazardous substance will be disclosed under the Right-to-Know By-law, but where the Tribunal dismisses a confidentiality claim the identity of the hazardous substance must be disclosed by its name.

The proposed legislation will also provide for the composition of the Tribunal, the appointment and remuneration of its members and will set out the duties, procedures, quorum requirements and staffing of such Tribunal.

There will be the right of appeal to a judge of the District Court where the tribunal dismisses a confidentiality claim. Such appeals will not be open to the public.

It will also be provided that every person may obtain from the Medical Officer of Health information respecting designated hazardous substances in the workplace disclosed to the Medical Officer of Health by employers of defined business activities or otherwise available to or in the possession of the Medical Officer of Health unless such information pertains to:

- (a) the identity of a designated hazardous substance in respect of which a confidentiality claim has been filed by an employer or approved by the Right-to-Know Arbitration Tribunal;
- (b) the proceedings before and confidentiality claims filed with the Tribunal; or
- (c) any inspection report or the results of any examination or test made by a public health inspector for the purpose of enforcing the the Right-to-Know By-law.

The Fire Chief may obtain the name of a designated hazardous substance in respect of which a confidentiality registration number has issued but shall not disclose such name to any person except as may be necessary to protect life or property endangered by a fire. A physician licensed to practise in Ontario may under certain circumstances set out in the proposed legislation obtain the name of a designated hazardous substance in respect of which a confidentiality registration number has issued but such physician shall not disclose the name of such designated hazardous substance to any person except as may be necessary to treat the patient named in the physician's statement submitted to the Right-to-Know Arbitration Tribunal. In cases of medical emergency, a physician may obtain from the Medical Officer of Health the name of a designated hazardous substance in respect of which a confidentiality registration number has issued but shall not disclose such name to any person except as may be necessary to treat the medical emergency.

The proposed legislation will also provide rights of entry and investigation for inspectors appointed to enforce the By-law and for the obtaining, without notice, of a warrant where entry is denied.

Members of the Right-to-Know Arbitration Tribunal, persons assisting the Tribunal as well as public health inspectors will, under the proposed legislation, be protected from legal proceedings against them for any actions taken by them or omissions on their part done in good faith in order to perform their duties thereunder.

This application will be considered by a standing Committee of the Legislative Assembly. Any person who has an interest in the application and who wishes to make submissions for, or against the application, to the Standing Committee should notify, in writing, the Clerk of the Legislative Assembly, Queen's Park, Toronto, Ontario M7A 1A2.

Publications Under The Regulations Act

October 18th, 1986

PLANNING ACT, 1983

O. Reg. 580/86.

Zoning Areas—Part of the District of Nipissing.

Made—August 26th, 1986.

Filed—September 29th, 1986.

ORDER MADE UNDER THE PLANNING ACT, 1983

ZONING AREAS—PART OF THE DISTRICT OF NIPISSING

INTERPRETATION

1. In this Order,

“accessory”, when used to describe a use, building or structure, means a use, building or structure that is normally incidental or subordinate to the principal use, building or structure on the same lot;

“boathouse” means a building used for the storage of one or more boats but does not include a boathouse used for commercial purposes;

“camp” means an establishment which provides accommodation, recreation or instruction for a fee to individuals or groups and may include lodges, campgrounds and facilities for serving meals;

“conservation” means the preservation, protection and improvement of the natural environment through a management and maintenance program;

“height” means the vertical distance between the average elevation of the finished surface of the ground at the front of the building and the highest point of the roof surface;

“home occupation” means any occupation for gain or support conducted entirely within a single dwelling or its accessory buildings by the residents;

“lake lot line” means any lot line that divides a lot from a Crown shoreline reserve or high-water mark of a lake;

“lot” means a parcel of land,

(a) described in a deed or other document legally capable of conveying land, or

(b) shown as a lot or block on a registered plan of subdivision;

“lot area” means the total horizontal area within the lot line of a lot;

“lot frontage” means the straight line distance measured from the point of intersection of one side lot line and the high-water mark of the point of intersection of the other side lot line and the high-water mark;

“lot line” means a boundary of a lot;

“property line” means any lot line that is not a lake lot line;

“public building” means a building or structure owned or leased by a municipal corporation, the Province of Ontario or the Government of Canada in which government activities are carried out;

“public utility” means a public water works or water supply system, sewage works, electrical power or energy generating transmission or distribution system, street lighting system, natural or artificial gas works or supply system or a telephone system and includes any lands, buildings or equipment required for the administration or operation of the public works or system;

“setback” means the minimum distance between a lot line and the nearest wall of any building or structure;

“single dwelling” means a building containing one or more habitable rooms occupied or capable of being occupied as a single independent housekeeping establishment in which separate kitchen and sanitary facilities are provided;

“unit” means a building or part of a building rented for a fee for the exclusive use of one or more guests. O. Reg. 580/86, s. 1.

APPLICATION

2. This Order applies to,

(a) all islands of Lake Temagami in the geographic townships of Canton, Aston, Le Roche, Cynthia, Belfast, Joan, Briggs, Phyllis, Yates and Vogt except those located in the municipality of the Township of Temagami and the Bear Island Indian Reserve;

(b) those lands in the Township of Aston, District of Nipissing, described as Parcel 15316 and Location A, Parcel 14813, in the Nipissing Register in the Land Registry Office for the Land Titles Division of Nipissing (No. 36); and

(c) those lands in the Township of Cynthia, District of Nipissing, described as Location B, Parcel 14813, in the Nipissing Register in the Land Registry Office for the Land Titles Division of Nipissing (No. 36). O. Reg. 580/86, s. 2.

PART I

GENERAL

3. No land to which this Order applies shall hereafter be used and no building or structure shall hereafter be erected or used except in accordance with the terms of this Order, but nothing in this Order prevents the use of any land, building or structure for a purpose prohibited by this Order if such land, building or structure was lawfully used for such purpose on the day this Order comes into force. O. Reg. 580/86, s. 3.

4. The lands affected by this Order are divided into the zones listed in the Table and shown on maps filed with the Plans Administration Branch, North and East, of the Ministry of Municipal Affairs at Toronto as Numbers 143 to 145, both inclusive, the said zones being designated on the maps as follows:

TABLE

ZONE NAME	ZONE SYMBOL ON MAP
Lake Residential—	Level 1L1
	Level 2L2
Camp/Lodge	CL
Wilderness	W

O. Reg. 580/86, s. 4.

5. Any lands not indicated on the maps referred to in section 4 by one of the Zone Symbols therein or contained in a Hazard Land Zone as described in section 20 are hereby designated as Wilderness Zones. O. Reg. 580/86, s. 5.

6.—(1) Accessory uses, buildings and structures are permitted in every zone.

(2) Unless this Order provides otherwise, accessory buildings and structures shall not,

(a) be erected, located or used within 5 metres of any lot line; and

(b) be erected, located or used closer to any lake lot line than the principal building, except that this shall not apply to any building or structure of less than 9.3 square metres in area.

(3) Despite subsection (2), a boathouse, dock or wharf may be erected, located or used abutting a lake lot line if it is not within 5 metres of any property line. O. Reg. 580/86, s. 6.

7.—(1) Nothing in this Order prevents the reconstruction of any building or structure erected, located or used before the date this Order comes into force that is damaged or destroyed by causes beyond the control of the owner if,

(a) the dimensions of the original building or structure are not increased or its original use altered; and

(b) in Hazard Land Zones, no openings of any building or structure are constructed below the elevation of 295 metres Canadian Geodetic Datum.

(2) Nothing in this Order prevents the strengthening or restoration to a safe condition of any building or structure. O. Reg. 580/86, s. 7.

8. Where a building has been erected, located or used before the date this Order comes into force on a lot having less than the minimum frontage or area, or having less than the minimum setbacks required by this Order, the building may be extended, enlarged, repaired or renovated if there is no further reduction in any standard so that it is less than the minimum required by this Order and all other requirements of this Order are met. O. Reg. 580/86, s. 8.

9. The height limitations of this order do not apply to water tanks, flag poles, television or radio antennae, power transmission towers, fire lookout towers, ventilators, skylights, chimneys, silos, windmills, devices used for receiving signals from space satellites or solar collectors. O. Reg. 580/86, s. 9.

10. Where a lot with less than the minimum lot frontage or area required by this Order existed before the day this Order came into force, this Order does not prohibit uses permitted in the relevant zone designation if all other requirements of this Order are met. O. Reg. 580/86, s. 10.

11. A tool shed, scaffold or other building or structure incidental to the construction of a building or structure may be erected, located or used until the construction is completed or has been discontinued for one year, whichever is earlier. O. Reg. 580/86, s. 11.

12. Home occupations are permitted in every zone if the use is subordinate to the principal use of the dwelling as a residence. O. Reg. 580/86, s. 12.

13. Despite the yard and setback requirements of this Order, unenclosed porches, balconies, steps, attached greenhouses and patios may project into the minimum setbacks a distance not exceeding 2 metres. O. Reg. 580/86, s. 13.

14. Public utilities are permitted in every zone.
O. Reg. 580/86, s. 14.

15.—(1) Where the width of Crown land lying between a lake lot line and the high-water mark of Lake Temagami is greater than the required minimum building setback from the lake lot line, there shall be no required building setback from the lake lot line.

(2) Where the width of Crown land lying between a lake lot line and the high-water mark of Lake Temagami is less than the minimum required building setback from the lake lot line, the required building setback may be reduced by a distance equal to the width of such Crown land. O. Reg. 580/86, s. 15.

PART II

16. This Part applies to the Lake Residential Zones. O. Reg. 580/86, s. 16.

17.—(1) Every use of land and every erection or use of buildings or structures is prohibited in the Lake Residential Zone except single dwellings.

(2) No building or structure shall be erected or used unless the requirements respecting lot size, lot frontage, building setbacks and maximum height as set out in Table 1 are met.

(3) Not more than one single dwelling and not more than one boathouse is permitted on a lot in the Lake Residential Zone. O. Reg. 580/86, s. 17.

PART III

18. This Part applies to the Camp/Lodge Zones.
O. Reg. 580/86, s. 18.

19.—(1) Every use of land and every erection or use of buildings or structures is prohibited except camps.

(2) No building or structure shall be erected or used unless the requirements respecting lot size, lot frontage, building setbacks and maximum height as set out in Table 1 are met. O. Reg. 580/86, s. 19.

PART IV

20. This Part applies to the Hazard Land Zones, which is all land below the 294.7 metres C.G.D. flood elevation for Lake Temagami. O. Reg. 580/86, s. 20.

21. Every use of land and every erection or use of buildings or structures is prohibited except,

- (a) campsites used for temporary camping;
- (b) conservation; and
- (c) flood and erosion control. O. Reg. 580/86, s. 21.

PART V

22. This Part applies to the Wilderness Zones.
O. Reg. 580/86, s. 22.

23. Every use of land and every erection or use of buildings or structures is prohibited except,

- (a) conservation; and
- (b) campsites used for temporary camping.
O. Reg. 580/86, s. 23.

City of Chatham, Township of
Chatham Boundary.

Made—September 24th, 1986.

Filed—September 29th, 1986.

ORDER IN COUNCIL

R.O.C. 363/86

WHEREAS The Corporation of the City of Chatham and The Corporation of the Township of Chatham have entered into an agreement dated the 8th day of July, 1986 for the resolution of certain boundary issues;

AND WHEREAS public notice was given by the Clerk of the Executive Council under subsection 17 (1) of the *Municipal Boundary Negotiations Act, 1981* of the intention to make an order implementing the inter-municipal agreement;

AND WHEREAS no objections to the proposed issuance of the Order were filed with the Clerk of the Executive Council within the filing period;

NOW THEREFORE, on the recommendation of the undersigned, the Lieutenant Governor, by and with the advice and concurrence of the Executive Council, orders under section 14 of the *Municipal Boundary Negotiations Act, 1981* that,

1. On the 1st day of October, 1986, the portion of the Township of Chatham described in the Schedule is annexed to the City of Chatham.

2. All real property of The Corporation of the Township of Chatham situate in the annexed area vests in The Corporation of the City of Chatham on the 1st day of October, 1986.

3. On the 1st day of October, 1986, the by-laws of The Corporation of the City of Chatham extend to the annexed area and the by-laws of The Corporation of the Township of Chatham cease to apply to such area, except,

(a) by-laws that were passed,

(i) by the council of The Corporation of the Township of Chatham under section 34 or 41 of the *Planning Act, 1983* or a predecessor of those sections, or

(ii) by the council of The Corporation of the Township of Chatham that are kept in force by subsection 13 (3) of *The Municipal Amendment Act, 1941*,

which shall remain in force until repealed by the council of The Corporation of the City of Chatham; and

(b) by-laws conferring rights, privileges, franchises, immunities or exemptions that could not have been lawfully repealed by the council of The Corporation of the Township of Chatham.

4. The clerk of The Corporation of the Township of Chatham shall forthwith prepare and furnish to the clerk of The Corporation of the City of Chatham a special collector's roll showing all arrears of taxes or special rates assessed against the lands in the annexed area up to and including the 30th day of September, 1986 and the persons assessed therefor.

5.—(1) All real property taxes levied under any general or special Act and uncollected in the annexed area that are due and unpaid on the 1st day of October, 1986 shall be deemed on that date to be taxes due and payable to The Corporation of the City of Chatham and may be collected by The Corporation of the City of Chatham.

(2) On or before the 31st day of December, 1986, The Corporation of the City of Chatham shall pay to The Corporation of the Township of Chatham an amount equal to the amount of all real property taxes that The Corporation of the City of Chatham is entitled to collect in the annexed area under subsection (1) that were due but unpaid on the 1st day of October, 1986.

6. All business taxes levied and uncollected in the annexed area that are due and unpaid on the 30th day of September, 1986 shall continue after that date to be taxes due and payable to The Corporation of the Township of Chatham and may be collected by The Corporation of the Township of Chatham.

7.—(1) The assessment of land in the annexed area upon which the taxes after the 30th day of September, 1986 shall be levied shall be determined by the Assessment Commissioner in accordance with the classes of real property and the factors prescribed for the City of Chatham by regulation.

(2) Where the Assessment Commissioner makes an assessment in accordance with subparagraph (1), section 34 of the *Assessment Act* applies to such assessment.

8. The agreement between The Corporation of the City of Chatham and The Corporation of the Township of Chatham entered into on the 8th day of July, 1986 is hereby given effect. O. Reg. 581/86.

Fresh Market Potato Stabilization—
1986-1989—Plan.

Made—July 29th, 1986.

Approved—September 12th, 1986.

Filed—September 29th, 1986.

REGULATION MADE UNDER THE FARM INCOME STABILIZATION ACT

PLAN—FRESH MARKET POTATO STABILIZATION, 1986-1989

1. There is hereby established a voluntary plan for farm income stabilization respecting potatoes to be

known as the "Ontario Fresh Market Potato Stabilization Plan, 1986-1989". O. Reg. 585/86, s. 1.

2. In this Regulation,

"board" means The Ontario Fresh Potato Growers' Marketing Board established under the *Farm Products Marketing Act*;

"plan" means the Ontario Fresh Market Potato Stabilization Plan, 1986-1989;

"potatoes" means potatoes produced in Ontario and marketed during the term referred to in section 3;

"production unit" means,

(a) one or more farms operated by an individual, or

(b) one or more farms operated by two or more persons who, in the opinion of the Commission, have a common interest in the outcome of the operation;

"sales year" means a period from the 1st day of July to the 30th day of June in the next year. O. Reg. 585/86, s. 2.

3. The term for this plan is three sales years commencing in 1986. O. Reg. 585/86, s. 3.

4. This plan applies only to potatoes in respect of which licence fees have been paid to the board. O. Reg. 585/86, s. 4.

5.—(1) A person who applies for enrolment in the plan in respect of a production unit is required, as a condition of acceptance for enrolment, to be,

(a) the owner and operator of a farm on which potatoes are produced;

(b) the tenant and operator of a farm on which potatoes are produced; or

(c) a person who is involved in the operation of a production unit.

(2) A person who applies for enrolment in the plan shall disclose the name and address of every person who is involved in the operation of the production unit in respect of which application is made.

(3) No payment shall be made under this plan in respect of a person whose name has not been disclosed on the application for enrolment.

(4) An application for enrolment in the plan shall be in a form provided by the Commission.

(5) No person shall be enrolled in the plan unless the application for enrolment is submitted to the Commission not later than the 15th day of October, 1986.

(6) Notwithstanding subsection (5), a person may apply for enrolment in the plan for the sales year commencing in 1987 or 1988 where the prescribed fees are paid to the Commission together with an amount sufficient to place that person's account on a basis equivalent to those producers who enrolled for the sales year commencing in 1986.

(7) The amount payable under the plan in respect of the first sales year to a person who,

- (a) enrolls under subsection (6); or
- (b) is deemed to have withdrawn from enrolment under subsection 8 (3) of the Act and is subsequently accepted for re-enrolment,

shall be reduced by 20 per cent. O. Reg. 585/86, s. 5.

6.—(1) No payment shall be made in respect of potatoes not registered with the Commission or for which no fee has been paid.

(2) No payment shall be made under the plan for potatoes marketed by a production unit in excess of 48,000 hundredweight in the aggregate in any sales year within the term of the plan.

(3) No person is eligible to receive payments under the plan in respect of potatoes that were not grown by that person. O. Reg. 585/86, s. 6.

7. It is a condition of enrolment in the plan that to receive any payment thereunder the person enrolled,

- (a) shall keep sales slips and weigh slips, signed by the buyer and the seller, and conforming to the records of the board through which the potatoes are marketed and shall submit such slips, or the equivalent record supplied by the board, to the Commission or to such person as it may direct, in respect of every lot of potatoes for which payment is claimed under the plan;
- (b) shall not claim payment for potatoes under the plan unless it was marketed during the sales year with respect to which he or she has applied for payment;
- (c) shall maintain a record of all sales of potatoes which shall include the names of the buying agent and seller, the date of sale, the date and location of delivery, the quantity and the price. O. Reg. 585/86, s. 7.

8.—(1) Each person enrolled in the plan shall, prior to the 1st day of September after each sales year, file with the Commission an annual registration form in a form provided by the Commission respecting potatoes that he or she intends to market subject to this plan during the forthcoming sales year and submit a fee of 10 cents per hundredweight.

(2) Where a producer, at the end of the term referred to in section 3, has a credit in his or her account with the Commission, the Commission shall refund such moneys to the producer together with any interest earned thereon. O. Reg. 585/86, s. 8.

9. The final date for making a claim for payment under this plan shall be two years from the end of the sales year in respect of which the claim is being made. O. Reg. 585/86, s. 9.

MINISTRY OF CORRECTIONAL
SERVICES ACT

O. Reg. 591/86.

General.

Made—August 13th, 1986.

Filed—October 1st, 1986.

REGULATION TO AMEND
REGULATION 649 OF
REVISED REGULATIONS OF
ONTARIO, 1980
MADE UNDER THE
MINISTRY OF CORRECTIONAL
SERVICES ACT

1. Section 11 of Regulation 649 of
Revised Regulations of Ontario, 1980
is amended by adding thereto the fol-
lowing subsection:

(2a) The Superintendent is not required to give notice under subsection (1) in respect of money in an inmate's trust account amounting to less than \$5, and if that money remains unclaimed for ninety days after the inmate is paroled, discharged or transferred to a community resource centre, it shall be deposited in the Consolidated Revenue Fund. O. Reg. 591/86, s. 1.

2. Subsection 14 (1) of the said Regula-
tion is revoked and the following sub-
stituted therefor:

(1) An inmate shall be permitted visits during reasonable hours from a minister of religion, a probation officer, a parole officer, a volunteer or the inmate's solicitor. O. Reg. 591/86, s. 2.

3. Section 17 of the said Regulation is
amended by adding thereto the fol-
lowing subsections:

(2) Subsection (1) does not apply to a letter sent by an inmate to, or to an inmate from,

- (a) the inmate's solicitor;
- (b) a member of the Legislative Assembly of Ontario;
- (c) a member of the Parliament of Canada;
- (d) the Deputy Minister of Correctional Services; or
- (e) the Ombudsman or the Correctional Investigator of Canada.

(3) A letter referred to in clause (2) (a),

(a) shall not be opened by the Superintendent or the Superintendent's designate unless the inmate and a staff witness are present;

(b) may be inspected for contraband; and

(c) shall not be read by the Superintendent or the Superintendent's designate unless there are reasonable and probable grounds to believe that it contains material that is not privileged as a solicitor-client communication.

(4) A letter referred to in clause (2) (b), (c) or (d) may be opened, read and inspected for contraband by the Superintendent or the Superintendent's designate.

(5) A letter referred to in clause (2) (e) shall not be opened, read or inspected for contraband by the Superintendent or the Superintendent's designate. O. Reg. 591/86, s. 3.

4. Sections 18 and 19 of the said Regula-
tion are revoked.

5.—(1) Clause 21 (2) (a) of the said Reg-
ulation is revoked and the following
substituted therefor:

(a) a fee of \$8 per day to be paid to the Ministry, unless the Minister waives the fee, as partial reimbursement for the cost of food, lodging and clothing supplied to the inmate by the institution;

(2) Subsection 21 (5) of the said Regula-
tion is revoked and the following sub-
stituted therefor:

(5) If the amount held in trust for an inmate exceeds \$100 throughout a quarter, the inmate shall be credited with simple interest on the amount at the end of the quarter.

(6) The interest rate used for the purposes of subsection (5) is the average rate of interest earned on the trust account during the preceding quarter.

(7) The three month periods ending on the 31st day of March, the 30th day of June, the 30th day of September and the 31st day of December are quarters.

(8) All interest earned on the trust account that is not credited to inmates under subsection (5) shall be devoted to inmate recreation programs.

(9) When an inmate is paroled, discharged or transferred to a community resource centre, the Superintendent shall, subject to subsection 11 (2a), pay to the inmate all moneys held in trust for the inmate less any disbursements or deductions authorized under subsection (2). O. Reg. 591/86, s. 5 (2).

6. Clause 28 (1) (e) of the said Regulation is amended by striking out “wilfully” in the first line.

7.—(1) Subsections 30 (1) and (2) of the said Regulation are revoked and the following substituted therefor:

(1) Where an inmate is alleged to have committed a misconduct, the Superintendent shall decide, as soon as possible, whether or not the inmate committed the misconduct.

(2) Before making a decision under subsection (1), the Superintendent shall ensure that the inmate is notified of the allegation and is given an opportunity for an interview, which shall be held not later than ten days after the day on which the alleged offence became known to the Superintendent, to discuss the allegation with the Superintendent. O. Reg. 591/86, s. 7 (1).

(2) Section 30 of the said Regulation is amended by adding thereto the following subsection:

(4a) The Superintendent may, during an interview held under subsection (2), adjourn the interview, but no such adjournment shall be for more than three clear days, except with the consent of the inmate. O. Reg. 591/86, s. 7 (2).

8. Subsection 38 (1) of the said Regulation is revoked and the following substituted therefor:

(1) Where an inmate’s request for a temporary absence has been referred to the Temporary Absence Committee under subsection 37 (2) and has been denied by the Superintendent, the inmate may apply to the Minister in writing to conduct a further review of the inmate’s request for a temporary absence permit and the inmate shall set out the reasons for the application and any new information or submissions in support of the request for a temporary absence. O. Reg. 591/86, s. 8.

9. Section 39 of the said Regulation is revoked.

10. Part II of the said Regulation is revoked and the following substituted therefor:

PART II

PAROLE

40.—(1) The portion of the term of imprisonment that an inmate must serve before parole may be granted is one-third of the total term of imprisonment imposed upon the inmate.

(2) Notwithstanding subsection (1), the Board may parole an inmate at any time where, in the opinion of the Board, compelling or exceptional circumstances exist that warrant the inmate’s parole.

(3) Every inmate sentenced to imprisonment in an institution shall be notified in writing by the Ministry of the inmate’s parole eligibility date no later than two months after the date on which the inmate was sentenced. O. Reg. 591/86, s. 10, *part*.

41.—(1) Where an inmate is serving a term of imprisonment of less than six months, the inmate may apply to the Board for parole at any time.

(2) An inmate referred to in subsection (1) is not entitled to a hearing before the Board. O. Reg. 591/86, s. 10, *part*.

42.—(1) Where an inmate is serving a term of imprisonment of six months or more, the Board shall consider the inmate for parole before the parole eligibility date, whether or not the inmate has applied for parole.

(2) An inmate referred to in subsection (1) is entitled to a hearing before the Board unless the inmate in writing waives the right to the hearing, but if the inmate withdraws the waiver before the Board makes a decision regarding the parole, the Board shall proceed to conduct a hearing of the matter. O. Reg. 591/86, s. 10, *part*.

43.—(1) Where the Board is considering whether or not an inmate is a suitable inmate to be granted parole the Board may obtain and consider any information that the Board considers useful and relevant regarding the character, abilities and prospects of the inmate, and in particular the Board may obtain and consider,

- (a) particulars of the inmate’s trial, conviction and sentence;
- (b) particulars of the inmate’s criminal record;
- (c) information from persons knowledgeable about the inmate’s background and living conditions before the inmate was confined in the institution;
- (d) a report from the Superintendent of the institution assessing the progress made by the inmate towards rehabilitation; and
- (e) a report from a health care professional concerning the inmate’s physical condition and mental health.

(2) Where the Board conducts a hearing to determine whether or not an inmate is a suitable inmate to be granted parole,

- (a) the inmate shall be given at least forty-eight hours notice of the hearing;

- (b) the inmate shall be given an opportunity to attend before the Board and present arguments and submissions on his or her own behalf;
- (c) the Board may permit any person, including an interpreter, to assist in any manner that the Board considers appropriate; and
- (d) the Board shall, in the form and manner that it considers appropriate, inform the inmate of any information in the Board's possession that may affect its decision.

(3) Upon consideration of the matters referred to in subsection (1) and the arguments and submissions of the inmate, the Board may,

- (a) grant parole upon such terms and conditions as it considers necessary;
- (b) defer its decision; or
- (c) refuse to grant parole,

and the Board shall notify the inmate in writing of its decision and the reasons for the decision. O. Reg. 591/86, s. 10, *part*.

44.—(1) An inmate whose parole is reviewed under subsection 38 (2) of the Act is entitled to a hearing before the Board unless the inmate in writing waives the right to the hearing, but if the inmate withdraws the waiver before the Board makes a decision regarding the parole, the Board shall proceed to conduct a hearing of the matter.

(2) Where the Board conducts a review of parole under subsection 38 (2) of the Act, the Board may obtain and consider any information that the Board considers useful and relevant, including any records relating to the decision to grant the inmate parole and information about the inmate's conduct while on parole.

(3) Where the Board conducts a hearing in the course of a review of parole under subsection 38 (2) of the Act, subsection 43 (2) applies to the hearing with necessary modifications.

(4) Upon consideration of the matters referred to in subsection (2) and the arguments and submissions, if any, of the inmate, the Board may,

- (a) allow the inmate to continue on parole; or
- (b) revoke parole,

and the Board shall notify the inmate in writing of its decision and the reasons for the decision. O. Reg. 591/86, s. 10, *part*.

45.—(1) An inmate who is aggrieved by a decision of the Board may request in writing that the chairman of the Board review the decision.

(2) Upon receiving a request under subsection (1), the chairman or the chairman's delegate shall review the decision and shall,

- (a) order a new hearing; or
- (b) uphold the original decision of the Board,

and shall forthwith notify the inmate in writing of the results of the review with reasons. O. Reg. 591/86, s. 10, *part*.

46.—(1) An inmate who has received parole shall not be allowed to begin parole without signing a certificate of parole setting out the conditions of the parole.

(2) Notwithstanding subsection (1), the Board may authorize an inmate to be allowed to begin parole before the certificate of parole has been completed and signed where the Board is of the opinion that compelling or exceptional circumstances warrant the authorization. O. Reg. 591/86, s. 10, *part*.

47. It is a condition of every grant of parole, unless the Board orders otherwise, that the parolee shall,

- (a) remain within the jurisdiction of the Board;
- (b) keep the peace and be of good behaviour;
- (c) obtain the consent of the Board or the parole supervisor for any change of residence or employment;
- (d) report as required to the parole supervisor and the local police force; and
- (e) refrain from associating with any person who is engaged in criminal activity or, unless approved by the parole supervisor, with any person who has a criminal record. O. Reg. 591/86, s. 10, *part*.

48. A parolee shall on the first day of every month until the expiry of the parolee's full sentence provide the parole supervisor with a written report setting out,

- (a) the parolee's address;
- (b) where the parolee is employed, the nature of the parolee's employment, the amount earned and the employer's name and address;
- (c) where the parolee is unemployed, an explanation of the failure to find employment;
- (d) details of any arrests or convictions of the parolee that have occurred since the last preceding monthly report; and
- (e) details of any difficulties the parolee is experiencing. O. Reg. 591/86, s. 10, *part*.

49. The warrant referred to in section 38 of the Act shall be in Form 1. O. Reg. 591/86, s. 10, *part*.

50. Where the Board has granted parole to an inmate to permit the deportation of the inmate, the Board may remit any remaining portion of the
- inmate's term of imprisonment. O. Reg. 591/86, s. 10, *part*.
11. Forms 1, 2, 3 and 4 of the said Regulation are revoked and the following substituted therefor:

EDUCATION ACT

O. Reg. 596/86.

General Legislative Grants, 1986.

Made—September 25th, 1986.

Approved—October 2nd, 1986.

Filed—October 3rd, 1986.

REGULATION TO AMEND ONTARIO REGULATION 116/86 MADE UNDER THE EDUCATION ACT

1.—(1) Paragraph 1 of section 1 of Ontario Regulation 116/86 is revoked and the following substituted therefor:

1. "assessment" for a year means the sum of,
 - i. the residential and farm assessment as defined in clause 220 (b) of the Act, except in the case of The Sudbury Board of Education and The Sudbury District Roman Catholic Separate School Board as defined in section 68 of the *Regional Municipality of Sudbury Act*, and
 - ii. the quotient obtained by dividing by 0.85 the commercial assessment as defined in clause 220 (a) of the Act, except in the case of The Sudbury Board of Education and The Sudbury District Roman Catholic Separate School Board as defined in section 68 of the *Regional Municipality of Sudbury Act*,

that is rateable for the purposes of the board, except that reference to the last revised assessment roll in the said clauses 220 (a) and (b) of the Act and section 68 of the *Regional Municipality of Sudbury Act* shall, for the purposes of this Regulation, be deemed to be reference to the last revised assessment roll used for taxation purposes in the year;

(2) Paragraph 2 of the said section 1 is revoked and the following substituted therefor:

2. "ADE.EB" means the product of the en-bloc transfer described in paragraph 16 of section 1 and 0.40 correct to two places of decimals;

(3) Paragraph 4 of the said section 1 is revoked and the following substituted therefor:

4. "A.E.F. for 1979" for a municipality or locality means the 1979 assessment equalization factor for the municipality or locality set out in Schedule B of Ontario Regulation 108/79 except that where such schedule provides factors in respect of parts of a municipality or locality, the assessment equalization factor for 1979 is the weighted average correct to two places of decimals of the factors for the parts of the municipality or locality in such Schedule B weighted with regard to the assessment for the board as defined in clauses 220 (a) and (b) of the Act, except in the case of The Sudbury Board of Education and The Sudbury District Roman Catholic Separate School Board as defined in section 68 of the *Regional Municipality of Sudbury Act*, according to the last revised assessment roll used for taxation purposes in 1979 that is in respect of such parts or as adjusted by the Minister;

(4) Sub-subparagraphs a and b of subparagraph i of paragraph 9 of the said section 1 are revoked and the following substituted therefor:

- a. in the case of a public or separate school board, the course is in the intermediate division and the A.D.E. in respect of such course conducted by the board is multiplied by 1.23, but does not include that portion of the A.D.E. in respect of a course offered by a Roman Catholic separate school board set out in Column 1 of Table 1 from and including the 1st day of January, 1986 to and including the 31st day of August, 1986 in the grade levels and languages of instruction set out in Columns 2 and 3 respectively of Table 1 or a course offered by a Roman Catholic separate school board set out in Column 1 of Table 1 from and including the 1st day of September, 1986 to and including the 31st day of December, 1986 in the grade

AND FURTHER TAKE NOTICE that the parties on record at the time of the hearing before the Board on November 4 and 6, 1985 are parties to this rehearing.

AND FURTHER TAKE NOTICE that the rehearing shall take place at the Board's Chambers, Britannica House, 151 Bloor Street West, 10th Floor, Toronto, Ontario, at 10.00 a.m. E.S.T. on Friday, the 21st day of November, 1986.

AND FURTHER TAKE NOTICE that any person who is a party does not attend at the rehearing, the Board may proceed in his/her absence and such person is not entitled to any further notice in the proceedings.

AND FURTHER TAKE NOTICE that the Board may make an order with respect to the procedures to be adopted in this matter and without limiting the generality of the foregoing may make such order with respect to the introduction of the tapes of the audio recording of the proceedings at the original hearing and any written transcripts produced from those tapes.

Any person who wishes to make representations to the Board in respect of the rehearing shall file a statement.

The statement shall:

- (a) be filed at least ten days before the date set for the hearing;
- (b) be signed by the person who wishes to make representations or by his solicitor on his behalf;
- (c) contain a clear and concise statement of the representations to be made at the hearing; and
- (d) contain the name and address of the person who wishes to make the representations and his solicitor, if any. R.R.O. 1980, Reg. 716, S. 10.

FELIX D'MELLO,
Acting Secretary.

Elgin Cartage Limited, 36148-B
R.R. #7,
Aylmer, Ontario N5H 2R6

IN THE MATTER OF the *Public Commercial Vehicles Act* R.S.O. 1980, Chapter 407,

AND IN THE MATTER OF the *Ontario Highway Transport Board Act* R.S.O. 1980, Chapter 338,

AND IN THE MATTER OF the application of Elgin Cartage Limited for a Class 'D' public commercial vehicles operating licence.

NOTICE

TAKE NOTICE that pursuant to the provisions of Section 16 of the *Ontario Highway Transport Board Act*, R.S.O. 1980, Chapter 338, the Ontario Highway Transport Board will rehear the application of Elgin Cartage Limited originally published in *The Ontario Gazette* dated the 8th day of September, 1984, in the following terms:

applies for an extension to Class 'D' public commercial vehicle operating licence, as follows:

- (a) "For the carriage of grain and fertilizer in bulk in dump and/or flat-bed vehicles to or from points within the County of Elgin.

PROVIDED that the current terms of Class 'D' public commercial vehicle operating licence D-5011 be cancelled.

Also applies for Class 'T' privileges as follows:

"For the carriage of liquid fertilizer in bulk in tank vehicles to or from points in the County of Elgin".

AND FURTHER TAKE NOTICE that the parties on record at the time of the hearing before the Board on April 30 and September 4, 1985 are parties to this rehearing.

AND FURTHER TAKE NOTICE that the rehearing shall take place at the Board's Chambers, Britannica House, 151 Bloor Street West, 10th Floor, Toronto, Ontario, at 10.00 a.m. E.S.T. on Friday, the 5th day of December, 1986.

AND FURTHER TAKE NOTICE that any person who is a party does not attend at the rehearing, the Board may proceed in his/her absence and such person is not entitled to any further notice in the proceedings.

AND FURTHER TAKE NOTICE that the Board may make an order with respect to the procedures to be adopted in this matter and without limiting the generality of the foregoing may make such order with respect to the introduction of the tapes of the audio recording of the proceedings at the original hearing and any written transcripts produced from those tapes.

Any person who wishes to make representations to the Board in respect of the rehearing shall file a statement.

The statement shall:

- (a) be filed at least ten days before the date set for the hearing;
- (b) be signed by the person who wishes to make representations or by his solicitor on his behalf;
- (c) contain a clear and concise statement of the representations to be made at the hearing; and
- (d) contain the name and address of the person who wishes to make the representations and his solicitor, if any. R.R.O. 1980, Reg. 716, s. 10.

Crop Insurance Plan—Flue-Cured Tobacco.

Made—September 8th, 1986.

Approved—October 2nd, 1986.

Filed—October 7th, 1986.

REGULATION TO AMEND REGULATION 206 OF REVISED REGULATIONS OF ONTARIO, 1980 MADE UNDER THE CROP INSURANCE ACT (ONTARIO)

1. Section 3 of the Schedule to Regulation 206 of Revised Regulations of Ontario, 1980, as amended by section 1 of Ontario Regulation 630/82, section 1 of Ontario Regulation 359/84, section 1 of Ontario Regulation 511/84 and section 1 of Ontario Regulation 524/85, is further amended by adding thereto the following clause:

- (g) "price guarantee" means the average price received for the total crop marketed by The Ontario Flue-Cured Tobacco Growers' Marketing Board for the crop year less 5 per cent.

2. Section 9 of the said Schedule, as remade by section 4 of Ontario Regulation 524/85, is revoked and the following substituted therefor:

9. The coverage provided in each crop year under section A or B of the endorsement shall be computed by the Commission and shall not exceed 80 per cent of the average farm yield multiplied by 50 per cent of the final market average price less 5 per cent.

3. Section 10 of the said Schedule, as remade by section 5 of Ontario Regulation 524/85, is revoked and the following substituted therefor:

10. The maximum amount for which the Commission is liable for a loss under a contract of insurance shall be the amount obtained by multiplying 80 per cent of the average farm yield by the final market average price less 5 per cent.

4.—(1) Subparagraph 6 (5) of Form 1 of the said Regulation, as remade by subsection 7 (2) of Ontario Regulation 524/85, is revoked and the following substituted therefor:

(5) Subject to subparagraph (6), where, upon completion of harvesting,

- (a) one-half of the total gross income from the harvested acreage is less than the insurance coverage of the insured person, the amount of loss that shall be taken into account in the final adjustment of loss shall be calculated by subtracting one-half of the total gross income

from one-half of the amount arrived at by multiplying the price guaranteed per pound by the actual production harvested; or

- (b) the actual production from the harvested acreage multiplied by 45 per cent of the contract price per pound is less than the insurance coverage of the insured person, the amount of loss that shall be taken into account in the final adjustment of loss shall be calculated by subtracting the amount obtained by multiplying the actual production from the harvested acreage by 45 per cent of the contract price per pound from the insurance coverage.

(2) Subparagraph 6 (6) of the said Form 1 is revoked and the following substituted therefor:

(6) The amount of loss calculated under sub-subparagraph (5) (b) shall be reduced by an amount equal to the rental value of any poundage allotment in respect of which a production claim is paid to the insured person.

(3) Subparagraph 8 (6) of the said Form 1, as remade by subsection 7 (4) of Ontario Regulation 524/85, is revoked and the following substituted therefor:

- (6) Where, upon completion of harvesting,
 - (a) one-half of the total gross income from the harvested acreage is less than the insurance coverage of the insured person, the amount of loss that shall be taken into account in the final adjustment of loss shall be calculated by subtracting one-half of the total gross income from one-half of the amount arrived at by multiplying the price guaranteed per pound by the actual production harvested; or

HEALTH INSURANCE ACT

O. Reg. 610/86.
General.
Made—October 9th, 1986.
Filed—October 10th, 1986.

REGULATION TO AMEND
REGULATION 452 OF REVISED REGULATIONS OF ONTARIO, 1980
MADE UNDER THE
HEALTH INSURANCE ACT

- 1.—(1) Schedule 15 to Regulation 452 of Revised Regulations of Ontario, 1980, as remade by section 3 of Ontario Regulation 215/86 and amended by section 1 of Ontario Regulation 342/86, is further amended by revoking:
47. Non Elective Surgical Procedures, Obstetrics or Clinical Procedures Associated with Diagnostic Radiological Examination or Detention While in Attendance With Patient(s) in Ambulance:—when such procedures including fractures or dislocations or major invasive procedures contained in the list of Diagnostic and Therapeutic Procedures or elective procedures which

because of intervening emergency procedure(s) commence after 5:00 p.m. and before midnight or on Saturdays, Sundays and Holidays, increase the procedural fee(s) by 30% (E409). When the foregoing procedures commence after midnight and before 7:00 a.m. any night during the week, increase the procedural fee(s) by 50% (E410).

These premiums are not chargeable in addition to the obstetrical fee(s) if labour is induced by medical and/or surgical means by the same physician unless the reason for the induction is fetal distress, diabetes, premature rupture of membrane, severe pre-eclampsia—hypertension or abruption: However a forewater A.R.M. or oxytocin augmentation of labour carried out on a patient in desultory labour does not constitute induction. Major Invasive Procedures are considered to be the following:

G211	G266	G275	G288	G294	G323	G330	G349	G412	R843	R853

G265	G270	G287	G293	G304	G329	G348	G411	R841	R852	

These premiums are not chargeable (during or after a “shift”) by emergency or other physicians who have elected or are required to be physically and continuously present in the Emergency Department or environs for an arranged designated period of time.

E409 or E410 may not be claimed for procedures which mainly involve the interpretation of test results and are not applicable to assessments or consultations. Neither are they applicable to procedures listed in the Diagnostic Radiology, Nuclear Medicine or Diagnostic Ultrasound sections of the Schedule.

(3) The said Schedule is further amended by revoking:

T and P Columns should be interpreted in the spirit of the first two paragraphs on page 32, but without limiting the performance of these tests to suitably trained physicians of any one specialty. Furthermore, the physician must be physically available to approve, modify or intervene in the examination as required or the examination must be completely recorded by video/computer methods and reviewed in its entirety by the physician. No fee (either professional or technical) may be charged if the physician's only involvement is the interpretation of hard copy (films).

Notes: A-Mode—implies a one-dimensional ultrasonic measurement procedure.

M-Mode—implies a one-dimensional ultrasonic measurement procedure with movement of the trace to record amplitude and velocity of moving echo-producing structures.

Scan B-Mode—implies a two-dimensional ultrasonic scanning procedure with a two-dimensional display. All ultrasound examinations include a permanent record and interpretative report.

The total benefit is arrived at by adding T plus P. When coding the total benefit use suffix A; when coding the technical portion only use suffix B; when coding the professional portion only use suffix C.

O. Reg. 611/86, s. 1

2. The areas described in the Schedules are areas
which, in the opinion of the Authority, are susceptible
to flooding during a regional storm and may be
affected by the placing or dumping of fill. O. Reg.
611/86, s. 2.

3. No person shall,

- (a) construct any building or permit any building
to be constructed in or on a pond or swamp
or in any area susceptible to flooding during a
regional storm;
- (b) place or dump fill or permit fill to be placed
or dumped in any area described in the
Schedules whether the fill is already located

in or upon the area, or brought to or on the area from some other place; or

- (c) straighten, change, divert or interfere in any way with the existing channel or a river, creek, stream or watercourse,

except in accordance with a permission issued under section 4. O. Reg. 611/86, s. 3.

4. Subject to the *Ontario Water Resources Act* or to any private interest, the Authority may permit in writing the construction of any building or the placing or dumping of fill or the straightening, changing, diverting or interfering with the existing channel of a river, creek, stream or watercourse to which section 3 applies if, in the opinion of the Authority, the site of the building or the placing or dumping and the method of construction or placing or dumping or the straightening, changing, diverting or interfering with the existing channel will not affect the control of flooding or pollution or the conservation of the land. O. Reg. 611/86, s. 4.

5.—(1) A signed application for permission to construct a building must be filed with the Authority and include,

- (a) four copies of a plan of the property showing the proposed location of the building, its elevation and the proposed final grade plan;
- (b) four copies of a complete description of the type of building to be constructed, including drainage details;
- (c) four copies of a statement of the dates between which the placing or dumping will be carried out; and
- (d) four copies of a statement of the proposed use of the building following completion of the construction.

(2) A signed application for permission to place or dump fill must be filed with the Authority and include,

- (a) four copies of a plan of the property on which the fill is to be placed, showing the proposed location of filling, the depth to which it is proposed to fill and the proposed final grade of the land when filling is completed;
- (b) four copies of a complete description of the type of fill proposed to be placed or dumped;
- (c) four copies of a statement of the dates between which the placing or dumping will be carried out; and
- (d) four copies of a statement of the proposed use of the land following completing of placing or dumping.

(3) A signed application for permission to straighten, change, divert or interfere in any way with the existing channel of a river, creek, stream or watercourse must be filed with the Authority and include,

- (a) four copies of a plan on which shall be shown in plan view and cross section the details of such straightening, change, diversion or interference;
- (b) four copies of a description of the protective measures to be undertaken;
- (c) four copies of a statement of the dates between which the straightening, changing, diverting or interfering will be carried out; and
- (d) four copies of a statement of the purpose of the proposed work. O. Reg. 611/86, s. 5.

6. Members of the staff of the Authority are appointed officers to enforce this Regulation. O. Reg. 611/86, s. 6.

7. Regulation 169 of Revised Regulations of Ontario, 1980 is revoked.

O. Reg. 617/86, s. 1.

2. The areas described in the schedules are areas in which, in the opinion of the Authority, the control of flooding or pollution or conservation of land may be affected by the placing or dumping of fill. O. Reg. 617/86, s. 2.

3. No person shall,

- (a) construct any building or permit any building to be constructed in or on a pond or swamp or in any area susceptible to flooding during a regional storm;
- (b) place or dump fill or permit fill to be placed or dumped in the areas described in the schedules whether such fill is already located in or upon the area or brought to or on the area from some other place; or
- (c) straighten, change, divert or interfere or permit the straightening, changing, diverting or interfering in any way with the existing channel of a river, creek, stream or watercourse,

except pursuant to a permit given under section 4. O. Reg. 617/86, s. 3.

4. Subject to the *Ontario Water Resources Act* or to any private interest, the Authority may permit in writing the construction of any building or the placing or dumping of fill or the straightening, changing, diverting or interfering with the existing channel of a river, creek, stream or watercourse to which section 3 applies if, in the opinion of the Authority, the site of the building or the placing or dumping and the method of construction or placing or dumping or the straightening, changing, diverting or interfering with the existing channel will not affect the control of flooding or pollution or the conservation of land. O. Reg. 617/86, s. 4.

5.—(1) A signed application for permission to construct a building must be filed with the Authority and include four copies of,

- (a) a plan of the property showing the proposed location of the building, its elevation and the proposed final grade plan;

(b) a complete description of the type of building to be constructed, including drainage details and the method of construction;

(c) a statement of the dates between which the construction will be carried out; and

(d) a statement of the proposed use of the building following completion of the construction.

(2) A signed application for permission to place or dump fill must be filed with the Authority and include four copies of,

(a) a plan of the property on which the fill is to be placed, showing the proposed location of filling, the depth to which it is proposed to fill and the proposed final grade of the land when filling is completed;

(b) a complete description of the type of fill proposed to be placed or dumped and the method of placing or dumping the fill;

(c) a statement of the dates between which the placing or dumping will be carried out; and

(d) a statement of the proposed use of the land following completion of placing or dumping.

(3) A signed application for permission to straighten, change, divert or interfere in any way with the existing channel of a river, lake, creek, stream or watercourse must be filed with the Authority and include four copies of,

(a) a plan on which shall be shown in plan view and cross section the details of such straightening, changing, diverting or interfering;

(b) a description of the protective measures to be undertaken and the method to be used to carry out such straightening, changing, diverting or interfering;

(c) a statement of the dates between which the straightening, changing, diverting or interfering will be carried out; and

(d) a statement of the purpose of the proposed work. O. Reg. 617/86, s. 5.

6. The Authority may, at any time, withdraw a permission given under section 4 if the representations contained in the application for permission are not being carried out. O. Reg. 617/86, s. 6.

7. The Authority may appoint officers to enforce this Regulation. O. Reg. 617/86, s. 7.

8. Regulation 165 of Revised Regulations of Ontario, 1980 is revoked.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 624/86.

Exemption—Ministry of Government
Services—MGS-72.

Made—October 17th, 1986.

Approved—October 17th, 1986.

Filed—October 27th, 1986.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF GOVERNMENT SERVICES—MGS-72

Having received a request from the Ministry of Government Services that an undertaking, namely:

The activities involving the renovation and the construction of an extension to the vacant Carnegie Library structure for the development of a Unified Family Court at a site referred to as all of Lot 69 and Part of Lots 50, 51, 52, 67 and 68, P.H. Hamilton Survey Unregistered Plan in the Block bounded by Charles Street, Main Street, MacNab Street, and Jackson Street in the City of Hamilton, Regional Municipality of Hamilton-Wentworth

be exempt from the application of the Act pursuant to section 29; and

Having been advised by the Ministry of Government Services that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

A. The Crown will be interfered with and damaged by the undue delay and expense required to prepare an environmental assessment for an activity for which adverse environmental impacts have not been identified.

B. The public will be interfered with and damaged in that the level of service available and the access to that service is restricted by the existing inadequate accommodations.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

A. The proposed undertaking will have no significant adverse effects on the environment.

- B. The concerns of the Ministry of Citizenship and Culture regarding the renovation and restoration of the Carnegie Library structure and the redevelopment of the site shall be resolved to the mutual satisfaction of the Ministry of Citizenship and Culture and the Ministry of Government Services.

This exemption is subject to the following terms and conditions:

1. Where any activity which otherwise would be exempt under this order is being carried out as or is part of an undertaking for which an environmental assessment has been accepted and approval to proceed received, the activity shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions of this order.
2. Where any activity which is the subject of this order is being carried out as or is part of another undertaking which is the subject of an exemption order under the Act, the activity exempt under this order shall be carried out in accordance with any terms or conditions in the other exemption order as well as the conditions in this order.
3. The heritage considerations associated with the renovation and restoration of the Carnegie Library structure and the redevelopment of the site shall be resolved to the mutual satisfaction of the Ministry of Citizenship and Culture and the Ministry of Government Services. The proponent shall inform the Director of the Environmental Assessment Branch of the agreement reached prior to commencement of construction.
4. This order shall expire if construction and renovation has not commenced by December 31, 1987. O. Reg. 624/86.

REGULATION TO AMEND REGULATION 675 OF REVISED REGULATIONS OF ONTARIO, 1970 MADE UNDER THE PLANNING ACT, 1983

1. Regulation 675 of Revised Regulations of Ontario, 1970 is amended by adding thereto the following section:

247.—(1) In this section,

“front lot line” means the lot line adjoining James Street;

"rear lot line" means the lot line opposite the front lot line;

"side lot line" means a lot line other than a front or rear lot line.

(2) Notwithstanding any other provision of this Order, a single-family dwelling and buildings and structures accessory thereto may be erected and used on the land described in subsection (3) if the following requirements are met:

Minimum distance between any building or structure and the front lot line	7.6 metres
Minimum distance between any building or structure and the rear lot line	7.6 metres
Minimum distance between any building or structure and the side lot lines	3 metres on one side and 1.2 metres on the other side
Maximum height of single-family dwelling	9.1 metres
Minimum ground floor area of single-family dwelling	one storey—93 square metres one and one-half storeys or more—69.8 square metres

(3) This section applies to that parcel of land in the Township of Nottawasaga in the County of Simcoe, being that part of Lot 22 in Concession I designated as Part 1 on a Plan deposited in the Land Registry Office for the Registry Division of Simcoe (No. 51) as Number 51R-14861. PLANNING ACT, 1983

O. Reg. 628/86.
Zoning Areas—Part of the Geographic
Township of Southworth in the
Territorial District of Kenora.
Made—August 26th, 1986.
Filed—October 29th, 1986.

ORDER MADE UNDER THE
PLANNING ACT, 1983

**ZONING AREAS—PART OF THE
GEOGRAPHIC TOWNSHIP OF SOUTHWORTH
IN THE TERRITORIAL DISTRICT OF
KENORA**

1. In this Order,

“accessory”, when used to describe a use, building or structure, means a use, building or structure that is normally incidental or subordinate to the principal use, building or structure located on the same lot;

“agricultural use” means a use of land for forestry purposes, field crops, market gardening, poultry raising and other uses normally related to agriculture;

“dwelling unit” means one or more habitable rooms occupied or capable of being occupied as an independent and separate housekeeping establishment in which separate kitchen and sanitary facilities are provided for the exclusive use of such unit with a private entrance from outside the building or from a common hallway or stairway inside the building;

“front lot line” means the normal high-water mark of Dinorwic Lake;

“guest cabin” means a building without cooking and sanitary facilities that is accessory to a dwelling and used for sleeping accommodation;

“lot” means a parcel of land,

(a) described in a deed or other document legally capable of conveying land, or

(b) shown as a lot or block on a registered plan of subdivision;

“seasonal dwelling” means a single dwelling or mobile home not occupied as a permanent residence.
O. Reg. 628/86, s. 1.

2. This Order applies to land in Lot 9, Concession I, in the Township of Southworth in the Territorial District of Kenora described as all of the lots and blocks shown on Plan Numbers 23M-839 and 23M-843 registered in the Land Registry Office for the Land Titles Division of Kenora (No. 23). O. Reg. 628/86, s. 2.

3. No land to which this Order applies shall hereafter be used and no building or structure shall hereafter be erected or used except in accordance with the terms of this Order, but nothing in this Order prevents the use of any land, building or structure for a purpose prohibited by this Order if such land, building or structure was lawfully used for such purposes on the day this Order comes into force. O. Reg. 628/86, s. 3.

4. One seasonal dwelling and building and structures accessory thereto may be erected and used on each of lots 1 to 12, inclusive, on Plan 23M-839 and lots 1 to 10, inclusive, on Plan 23M-843 if the following requirements are met:

1. Not more than one guest cabin is permitted on a lot.
2. Minimum distance between a dwelling unit or guest cabin and the front lot line:

Lots 2 and 3 on Plan 23M-839 9 metres

Lots 7 and 8 on Plan 23M-843 12 metres

Lots 1, 2, 3 and 4 on Plan 23M-843 15 metres

Lots 10 and 12 on Plan 23M-839 and
Lot 10 on Plan 23M-843 18 metres

O. Reg. 628/86, s. 4.

5. Every use of land and every erection or use of buildings or structures on the land described as Blocks 11 and 12, Plan 23M-843, is prohibited except agricultural uses and outdoor sporting activities, excluding buildings or structures. O. Reg. 628/86, s. 5.

OCCUPATIONAL HEALTH AND SAFETY ACT

O. Reg. 632/86.

X-Ray Safety.

Made—October 30th, 1986.

Filed—October 30th, 1986.

REGULATION MADE UNDER THE OCCUPATIONAL HEALTH AND SAFETY ACT

X-RAY SAFETY

1. In this Regulation,

"absorbed dose" means the mean energy per unit mass imparted by ionizing radiation to matter;

"air kerma" means the sum of the initial kinetic energies per unit mass of all the charged particles liberated by uncharged ionizing radiation in air;

"Director" means the Director of the Special Studies and Services Branch of the Ministry of Labour;

"dose equivalent" means the product of absorbed dose and a quality factor where the quality factor is a measure of the biological effectiveness of the radiation, and is assigned the value 1.0 for x rays;

"failsafe design" means a design in which any failure of safety indicators or components that can reasonably be anticipated causes the production or emission of x rays to cease;

"gray" means,

- (a) a unit of absorbed dose, and is realized when one joule of energy has been imparted per kilogram of material, or

- (b) a unit of air kerma, and is realized when one joule of energy has been liberated per kilogram of air;

"redundant" when used with reference to a light means a light with two or more separate and equivalent bulbs so designed that the failure of one bulb will not affect the operation of the other bulb or bulbs;

"shield" or "shielding" means radiation absorbing material or materials used to reduce the absorbed dose or absorbed dose rate imparted to an object;

"sievert" means a unit of dose equivalent, and for x rays the dose equivalent measured in sieverts is numerically equal to the absorbed dose measured in grays;

"x-ray machine" means an electrically powered device, the principal purpose of which is the production of x rays;

"x-ray source" means any device, or that portion of any device, that emits x rays, whether or not the device is an x-ray machine;

"x-ray worker" means a worker who, as a necessary part of the worker's employment, may be exposed to x rays and may receive a dose equivalent in excess of the annual limits set forth in column 4 of the Schedule;

"x rays" means electrically-generated electromagnetic radiation of maximum photon energy not less than 5000 electron volts. O. Reg. 632/86, s. 1.

2. Subject to section 3, this Regulation applies to every owner, employer, supervisor and worker at a work place where,

- (a) an x-ray machine is present or used; or

- (b) an x-ray source that is not an x-ray machine is present or used, if the x-ray source is capable of producing an air kerma rate greater than 1.0 microgray per hour at any accessible point outside its surface. O. Reg. 632/86, s. 2.

3.—(1) This Regulation does not apply to an x-ray source that is licensable under the *Atomic Energy Control Act* (Canada).

(2) Sections 5, 6, 7 and 8 of this Regulation do not apply in respect of an x-ray machine the installation, registration or operation of which is subject to the *Healing Arts Radiation Protection Act*. O. Reg. 632/86, s. 3.

4. Except as permitted under the *Healing Arts Radiation Protection Act*, an x-ray source shall not be operated for the irradiation of a worker. O. Reg. 632/86, s. 4.

5.—(1) An x-ray source shall not be used at a work place unless the employer who has possession of the x-ray source is registered with the Director.

(2) An application for registration under this section shall be in Form 1 and shall be filed with the Director.

(3) An employer who was registered under Ontario Regulation 263/84 or Regulation 855 of Revised Regulations of Ontario, 1980 or a predecessor thereof shall be deemed to be registered under this section if the registration was subsisting immediately before the coming into force of this Regulation.

(4) If an employer who is registered under this section ceases to have possession of an x-ray source, the employer shall forthwith give a notice to the Director advising the Director of that fact.

(5) An employer's registration under this section terminates when the employer notifies the Director that the employer no longer has possession of any x-ray sources. O. Reg. 632/86, s. 5.

6.—(1) An x-ray source shall not be installed or used in a permanent location and an x-ray source that is designed for portable or mobile use shall not be installed or used regularly in one location unless an application for review, together with plan location drawings, of the installation have been reviewed by and are acceptable to an inspector.

(2) Subsection (1) does not apply to an x-ray source that,

(a) was in use in a permanent location before the 27th day of April, 1984, if it has remained continuously in that location since that time and so long as it remains in that location; or

(b) was installed after the 26th day of April, 1984, if the installation was made in compliance with Ontario Regulation 263/84 and there was compliance with that Regulation until the time this section came into force.

(3) An application mentioned in subsection (1) shall be in Form 2 and shall be accompanied by the plan location drawings mentioned in that subsection, in duplicate.

(4) Plan location drawings mentioned in subsection (1),

(a) shall bear the name of the applicant and the address of the location;

(b) shall be on a legible scale that is not less than 1:100 and that is suitable for microfilming;

(c) shall indicate the direction north;

(d) shall show the proposed location of the x-ray source and, where applicable, the range of its motion;

(e) shall show the proposed location of the x-ray control panel, if the location of the control panel is different from that of the x-ray source;

(f) shall indicate the use of rooms or areas that are adjacent, both horizontally and vertically, to the proposed location;

(g) shall indicate the type and thickness of the shielding installed or to be installed on the boundaries of the proposed location; and

(h) shall indicate the type and location of the safety devices such as warning lights, interlocks and cut-off switches.

(5) An application under this section shall be filed with the Director.

(6) Where an application under this section or a predecessor of this section has been found acceptable by an inspector, the x-ray source to which the application relates shall not be installed except in accordance with the application and the plan location drawings as accepted by the inspector.

(7) An x-ray source to which subsection (1) applies or that is described in subsection (2) shall not be used, if after the installation of the x-ray source there is a change in,

(a) the installation or use of the x-ray source;

(b) the use of rooms or areas adjacent, horizontally or vertically, to the x-ray source; or

(c) any shielding of the x-ray source,

that may result in an increase in the exposure of a worker to x rays unless the change has been reviewed by and is acceptable to an inspector.

(8) An employer shall request a review of a change described in subsection (7) by giving the request to the Director. O. Reg. 632/86, s. 6.

7.—(1) Where an employer comes into possession of an x-ray source that is designed for portable or mobile use and that is so used, notice thereof shall be given to the Director.

(2) The notice required by subsection (1) shall be in writing and shall include,

(a) the name and address of the employer;

(b) the employer's registration number, if any, under section 5;

(c) the location where the x-ray source will normally be stored;

(d) the purpose for which the x-ray source will be used;

- (e) the make, model and serial number of the x-ray source; and
- (f) the maximum operating voltage and current of the x-ray source. O. Reg. 632/86, s. 7.

8. An employer shall designate a person, for each x-ray source, who is competent because of knowledge, training or experience in the use and operation of x-ray sources and in radiation safety practices, to exercise direction over the safe use and operation of the x-ray source, and shall advise the Director in writing of the name of the person designated. O. Reg. 632/86, s. 8.

9.—(1) An employer who employs a person as an x-ray worker shall, at the time that employment begins,

- (a) inform the worker in writing that the worker is employed as an x-ray worker;
- (b) inform the worker of the limits imposed by subsection 10 (1) on the dose equivalent that may be received by the worker; and
- (c) if the worker is female, inform her of the dose equivalent limit mentioned in subsection 10 (2) applicable to a pregnant x-ray worker.

(2) An employer shall maintain a list of all x-ray workers in the employment of the employer. O. Reg. 632/86, s. 9.

10.—(1) The dose equivalent received or that may be received by a worker shall be as low as is reasonably achievable, and in any case,

- (a) an x-ray worker shall not receive a dose equivalent in excess of the annual limits set out in column 3 of the Schedule; and
- (b) a worker who is not an x-ray worker shall not receive a dose equivalent in excess of the annual limits set out in column 4 of the Schedule.

(2) Notwithstanding subsection (1), an employer shall take every precaution reasonable in the circumstances to ensure that the mean dose equivalent received by the abdomen of a pregnant x-ray worker does not exceed five millisieverts during the pregnancy. O. Reg. 632/86, s. 10.

11. The following measures and procedures shall be carried out in a work place where an x-ray source is used:

1. X-ray warning signs or warning devices shall be posted or installed in conspicuous locations.
2. Every x-ray source capable of producing an air kerma rate greater than 5 micrograys per hour at any accessible point shall be labelled at its operating controls as a source of x rays.

3. Where the air kerma in an area may exceed 100 micrograys in any one hour, access to the area shall be controlled by,

- i. locks or interlocks if the x-ray source is one to which subsection 6 (1) applies or is described in subsection 6 (2), and
- ii. barriers and x-ray warning signs if the x-ray source is portable or mobile and is being so used.

4. To ensure that the dose equivalent limits mentioned in section 10 are not exceeded,

- i. structural or other shielding shall be installed as is necessary, and
- ii. diaphragms, cones and adjustable collimators or other suitable devices shall be provided and used as are necessary to limit the dimensions of the useful x-ray beam. O. Reg. 632/86, s. 11.

12.—(1) An employer shall provide to each x-ray worker a suitable personal dosimeter that will provide an accurate measure of the dose equivalent received by the x-ray worker.

(2) An x-ray worker shall use the personal dosimeter as instructed by the employer.

(3) An employer shall ensure that the personal dosimeter provided to an x-ray worker is read accurately to give a measure of the dose equivalent received by the worker and shall furnish to the worker the record of the worker's radiation exposure.

(4) An employer shall verify that the dose equivalent mentioned in subsection (3) is reasonable and appropriate in the circumstances, and shall notify an inspector of any dose equivalent that does not appear reasonable and appropriate.

(5) An employer shall retain an x-ray worker's personal dosimeter records for a period of at least three years. O. Reg. 632/86, s. 12.

13. Where a worker has received a dose equivalent in excess of the annual limits set out in column 4 of the Schedule in a period of three months, the employer shall forthwith investigate the cause of the exposure and shall provide a report in writing of the findings of the investigation and of the corrective action taken to the Director and to the joint health and safety committee or health and safety representative, if any. O. Reg. 632/86, s. 13.

14. Where an accident, failure of any equipment or other incident occurs that may have resulted in a worker receiving a dose equivalent in excess of the annual limits set out in column 3 of the Schedule, the employer shall notify immediately by telephone, telegram or other direct means the Director and the joint

health and safety committee or health and safety representative, if any, of the accident or failure and the employer shall, within forty-eight hours after the accident or failure, send to the Director a written report of the circumstances of the accident or failure. O. Reg. 632/86, s. 14.

15.—(1) This section applies only to x-ray machines used for industrial radiography or industrial fluoroscopy but does not apply to an x-ray machine to which section 17 applies.

(2) No x-ray machine to which this section applies shall be used except by or under the supervision of a competent person.

(3) In addition to any other requirements of this Regulation, the following requirements apply with respect to every x-ray machine to which this section applies:

1. The control panel of the x-ray machine shall have a plainly visible warning light to indicate when x rays are being produced in the x-ray tube.
2. The x-ray machine, if installed in a permanent location or if designed for portable or mobile operation but used regularly in one location, shall be contained in an enclosure.
3. No person shall be permitted in the enclosure required by paragraph 2 while x rays are being produced.
4. The enclosure required by paragraph 2 shall be provided with,
 - i. reliable locks or interlocks to prevent any person from entering a radiation enclosure during an exposure, and where an exposure is terminated by an interlock, it shall only be possible to restart the exposure from the control panel, and
 - ii. conspicuous warning lights of failsafe or redundant design near each entrance to the enclosure that indicate when x rays are being produced,

and paragraph 3 of section 11 does not apply.

5. If the enclosure required by paragraph 2 is of such a size or is so arranged that the operator cannot readily determine whether it is unoccupied, it shall be provided with,
 - i. suitable audible or visible pre-exposure warning signals within the enclosure that shall be actuated for not less than ten or more than thirty seconds immediately before the initiation of an x-ray exposure,

- ii. suitable audible or visible warning signals within the enclosure that shall be actuated during the x-ray exposure, and

- iii. a suitable exit to enable any person to leave the enclosure without delay and without having to pass through the primary x-ray beam or an effective means, within the enclosure, that,

- A. prevents or interrupts an x-ray exposure,
- B. cannot be reset from outside the enclosure, and
- C. can be reached without having to pass through the primary x-ray beam.

6. An x-ray machine shall be operated, and, where an enclosure is required by paragraph 2, the enclosure shall be shielded in such a manner that,

- i. an x-ray worker is not likely to receive an effective dose equivalent in excess of 1 millisievert per week, and
- ii. a worker who is not an x-ray worker is not likely to receive an effective dose equivalent in excess of 100 microsieverts per week.

7. The employer shall ensure that a direct reading dosimeter of a suitable type is provided to each x-ray worker who in the course of his or her work may be exposed to an air kerma rate in excess of 100 micrograys per hour.

8. An x-ray worker provided with a direct reading dosimeter shall use it and shall determine the amount by which its reading has increased during each work day and record that amount at the end of the work day.

9. The employer shall retain the direct reading dosimeter records of each x-ray worker provided with such a dosimeter for a period of at least three years.

10. At least one radiation survey meter of a suitable type shall be provided for each portable or mobile x-ray machine and it shall be calibrated at least once every twelve months and kept in good working order. O. Reg. 632/86, s. 15.

16. In addition to any other requirement of this Regulation, the following requirements apply to every x-ray machine used for the diagnostic examination of animals:

1. Where practicable, radiographic procedures shall be performed in a room designed for the purpose of performing x-ray examinations of animals.
 2. The air kerma due to leakage radiation from the x-ray tube housing or from an attached beam-limiting device shall not exceed 1 milligray in one hour at a distance of one metre from the focal spot of the x-ray tube.
 3. Exposure duration shall be controlled by a preset timing mechanism and shall be initiated by a switch that requires positive action by the operator to continue the exposure and that allows the operator to remain at least two metres from the tube housing.
 4. To the extent practicable, the dimensions of the useful beam shall be restricted to not more than those of the film.
 5. The film cassette shall not be held by hand during an exposure.
 6. The animal being x-rayed shall be restrained or supported by mechanical means where practicable.
 7. If an animal is required to be restrained or supported by hand, a protective apron and gloves, providing shielding equivalent to at least 0.5 millimetre of lead, shall be worn by any person providing the restraint or support.
 8. A record of radiographic exposures, including the date, kilovoltage, tube current, and duration of each exposure, shall be maintained and kept for at least one year.
- O. Reg. 632/86, s. 16.

17. In addition to any other requirements of this Regulation, where an employer is in possession of an x-ray source in which the x-ray source, the object or the portion of the object being exposed to x rays and the detection device are enclosed in a cabinet that, independent of existing structures, provides radiation attenuation and prevents access to the x-ray beam, the employer shall comply with the following requirements:

1. A warning device that indicates when x rays are being produced shall be mounted on or near the cabinet in such a way as to be conspicuous from any position from which the cabinet can be opened.
 2. Access doors and sample ports shall be interlocked with the x-ray source or with an adequately shielded shutter of failsafe design, and where operation has been interrupted by an interlock, it shall be possible to resume operation only from the control panel after the interlock has been reset.
 3. The cabinet shall be so arranged and shielded as to prevent the air kerma rate from exceeding 5 micrograys per hour at any accessible point 5 centimetres from the external surface, under all possible operating conditions.
 4. Cabinet x-ray equipment that is intended to permit the entry of a person shall also be provided with,
 - i. suitable audible or visible warning signals within the cabinet that shall be actuated for at least ten seconds immediately prior to the initiation of x-ray production after the closing of any door that is designed to permit human access into the cabinet,
 - ii. suitable audible or visible warning signals within the cabinet that shall be actuated during x-ray production, and
 - iii. effective means within the enclosure to prevent or interrupt the production of x rays, that cannot be reset from outside the enclosure and that can be reached without having to pass through the primary x-ray beam.
- O. Reg. 632/86, s. 17.

18. In addition to any other requirements of this Regulation, where an employer is in possession of an x-ray source that consists of analytic x-ray equipment to which section 17 does not apply and that is primarily used to determine the structure or composition of a sample of a material, the employer shall comply with the following requirements:

1. The control panel shall have an indicator, in close proximity to the x-ray "ON/OFF" switch, that clearly indicates when x rays are being produced in the x-ray tube.
2. A warning light shall be mounted near each x-ray tube in such a way as to be clearly visible from any direction from which the tube can be approached, that indicates when x rays are being produced.
3. The condition of each shutter, open or closed, shall be clearly indicated at or near the x-ray tube.
4. Each port shall be designed in such a way that the x-ray beam can emerge only when a camera or other recording device is in its proper position, wherever practicable.
5. At least one of the warning or safety devices mentioned in paragraphs 1 to 4 shall be of failsafe design.

- 6. A guard or interlock which prevents entry of any part of the body into the primary beam path shall be used, wherever practicable.
- 7. A shield shall be provided to absorb the primary beam at the nearest practicable position beyond the point of intersection of the beam and the sample that it is intended to irradiate.
- 8. All unused ports shall be secured in such a

way as to prevent inadvertent opening.
O. Reg. 632/86, s. 18.

19. In applying this Regulation, a procedure or device may vary from the procedure or device prescribed in this Regulation if the protection afforded thereby is equal to or greater than the protection afforded by the procedure or device prescribed.
O. Reg. 632/86, s. 19.

20. Ontario Regulation 263/84 is revoked.

Schedule

PART OF BODY IRRADIATED	EXPOSURE CONDITIONS AND COMMENTS	DOSE EQUIVALENT ANNUAL LIMIT (millisieverts)	
		X-RAY WORKERS	OTHER WORKERS
Column 1	Column 2	Column 3	Column 4
Whole body or trunk of body	Uniform irradiation	50	5
Partial or non-uniform irradiation of body	The Limit applies to the EFFECTIVE DOSE EQUIVALENT defined in Note (a)	50	5
Lens of eye	Irradiated either alone or with other organs or tissues	150	50
Skin	The limit applies to the mean dose equivalent to the basal cell layer of the epidermis for any area of skin of 1 square centimetre or more	500	50
Individual organs or tissues other than lens of eye or skin	The limit on effective dose equivalent applies, with an overriding limit on the dose equivalent to the individual organ or tissue	500	50

Notes to the Schedule:

- (a) The EFFECTIVE DOSE EQUIVALENT, H_E , is determined by the following formula:

$$H_E = \sum_T W_T H_T$$

where:

- (i) T is an index for tissue type;
 - (ii) H_T is the annual dose equivalent in tissue T;
 - (iii) W_T is a weighting factor which has the following values:
 - 0.25 for the gonads,
 - 0.15 for the breast,
 - 0.12 for the red bone marrow,
 - 0.12 for the lungs,
 - 0.03 for the bone surfaces,
 - 0.03 for the thyroid,
 - 0.06 for each of the five other organs or tissues receiving the highest dose equivalents, but excluding the skin, extremities and eye lenses. The exposure of all other remaining tissues can be neglected. When the gastro-intestinal tract is irradiated, the stomach, small intestine, upper large intestine and lower large intestine shall be considered as four separate organs; and
 - (iv) $\sum_T W_T H_T$ is the sum of the $W_T H_T$ values for all irradiated tissues which receive more than 1 millisievert in a given year.
- (b) The annual limits do not include any dose equivalent received by a worker from background sources or received as a patient undergoing medical diagnostic or therapeutic procedures.
- (c) The annual limits include any dose equivalent received by a worker, as a consequence of his or her occupation, from all sources of ionizing radiation.

OCCUPATIONAL HEALTH AND SAFETY ACT

O. Reg. 633/86.

Oil and Gas—Offshore.

Made—October 30th, 1986.

Filed—October 30th, 1986.

REGULATION MADE UNDER THE OCCUPATIONAL HEALTH AND SAFETY ACT

OIL AND GAS—OFFSHORE

INTERPRETATION

1. In this Regulation,

“boom” means the projecting part of a backhoe, shovel, crane or similar lifting device from which a load is likely to be supported;

“cathead” means a spool-shaped attachment on a winch around which rope for hoisting and pulling is wound;

“Director” means the Chief Inspector of the Petroleum Resources Section, South-West Region, Ministry of Natural Resources;

“drawworks” means the hoisting mechanism on a rig which raises or lowers the drill stem and bit;

“flammable liquid” means a liquid having a flash point below 37.8° Celsius, and a vapour pressure below 275 kilopascals absolute at 37.8° Celsius;

“kelly” means the heavy steel pipe with four or six sides that is connected to the top of the drill pipe;

“lifting device” means a device that is used to raise or lower any material or object and includes its rails and other supports;

“prime mover” means an initial source of motive power;

“professional engineer” means a person who is licensed as a professional engineer under the *Professional Engineers Act*, 1984;

“rig” means any rotary drilling ship, cable tool ship, barge, platform or other rig used for offshore oil or gas exploration, development, production, maintenance, workover, capping, plugging or abandonment operations;

“transmission equipment” means any object or objects by which the motion of a prime mover is transmitted to a machine that is capable of utilizing such motion and includes a shaft, pulley, belt, chain, gear, clutch or other device. O. Reg. 633/86, s. 1.

PART I

GENERAL

2. In applying this Regulation, the composition, design, size and arrangement of any material, object,

device or thing may vary from the composition, design, size or arrangement prescribed if the factors of strength, health and safety are equal to or greater than the factors of strength, health and safety in the composition, design, size or arrangement prescribed. O. Reg. 633/86, s. 2.

3. This Regulation applies to all work done offshore on or from a rig. O. Reg. 633/86, s. 3.

4. The minimum age of a worker is eighteen years of age. O. Reg. 633/86, s. 4.

5. Prior to the start of the drilling season, the owner of the licence of occupation under the *Mining Act* shall provide a notice in writing to the Director, setting out,

- (a) the contents of the operating manual required under section 14; and
- (b) details of an emergency plan to rescue workers in the event of an emergency. O. Reg. 633/86, s. 5.

6. An emergency plan shall be prepared in writing and shall include,

- (a) a suitable and rapid means of obtaining first aid help and transportation from the rig to a hospital for injured workers; and
- (b) the measures and procedures to be used to,
 - (i) control a major fire,
 - (ii) react to serious damage to the rig,
 - (iii) evacuate the rig, and
 - (iv) notify rescue personnel. O. Reg. 633/86, s. 6.

7. The written report required by section 25 of the Act shall include,

- (a) the name and address of the employer;
- (b) the nature and the circumstances of the occurrence and the bodily injury sustained;
- (c) a description of the machinery or equipment involved;
- (d) the time and place of the occurrence;
- (e) the name and address of the person who was killed or critically injured;
- (f) the names and addresses of all witnesses to the occurrence; and
- (g) the name and address of the physician or surgeon, if any, who is attending or has attended the injury. O. Reg. 633/86, s. 7.

8. For the purposes of section 26 of the Act, notice of,

- (a) an accident, explosion or fire which disables a worker from performing his usual work; or
- (b) an occupational illness,

shall include,

- (c) the name, address and type of business of the employer;
- (d) the nature and the circumstances of the occurrence and the bodily injury or illness sustained;
- (e) a description of the machinery or equipment involved;
- (f) the time and place of the occurrence;
- (g) the name and address of the person suffering the injury or illness;
- (h) the names and addresses of all witnesses to the occurrence;
- (i) the name and address of the physician or surgeon, if any, who is attending or has attended the injury or illness; and
- (j) the steps taken to prevent a recurrence. O. Reg. 633/86, s. 8.

9. A record of an accident, explosion or fire causing injury requiring medical attention but not disabling a worker from performing his usual work shall be kept in the permanent records of the employer and include particulars of,

- (a) the nature and circumstances of the occurrence and the injury sustained;
- (b) the time and place of the occurrence; and
- (c) the name and address of the injured person. O. Reg. 633/86, s. 9.

10. A record kept as prescribed by section 9 for the inspection of an inspector shall be notice to the Director. O. Reg. 633/86, s. 10.

11. A record of the qualifications of all workers appointed as competent persons shall be kept in the permanent records of the employer for as long as the worker is employed with the employer. O. Reg. 633/86, s. 11.

PART II

PREPARATION

12. Muster lists shall be posted in two conspicuous locations on the rig and in each cabin. O. Reg. 633/86, s. 12.

13. A muster list shall indicate,

- (a) emergency signals or alarms;
- (b) fire stations;
- (c) survival craft stations;
- (d) workers in charge of survival craft; and
- (e) procedures outlined in the emergency plan. O. Reg. 633/86, s. 13.

14. An operating manual prescribing the procedures to be followed shall be,

- (a) available for each drilling or related operation; and
- (b) readily accessible to a worker on the drilling site. O. Reg. 633/86, s. 14.

15. The employer shall ensure that a rig and its equipment is inspected for compliance with this Regulation,

- (a) in port, by an inspector prior to the drilling season; and
- (b) by a worker who is a competent person at least once every thirty working days while in operation. O. Reg. 633/86, s. 15.

16. The employer shall ensure that the derrick or mast is inspected by a competent person,

- (a) prior to being put into position, raised or lowered; and
- (b) at least once every year while in port. O. Reg. 633/86, s. 16.

17. The employer shall ensure that firefighting and life saving equipment is inspected by a competent person at least once every two weeks. O. Reg. 633/86, s. 17.

18. The employer shall ensure that a lifting device is examined by a competent person to determine its capability of handling the maximum load as rated,

- (a) prior to being used for the first time; and
- (b) thereafter as often as necessary but not less frequently than recommended by the manufacturer and, in any case, at least once a year. O. Reg. 633/86, s. 18.

19. Written reports of inspections required by this Regulation shall be made by a competent person and shall be kept,

- (a) on the rig for a period of one year; and

- (b) at the employer's principal office in Ontario for a period of five years,

from the date of inspection. O. Reg. 633/86, s. 19.

20. The employer shall ensure that for each crew of workers on a working rig,

- (a) a fire drill is held at least once every two weeks;
- (b) an evacuation drill is held at least once every four weeks; and
- (c) a man-over-board drill is held at least once every four weeks. O. Reg. 633/86, s. 20.

PART III

GENERAL REQUIREMENTS

21. A worker required to wear or use any protective clothing, equipment or device shall be instructed and trained in its care and use before wearing or using the protective clothing, equipment or device. O. Reg. 633/86, s. 21.

22. Every worker who is exposed to the hazard of head injury shall wear head protection appropriate in the circumstances. O. Reg. 633/86, s. 22.

23. Every worker who is exposed to the hazard of eye injury shall wear eye protection appropriate in the circumstances. O. Reg. 633/86, s. 23.

24. Every worker who is exposed to the hazard of foot injury shall wear foot protection appropriate in the circumstances. O. Reg. 633/86, s. 24.

25. Long hair shall be suitably confined to prevent entanglement with any rotating shaft, spindle, gear, belt or other source of entanglement. O. Reg. 633/86, s. 25.

26. Every worker who is exposed to the hazard of skin injury by contact with,

- (a) a noxious gas, liquid, fume or dust;
- (b) a sharp or jagged object which may puncture, cut or abrade his skin;
- (c) a hot object, hot liquid or molten metal; or
- (d) radiant heat,

shall be provided with protection by the employer in the form of,

- (e) wearing apparel sufficient to protect the worker from injury; or
- (f) a shield, screen or similar barrier,

appropriate in the circumstances. O. Reg. 633/86, s. 26.

27. Where a worker is exposed to the hazard of falling and the surface to which the worker might fall is more than three metres below the position where the worker is situated,

(a) the employer shall provide and the worker shall wear a fall arrest system consisting of a serviceable safety belt or harness and lifeline adequately secured to a fixed support and so arranged that the worker cannot fall freely for a vertical distance of more than 1.5 metres; and

(b) the fall arrest system described in clause (a) shall,

(i) have sufficient capacity to absorb twice the energy and twice the load that under the circumstances of its use may be transmitted to it, and

(ii) be equipped with a shock absorber or other devices to limit the maximum arresting force to 8.0 kilonewtons to the worker. O. Reg. 633/86, s. 27.

28. Every worker who is exposed to the hazard of falling into water shall wear a life jacket. O. Reg. 633/86, s. 28.

29. Material, articles or things,

(a) required to be lifted, carried or moved shall be lifted, carried or moved in such a way and with such precautions and safeguards, including protective clothing, guards or other precautions as will ensure that the lifting, carrying or moving of the material, articles or things does not endanger the safety of any worker;

(b) shall be transported, placed or stored so that the material, articles or things,

(i) will not tip, collapse or fall, and

(ii) can be removed or withdrawn without endangering the safety of any worker; and

(c) to be removed from a storage area, pile or rack shall be removed in a manner that will not endanger the safety of any worker. O. Reg. 633/86, s. 29.

30. Machinery, equipment or material that may tip or fall and endanger any worker shall be secured against tipping or falling. O. Reg. 633/86, s. 30.

31. Cylindrical objects stored on their side shall be piled symmetrically with each unit in the bottom row

chocked or wedged to prevent motion. O. Reg. 633/86, s. 31.

32. Barrels, drums or kegs that are piled on their ends shall have two parallel planks placed on top of each row before another row is added. O. Reg. 633/86, s. 32.

33. A storage cylinder for compressed gas shall,

(a) be secured in position during use;

(b) have the valve protection cap in position when the cylinder is not in use;

(c) when containing acetylene, be in an upright position; and

(d) be protected from physical damage. O. Reg. 633/86, s. 33.

34. A silo, bin, hopper, structure, container or thing used for storing or containing bulk material may be entered only where,

(a) the supply of material thereto is stopped and precautions are taken that will prevent any further supply;

(b) mechanical equipment that may endanger a worker is,

(i) disconnected from its power source, and

(ii) locked out;

(c) the space is ventilated to provide a safe atmosphere;

(d) the space is tested for lack of oxygen and presence of combustible gases;

(e) the worker entering is wearing a safety harness or other similar equipment attached to a rope or lifeline; and

(f) at least one other worker equipped with a suitable alarm and capable of rendering any necessary assistance is keeping watch nearby. O. Reg. 633/86, s. 34.

35. Where the operator of a crane or similar material handling equipment does not have a full view of the intended path of travel of the crane or similar material handling equipment or its load, the crane or similar material handling equipment shall only be operated as directed by a signaller who is a competent person and who is stationed,

(a) in full view of the operator;

(b) with a full view of the intended path of travel of the crane or similar material handling equipment and its load; and

(c) clear of the intended path of travel of the crane or similar material handling equipment and its load. O. Reg. 633/86, s. 35.

36. Except for the purpose of a test of the material handling equipment, no material handling equipment shall be loaded in excess of its maximum rated load. O. Reg. 633/86, s. 36.

37. A worker who may be exposed to a biological, chemical or physical agent that may endanger the worker's safety or health shall be trained,

- (a) in the precautions and procedures to be followed in the handling, use and storage of the agent;
- (b) in the proper use and care of required personal protective equipment; and
- (c) in the proper use of emergency measures and procedures. O. Reg. 633/86, s. 37.

38. No food, drink or tobacco shall be taken into, left or consumed in any room, area or place where any substance that is poisonous by ingestion is exposed. O. Reg. 633/86, s. 38.

39. Containers used for handling or storage of corrosive, flammable or hazardous materials shall be,

- (a) appropriate for their intended use;
- (b) constructed to prevent spillage or leakage;
- (c) labelled to identify the contents; and
- (d) disposed of in a manner that will not endanger a worker's health or safety and complies with the requirements of the Ministry of the Environment. O. Reg. 633/86, s. 39.

40. A rig shall have an easily accessible eyewash station and deluge shower adjacent to the mud mixing facilities. O. Reg. 633/86, s. 40.

41.—(1) In this section, "decibel" means decibel measured on a type 2 sound level meter conforming to the standard Z107.1 of the Canadian Standards Association operating on the A-weighting network with slow meter response.

(2) Where a worker is exposed to a sound level of ninety decibels or greater, measures shall be taken to reduce the sound level below ninety decibels and, where such measures are not practicable,

- (a) the duration of exposure set out in Column 2 of the Table in subsection (5) shall not exceed the duration shown for the particular sound level set opposite thereto in Column 1 of the Table in subsection (5); or
- (b) the person shall wear hearing protection.

(3) Where a worker is exposed to a sound level of 115 decibels or greater, the worker shall wear hearing protection.

(4) Clearly visible warning signs containing the information set out in subsection (5) shall be posted at the approaches to an area where the sound level is more than ninety decibels.

- (5) Warning signs shall state,
- (a) the daily exposure for the particular sound level permitted by the following Table; and
 - (b) that hearing protection must be worn when the daily exposure is more than that permitted for the particular sound level.

(6) Where hearing protection is required by this section, the protection shall be sufficient to reduce the sound level below the sound level in Column 1 of the Table in subsection (5) for the exposure corresponding to that duration in Column 2 of the Table in subsection (5). O. Reg. 633/86, s. 41.

42. Where a machine or prime mover or transmission equipment other than a cathead, kelly or rotary table, has an exposed moving part that may endanger the safety of any worker, the machine or prime mover or transmission equipment shall be equipped with and guarded by a guard or other device that prevents access to the moving part. O. Reg. 633/86, s. 42.

43. An in-running nip hazard or any part of a machine, device or thing that may endanger the safety of any worker shall be equipped with and guarded by a guard or other device that prevents access to the pinch point. O. Reg. 633/86, s. 43.

44. An emergency stop control on a power-driven machine shall,

- (a) be conspicuously identified; and
- (b) be located within easy reach of the operator. O. Reg. 633/86, s. 44.

45. An operating control that acts as a guard for a machine not otherwise guarded shall,

- (a) be in a location where the safety of the operator is not endangered by moving machinery;
- (b) be arranged so that it cannot be operated accidentally; and
- (c) not be made ineffective by a tie-down device or other means. O. Reg. 633/86, s. 45.

46. A grinding wheel shall be,

- (a) marked with the maximum speed at which it may be used;
- (b) checked for defects before mounting;
- (c) mounted in accordance with the manufacturer's specifications;
- (d) operated at a speed which does not exceed the manufacturer's recommendations;
- (e) provided with protective hoods that enclose the wheel as closely as the work will permit;
- (f) operated only by workers protected by eye protection; and
- (g) stored where it will not be subjected to,
 - (i) extreme heat or cold, or
 - (ii) damage from impact. O. Reg. 633/86, s. 46.

47. A work rest for a grinding wheel shall,

- (a) have a maximum clearance of three millimetres from the grinding wheel;
- (b) be in a position above the centre line of the grinding wheel; and
- (c) not be adjusted while the grinding wheel is in motion. O. Reg. 633/86, s. 47.

48.—(1) A lifting device including a crane, pedestal or other mount shall,

- (a) be capable of supporting the loads likely to be applied to it;
- (b) have the maximum load rating clearly marked near the operating station;
- (c) when the hoisting equipment is a crane, have,
 - (i) a load capacity chart that specifies boom angle and maximum working

loads for each block, posted inside the control cab where load rating is more than five tons, and

- (ii) boom and block travel-limiting devices;
- (d) have hooks equipped with safety catches;
- (e) be equipped with suitable ropes, chains, slings and other fittings so as to adequately protect all workers;
- (f) have all operating controls clearly identified;
- (g) be plainly marked with sufficient information so as to enable the operator of the device to determine the maximum rated load that the device is capable of lifting under any operating condition;
- (h) have a cab, screen, canopy guard or other adequate protection for the operator where the worker may be exposed to the hazard of falling material;
- (i) when it is a pneumatic or hydraulic hoist, have controls that automatically return to their neutral position when released;
- (j) be operated only by,
 - (i) a competent person, or
 - (ii) a worker being instructed who is accompanied by a competent person; and
- (k) be operated in such a way that,
 - (i) no part of the load passes over any worker,
 - (ii) where a worker may be endangered by the rotation or uncontrolled motion of a load, one or more guide ropes is used to prevent rotation or other uncontrolled motion, and
 - (iii) when its load is in a raised position, the controls are attended by an operator.

(2) Subclause (1) (k) (iii) does not apply to a hydraulic hoist that supports the load from below and is fixed in one location. O. Reg. 633/86, s. 48.

49. Hoisting controls operated from other than a cab or cage shall,

- (a) be located so that they can be operated at a safe distance from a load being lifted; and
- (b) automatically return to their neutral position when released. O. Reg. 633/86, s. 49.

50. Where a lifting device is equipped with limit switches, the switches shall,

- (a) automatically cut off the power and apply the brake when the limit is reached; and
- (b) when used as an operating control, have a second limit switch located beyond the control limit switch. O. Reg. 633/86, s. 50.

51. A crane, lift truck or similar equipment shall be used to support, raise or lower a worker only when,

- (a) the worker is on a platform,
 - (i) equipped with adequate safety devices that will automatically prevent the platform and load from falling if the platform's normal support fails,
 - (ii) suspended from a boom, and the person is attached to a separate lifeline suspended from the boom or a fixed support capable of supporting at least four times the weight of the worker, or
 - (iii) attached to a mast or boom that,
 - (A) is hydraulically or pneumatically operated, and
 - (B) is equipped with a safety device that will prevent free fall of the platform in the event of a pressure line failure;
- (b) where the equipment is not designed for the specific purpose of hoisting personnel, the load applied to the crane, lift truck or similar equipment is less than one half the maximum rated load;
- (c) the platform has a sign indicating the load described in clause (b);
- (d) where controls are provided at more than one location,
 - (i) each control station is provided with means whereby the operator can shut off power to the equipment, and
 - (ii) interlocks have been provided so that only one station can be operative at any time; and
- (e) except when the controls are operated from the platform, the controls are attended and operated by another worker. O. Reg. 633/86, s. 51.

52.—(1) There shall be a guardrail,

- (a) at the perimeter of any area where there is a drop of more than one metre;
- (b) on a mud tank; and
- (c) where there is a hazard of falling into water or other hazardous material.

(2) A guardrail shall consist of,

- (a) a top rail not less than 107 centimetres above the surface, floor or platform;
- (b) a mid rail located approximately mid way between the top rail and walking surface; and
- (c) posts or uprights, supporting the top rail and spaced not more than three metres apart from centre to centre.

(3) A guardrail shall,

- (a) be capable of withstanding any load likely to be applied to it; and
- (b) where tools or other objects may fall on any worker, have a toe-board extending from the floor platform or other surface to a height of not less than 125 millimetres. O. Reg. 633/86, s. 52.

53. A cover on an opening in a floor, roof or other surface shall be,

- (a) secured in place; and
- (b) of sufficient strength to support,
 - (i) any load likely to be applied to it, or
 - (ii) 2.4 kilonewtons per square metre,
 whichever is greater. O. Reg. 633/86, s. 53.

PART IV

RIGS

54. Where natural lighting is inadequate to ensure the safety of any worker, artificial lighting shall be provided and shadows and glare shall be reduced to a minimum. O. Reg. 633/86, s. 54.

55. A rig shall have emergency storage batteries or other system capable of supplying power for twenty-four continuous hours, sufficient to operate,

- (a) the marine radio required under the Ship Station Radio Regulations made under the *Canada Shipping Act* for transmitting or receiving on the distress frequency;
- (b) the navigation and obstruction lights; and

- (c) the lighting required in communications and navigational control areas of the drill unit. O. Reg. 633/86, s. 55.

56. A rig shall have emergency lighting that,

- (a) turns on automatically when the regular lighting fails;
- (b) is independent of the regular lighting source;
- (c) provides adequate lighting for evacuation of the area; and
- (d) is tested at least once every three months, but not less frequently than recommended by the manufacturer to ensure the system will function in an emergency,

in work places that are,

- (e) a communication centre;
- (f) a drill floor;
- (g) a well control area;
- (h) a stairway;
- (i) an exit;
- (j) a machinery generator area;
- (k) an area where lighting is required for well control;
- (l) a passageway;
- (m) a navigation control area; or
- (n) a survival craft embarkation station. O. Reg. 633/86, s. 56.

57. The rig shall be kept clean, tidy and free from accumulation of waste materials, oil and mud in all areas used by a worker. O. Reg. 633/86, s. 57.

58. Walkways and the area around the base of a derrick ladder shall be clear of obstruction. O. Reg. 633/86, s. 58.

59. Each enclosed work place at or near which a worker regularly works on a rig shall have a least two exits. O. Reg. 633/86, s. 59.

60. An exit shall,

- (a) be located as distant from the next required exit as practicable;
- (b) be suitably identified with a sign; and
- (c) when the opening is covered by a door, have the door hinged to open in the direction of exit travel. O. Reg. 633/86, s. 60.

61. A diesel or gas powered engine shall,

- (a) be located in an area where combustible gases are not likely to be present;
- (b) be located as far as practicable from the centre line of the well bore;
- (c) be equipped with an emergency stop control;
- (d) be equipped with a fire extinguishing system when in an enclosed area; and
- (e) be equipped with one fire extinguisher having a U.L.C. rating of twenty BC or higher in an open area. O. Reg. 633/86, s. 61.

62. No person shall smoke during emergencies or in any area except those,

- (a) used for recreation;
- (b) used for accommodation purposes; or
- (c) designated by the employer as a smoking area. O. Reg. 633/86, s. 62.

63. Where welding or flame-cutting is planned, the worker shall, prior to starting work,

- (a) inspect the working area for fire hazards;
- (b) test for the presence of combustible gases;
- (c) notify other workers that may be affected by this work; and
- (d) ensure that fire fighting equipment is readily available. O. Reg. 633/86, s. 63.

64.—(1) No person under the influence of, or carrying, an intoxicating alcoholic beverage shall enter, or be on, or knowingly be permitted to enter, or be on, a rig.

(2) Subject to subsection (3), no person under the influence of, or carrying, a drug or narcotic substance shall enter, or be on, or knowingly be permitted to enter, or be on, a rig.

(3) A person required to use a drug for a medical purpose and able to perform work may enter and be on a rig upon establishing medical proof thereof. O. Reg. 633/86, s. 64.

65. A rig shall have,

- (a) emergency equipment and life-saving devices sufficient in number to provide for the escape of all workers;
- (b) a light-weight manoeuvrable rescue boat;
- (c) a suitable means of launching all survival or life-saving craft;

- (d) at least four life buoys, of which at least two shall have self-igniting lights;
- (e) life-jackets sufficient in number to provide one for each worker, and in addition, a sufficient number of life-jackets at each survival craft embarkation station to provide one each for 25 per cent of the workers for whom accommodation is available on the survival craft;
- (f) personal floatation devices suitable for performing work which are sufficient in number to provide one each for every worker on shift at any one time;
- (g) a line throwing apparatus and twelve distress signals;
- (h) at least one buoyant personnel transfer basket, except where the drilling unit is not equipped with a crane or where there are fewer than three workers;
- (i) first-aid requirements specified under the *Workers' Compensation Act*; and
- (j) at least two workers per shift who possess a standard first-aid certificate from St. John Ambulance. O. Reg. 633/86, s. 65.

66. Life rafts shall be,

- (a) sufficient in number so that their combined capacity is capable of accommodating at least two workers more than the maximum number of workers present at any time;
- (b) so located that one half of the life rafts are on one side of the rig and the balance on another side; and
- (c) equipped with first aid supplies. O. Reg. 633/86, s. 66.

67. A life-buoy shall be,

- (a) equipped with a line approved by Canada Coast Guard whose length is at least one and one-half times the distance from the life-buoy station to the water line at shallow drafts;
- (b) located so as to be readily available to any worker; and
- (c) stored in a location which is clearly identified by a sign or other means. O. Reg. 633/86, s. 67.

68. A rig shall be equipped with,

- (a) self-contained breathing apparatus sufficient in number for the working crew, located in areas readily available to the working area;

- (b) at least two portable hydrogen sulphide gas detectors;
- (c) at least two portable combustible gas detectors; and
- (d) at least two portable oxygen gas detectors. O. Reg. 633/86, s. 68.

69. A rig shall be equipped with survival suits,

- (a) approved by Canada Coast Guard;
- (b) sufficient in number for at least two workers more than the maximum number of workers present at any time; and
- (c) located in areas convenient to working, accommodation and survival craft embarkation areas. O. Reg. 633/86, s. 69.

70. A rig shall be equipped with fire protection and detection equipment. O. Reg. 633/86, s. 70.

71. A rig shall have a general alarm system consisting of a hailer or public address system that is audible in the work place. O. Reg. 633/86, s. 71.

72. A general alarm shall be sounded to alert workers when there is a danger to,

- (a) the safety of the workers;
- (b) the security of the drilling unit or the well; or
- (c) the health of the workers due to the presence of toxic or combustible gases. O. Reg. 633/86, s. 72.

73. A rig shall have a radio communication system that,

- (a) includes a very high frequency marine radio telephone;
- (b) includes a radio capable of communicating with any support craft used in connection with the drilling operations;
- (c) has an emergency back-up system; and
- (d) has a competent person available to,
 - (i) maintain a listening watch on the 156.8 MHz frequency, and
 - (ii) monitor all movements of any support craft operating between the rig and the shore. O. Reg. 633/86, s. 73.

74. A helicopter used in conjunction with an offshore rig shall carry a sufficient number of immersion suits to provide one for each crew member and passenger when surface water temperature is below 18° Celsius. O. Reg. 633/86, s. 74.

75. Where a helicopter deck on a rig is used it shall be,

- (a) so located as to have an unobstructed approach path on at least a 210° sector;
- (b) capable of supporting any type of helicopter than is likely to land on it;
- (c) equipped with,
 - (i) tie-down devices for at least one helicopter,
 - (ii) internationally recognized markings,
 - (iii) deck lights suitable for night flying where night flights are made,
 - (iv) a non-skid deck surface, and
 - (v) safety nets around the perimeter of the deck;
- (d) equal to or larger than the rotor diameter of any single-main rotor helicopter that is likely to land on the deck; and
- (e) kept clear of obstructions. O. Reg. 633/86, s. 75.

76. Rigs shall not be used for helicopter refueling. O. Reg. 633/86, s. 76.

77. A personnel transfer basket shall,

- (a) not be used to transfer cargo except in an emergency;
- (b) only be used under conditions of good visibility and weather;
- (c) be raised or lowered over water to the greatest extent practicable; and
- (d) be operated by a competent person. O. Reg. 633/86, s. 77.

78. Living quarters for the drilling crews shall be,

- (a) equipped with at least four self-contained breathing apparatus;
- (b) clean and sanitary;
- (c) capable of being heated to at least 20° Celsius; and
- (d) equipped with a smoke detector and alarm in each room. O. Reg. 633/86, s. 78.

79. A rig shall have,

- (a) its hull, superstructure, bulkheads and decks constructed of material at least as resistant to fire as steel;
- (b) a means of embarking all workers so as not to endanger them;
- (c) a system of ventilation adequate to ensure that the gas, vapour, dust or fume does not reach a hazardous concentration;
- (d) ventilators, ports and other openings in any room so arranged that they can be closed;
- (e) its derrick or mast constructed to support any load likely to be applied to it without exceeding the maximum rated load; and
- (f) its drilling depth limited to comply with clause (e). O. Reg. 633/86, s. 79.

80. Drilling equipment shall be constructed to withstand all loads or pressure applied to it without exceeding the maximum rated load. O. Reg. 633/86, s. 80.

81. A cathead shall,

- (a) be operated by a competent person;
- (b) when a rope is manually operated on it, be,
 - (i) equipped with a blunt smooth-edged rope divider that has a clearance from the friction surface of the cathead of seven millimetres or less, and
 - (ii) operated only when the operating area is clear and the portion of the rope not in use is coiled or spooled;
- (c) be located so that there is at least 500 millimetres of working area between the outer flanges and a substructure, guardrail or wall;
- (d) have its controls attended while in use;
- (e) when a rope or line is in use, have all other ropes and lines placed so that they cannot come in contact with,
 - (i) the cathead, or
 - (ii) the rope or line in use on the cathead;
- (f) when automatic, have a separate control except where,
 - (i) dual purpose controls are used, and
 - (ii) a locking device prevents an automatic cathead from being accidentally engaged while the other is in operation;

- (g) have a key seat and projecting key covered with a smooth thimble or plate;
- (h) when unattended, be kept free of contact with any rope or line; and
- (i) have only ropes or lines free from splaces come in contact with the friction surface. O. Reg. 633/86, s. 81.

82. A travelling block shall,

- (a) be equipped with securely attached sheave guards;
- (b) be free of projecting bolts, nuts, pins or parts; and
- (c) have any hook to which equipment is attached equipped with,
 - (i) a safety latch, or
 - (ii) a wire rope safety line. O. Reg. 633/86, s. 82.

83. A counterweight above a derrick floor, when not fully encased or running in permanent guides, shall be held to the frame of the derrick with a wire rope safety line that,

- (a) is not less than sixteen millimetres in diameter; and
- (b) will prevent the counterweight from coming within 2.4 metres of the floor. O. Reg. 633/86, s. 83.

84. A make-up or breakout tool shall have a safety device that prevents its uncontrolled movement. O. Reg. 633/86, s. 84.

85. A rotary drilling table shall not be used for final making up or initial breaking out of a pipe connection. O. Reg. 633/86, s. 85.

86. Drilling shall occur only if,

- (a) all workers and loose materials are clear of the drill;
- (b) visual obstructions are removed; and
- (c) other measures are taken to protect workers from hazards created by the cathead and tong lines. O. Reg. 633/86, s. 86.

87. A hoisting rope, chain, sling or fitting shall,

- (a) not be loaded beyond the safe-working load;
- (b) not be used to raise or lower a worker, other than an injured worker in case of emergency; and

- (c) have the safe-working load established by,
 - (i) a professional engineer, or
 - (ii) the manufacturer. O. Reg. 633/86, s. 87.

88. A hoisting rope shall be,

- (a) securely fastened to the winding drum with at least five full wraps remaining on the drum at any time;
- (b) removed from a drum only when the travelling block is,
 - (i) lying on the derrick floor, or
 - (ii) supported by means of a separate wire rope; and
- (c) equipped with a reliable weight indicator that, if hung above the floor, is secured by means of a safety line or chain. O. Reg. 633/86, s. 88.

89. Stairways shall be installed,

- (a) beside the ramp to a derrick floor and extending from the deck to the derrick floor; and
- (b) at the outer end of a walkway which is sixty-one centimetres or more above the deck and extending from the deck to the walkway. O. Reg. 633/86, s. 89.

90. Ladder platforms shall be,

- (a) in place adjacent to a derrick ladder, other than where the ladder has a climbing device that protects the worker from falling; and
- (b) located,
 - (i) at the crown of all drill rigs, and
 - (ii) approximately equidistant but nine metres or less apart. O. Reg. 633/86, s. 90.

91. Where a worker is stationed on an elevated platform on the derrick or mast, an auxiliary means of escape shall,

- (a) be in place at the working platform; and
- (b) consist of a specially rigged and securely anchored escape line or system. O. Reg. 633/86, s. 91.

92. A pipe, kelly hose, cable or rope shall not be used to slide down, other than the escape line in case of emergency. O. Reg. 633/86, s. 92.

93. A pipe rack shall,

- (a) be capable of supporting the loads to which it is to be subjected;
- (b) have a means of preventing pipes and other round material from falling out of the rack; and
- (c) be loaded or unloaded in such a way that no worker is,
 - (i) on top of the load, or
 - (ii) between the load and the pipe rack. O. Reg. 633/86, s. 93.

94. Drawworks shall,

- (a) have a reliable locking mechanism to hold down the brakes in the engaged position;
- (b) be tested for adequate brake function at the beginning of each shift;
- (c) except during drilling, be attended at all times while the hoisting drum is in motion;
- (d) except if equipped with an automatic feed control, when unattended have the brakes secured in the engaged position; and
- (e) be put in motion only when all workers are clear of machinery and lines. O. Reg. 633/86, s. 94.

95. Explosives and detonators shall be stored,

- (a) separately;
- (b) as far as practicable from,
 - (i) work areas,
 - (ii) living quarters,
 - (iii) sources of ignition, and
 - (iv) sources of physical damage;
- (c) in an area protected from lightning and other sources of electricity;
- (d) in quantities not exceeding fifty kilograms on a rig; and
- (e) in a magazine that,
 - (i) is conspicuously marked by "DANGER—EXPLOSIVES" signs,
 - (ii) is securely constructed and locked except when required to be opened for the issue or receipt of explosives,

(iii) provides partitions to separate two or more explosives, and

(iv) is constructed or lined or covered so as to prevent the exposure of the explosive to any grit, iron, steel or similar substance. O. Reg. 633/86, s. 95.

96. A competent person shall be placed in charge of the explosives magazine to,

- (a) issue and receive explosives;
- (b) inspect the condition and contents of the magazine once a week; and
- (c) issue a report in writing to a supervisor as to the condition and contents of the magazine as identified during the inspection required in clause (b). O. Reg. 633/86, s. 96.

97. Electrical equipment shall,

- (a) comply with the *Institute of Electrical and Electronics Engineers Recommended Practice for Electrical Installations on Shipboard Standard 45-1983*;
- (b) be explosion proof,
 - (i) within four metres horizontally from the centre line of the well bore,
 - (ii) within three metres vertically above the drill floor,
 - (iii) within three metres vertically below the drill floor,
 - (iv) within three metres vertically and horizontally from a mud ditch, shale shaker, degasser and mud tank, and
 - (v) in any enclosed high fire hazard area;
- (c) be suitable for its intended use; and
- (d) be equipped with two manual shut off switches located distant from each other, which will disconnect the circuit from the power plant to the drilling equipment. O. Reg. 633/86, s. 97.

98. Well stimulation and similar operations shall,

- (a) be equipped with a check valve as close as practicable to the well head riser, except where cementing or selective acidizing is being done;
- (b) where liquid carbon dioxide is being used, be controlled from a position on the far side of the pumping unit when viewed from the well head riser;

- (c) not be carried out until workers are removed a distance of three metres from the well head riser;
- (d) be equipped with fire protection positioned to control the increase hazard of fire where flammable fluids are being pumped by two or more pumping units, including blenders;
- (e) be equipped with bleed-off valves to release pressure before pipe connections are broken; and
- (f) have controls readily operated from the rig floor when oil savers are used. O. Reg. 633/86, s. 98.

99. A system used to maintain drilling fluid shall,

- (a) be equipped with a pressure relief device adequate to vent excess pressure in a controlled manner;
- (b) vent excess pressure to an area which will not endanger workers;
- (c) be designed by a professional engineer; and
- (d) incorporate a testing and control procedure for hydrogen sulphide where oil, water or gas has been encountered. O. Reg. 633/86, s. 99.

100. A blow-out prevention system shall meet the requirements of Regulation 752 of Revised Regulations of Ontario, 1980 made under the *Petroleum Resources Act* and any regulations thereunder. O. Reg. 633/86, s. 100.

OCCUPATIONAL HEALTH AND SAFETY ACT

O. Reg. 634/86.
Diving Operations.
Made—October 30th, 1986.
Filed—October 30th, 1986.

REGULATION MADE UNDER THE
OCCUPATIONAL HEALTH AND SAFETY ACT

DIVING OPERATIONS

INTERPRETATION

1. In this Regulation,

“ambient pressure” means the external pressure on the body of a diver;

“atmospheric diving system” means a diving system in which the ambient pressure for the person using the system is normal atmospheric pressure;

“bail-out system” means an independent breathing-gas supply carried by the diver, of sufficient quantity to return the diver to the surface, bell or emergency supply in the event of a malfunction of the primary gas supply;

“bottom time” means the total elapsed time, measured in minutes, from the time a descending diver leaves the surface to the time the diver begins final ascent, rounded to the next whole minute;

“buddy line” means a line consisting of polythene rope, seven millimetres in diameter and three metres in length, that can be securely attached to each diver;

“closed bell” means a submersible compression chamber;

“decompression sickness” means a disease caused by the formation of gas bubbles in the blood or body tissues as a result of pressure reduction;

“decompression table” means the procedure that a diver follows during the ascent from depth in order to minimize the risk of decompression sickness;

“deep diving operation” means any mode of diving to depths greater than fifty metres;

“Director” means the Director of the Construction Health and Safety Branch of the Ministry of Labour;

“diver” means a worker who performs work under water;

“diver's tender” means a worker who tends divers;

“diving bell” means a surface-tethered structure that can accommodate divers under water;

“diving operation” means work performed underwater for commercial, industrial, construction or environmental purposes and includes the underwater inspection, alteration, repair or maintenance of equipment, machinery, structures or ships and the salvage of sunken property of a commercial or industrial nature;

“diving plant and equipment” means all plant and equipment that form part of the life-support system of a diver;

“diving supervisor” means a competent person having complete responsibility for a diving operation, including responsibility for the safety and health of all diving personnel;

“free swimming” means diving while using S.C.U.B.A., with the diver supervised but not tethered to the surface by a lifeline or float;

"hyperbaric chamber" means a pressure vessel and associated equipment designed for the purpose of applying greater than atmospheric pressure on the body of a diver;

"lifeline" means a manilla rope nineteen millimetres in diameter having a breaking strength of not less than 2,454 kilograms;

"life-support hose bundle" means a composite hose and cable or separate cables extending from the surface to the diver or to the pressure vessel of occupancy of the diver that supplies breathing gas, power, heat or communication as required;

"liveboating" means the support of a surface-supplied diver from a vessel under way, but does not include towing the diver;

"locked-out" means made inoperable by means of a padlock for which the key is held only by a person authorized by the diving supervisor;

"lock-out submersible" means a self-propelled, tethered or untethered, submersible compression chamber from which a diving operation can be carried out, and that has a separate 1-atmosphere chamber from which the submersible is piloted;

"mixed gas" means a respirable breathing mixture, other than air, that provides adequate oxygen to support life and does not cause detrimental physiological effects, particularly excessive breathing resistance or impairment of neurological function;

"no decompression limit" means that, in accordance with the diving decompression table in use for the depth and duration of the dive, no decompression stop is required during the ascent;

"open bell" means a surface-tethered structure that can accommodate divers underwater and is fitted with an onboard life-support system;

"saturation diving" means a technique of diving in which the decompression table used allows a bottom time of unlimited duration;

"S.C.U.B.A." means a self-contained underwater breathing apparatus and includes a self-contained open-circuit compressed air breathing apparatus;

"stage" means a cage, basket or platform in which a diver may be lowered to or raised from a work site;

"stand-by diver" means a diver who is fully equipped to dive and is ready to enter the water, with all life-support and communications equipment tested and at hand, but not necessarily with the helmet, face plate or face mask in place, trained and equipped to operate at the depths and in the circumstances in which the submerged diver is operating and prepared to render assistance to the submerged diver in the event of an emergency;

"submersible compression chamber" means a hyperbaric chamber designed for transporting divers at atmospheric pressure or at an elevated pressure from the surface to the work site and vice versa, and includes untethered lock-out submersibles;

"surface-supply diving" means a diving technique in which the diver is supplied from the dive location with a breathing mixture, by way of an umbilical;

"therapeutic recompression" means the recompression treatment of a diver in accordance with appropriate tables and practices;

"umbilical" means a life-support hose bundle;

"vessel under way" means a vessel that is not at anchor, made fast to the shore or a fixed structure, or aground;

"work site" means an underwater location where work is performed. O. Reg. 634/86, s. 1.

PART I

GENERAL

2. This Regulation applies to every employer, supervisor, worker and constructor engaged in a diving operation. O. Reg. 634/86, s. 2.

3. In applying this Regulation, a procedure and the composition, design, size and arrangement of any material, object, device or thing may vary from the procedures, composition, design, size or arrangement prescribed in this Regulation if the factors of strength, health and safety are equal to or greater than the factors of strength, health and safety in the procedure, composition, design, size or arrangement prescribed. O. Reg. 634/86, s. 3.

4. The constructor of a project in which a diving operation is to take place and an employer who will be engaged in a diving operation shall, before commencing the diving operation,

- (a) notify the Director by telephone of the location and duration of the diving operation and confirm this notification in writing to the Director;
- (b) notify the Director in writing prior to the use of mixed gas diving operations, a copy of which shall be available on the dive site for inspection;
- (c) notify harbour masters and, where it is necessary in the interests of safety, notify navigable water authorities, police departments, fire departments and upstream or adjacent industrial plants producing probable contamination, that a diving operation is to take place and the location thereof, a copy of which shall be available on the dive site for inspection;

- (d) appoint in writing a diving supervisor; and
- (e) set out in writing the operational procedures to be used on the diving operation and a contingency plan for emergencies, a copy of which shall be available on the dive site for inspection. O. Reg. 634/86, s. 4.

5.—(1) The diving supervisor shall be in direct control of the diving operation and shall take every precaution reasonable in the circumstances for the protection of a diver.

(2) Without limiting the generality of subsection (1), the diving supervisor shall,

- (a) establish a diving plan which shall be submitted in writing to the employer before commencement of the diving operation;
- (b) advise the workers of the diving plan and of the emergency procedures that are to be followed in the event of a malfunction of the equipment or system;
- (c) ensure that the diver is competent to perform the work;
- (d) immediately before each dive, review the nature of the hazards in the work site and ensure that the diver fully understands the hazards involved as well as those likely to be encountered in the diving operation;
- (e) ensure that,
 - (i) all necessary equipment and diving plant, including umbilicals, winches, cables, chambers and motors used in a diving operation are provided and maintained in good operating condition and examined daily by a competent person,
 - (ii) there are a sufficient number of competent persons at the dive site,
 - (iii) breathing gas is free of contamination, and
 - (iv) the diving operation is conducted from a suitable and safe place;
- (f) when diving operations are in progress, ensure that appropriate warning devices are displayed to define the area to be kept clear of any equipment other than that connected with the diving operation;
- (g) ensure that a stand-by diver is present at all times when diving operations are in progress;
- (h) except in the case of accident or unavoidable circumstances, ensure that a diver is not permitted to remain at any depth longer than

the maximum time planned for the depth of the dive;

- (i) supervise all therapeutic recompressions;
- (j) while acting as supervisor, not dive except in an emergency; and
- (k) terminate or interrupt the diving operation if, in the diving supervisor's opinion, continuance of the operation is likely to endanger the health or safety of any worker engaged in the operation. O. Reg. 634/86, s. 5.

6.—(1) Every diver shall ensure and the diving supervisor shall be satisfied that the signals and procedures in use and, where applicable, the duties and instructions of the diving partner and all others with whom the diver works, are completely understood.

(2) A diver shall not dive unless,

- (a) the diver has undergone a medical examination as prescribed in subsection 34 (1) and has submitted to the employer the written statement of the physician obtained in accordance with subsection 34 (4);
- (b) the diver is not physically or emotionally fatigued;
- (c) the diver has not consumed alcohol or drugs which would impair diving abilities; and
- (d) the diving supervisor is satisfied that the diver is capable of functioning safely and effectively under water.

(3) A diver shall inform the diving supervisor if he or she is unfit to dive.

(4) Immediately before each dive, the diver shall check that all required equipment is in place and properly fastened and all apparatus is functioning.

(5) Before descent, the same check as that required in subsection (4) shall be conducted in the water by the diver.

(6) On completion of any dive that does not require decompression, the diver shall remain under observation for a period of time sufficient, in the opinion of the diving supervisor, to ensure the welfare of the diver.

(7) On completion of any dive requiring decompression stops, the diver shall remain under observation in the general area of the hyperbaric chamber for a minimum period of one hour but this period of observation shall be extended if, in the opinion of the diving supervisor, it is necessary to ensure the safety of the diver.

(8) A diver shall not fly in any aircraft at an altitude exceeding 300 metres above sea level for twenty-four hours after completion of any decompression.

(9) A sturdy medical alert tag or bracelet displaying the words, "DIVER — IN CASE OF EMERGENCY TAKE IMMEDIATELY TO A HYPERBARIC FACILITY", shall be worn by each diver for at least twenty-four hours after completing each dive. O. Reg. 634/86, s. 6.

7. Every standby-by diver shall,

- (a) be trained and equipped to operate at the depths and in the circumstances in which the submerged diver is operating;
- (b) either at the surface diving base or in the diving bell, have a stand-by umbilical or a lifeline that shall be,
 - (i) of sufficient length to reach an operating diver in all cases, and
 - (ii) where the umbilical or lifeline attached to the operating diver has not become separated from the diver's tender, at least three metres longer than the umbilical or the lifeline of the operating diver;
- (c) only enter the water in the event of an emergency; and
- (d) be positioned so as to be capable of rendering immediate emergency assistance at all times.

O. Reg. 634/86, s. 7.

PART II

EQUIPMENT

8.—(1) All diving equipment including breathing apparatus, compressors, compressed-gas cylinders, gas control valves, pressure gauges, reserve gas-supply devices, piping, helmets, winches, cables, diving bells or stages and all other accessories necessary for the safe conduct of the diving operation shall be,

- (a) of sound construction, adequate strength and free from patent defect;
- (b) maintained in a condition that will ensure its continuing operating integrity and suitability for its actual use;
- (c) adequately protected against malfunction at low temperatures that may be caused by,
 - (i) ambient air or water, or
 - (ii) the expansion of gas; and
- (d) examined, tested, overhauled and repaired in accordance with the manufacturer's recommended procedures.

(2) Record books shall be kept for breathing apparatus, compressors, compressed gas cylinders, gas

control valves, pressure gauges, reserve gas-supply devices, piping, helmets, winches, cables and diving bells or stages, and servicing and repairs thereto shall be entered in the records and dated and signed by the persons performing the examination, servicing and repairing.

(3) The record books shall be kept for a period of one year after the equipment is no longer used. O. Reg. 634/86, s. 8.

9.—(1) When diving is in progress, a surface diving base shall be equipped with,

- (a) if S.C.U.B.A. is being used, one complete spare set of underwater breathing apparatus with fully charged cylinders for emergency purposes only;
- (b) an adequate quantity of oxygen for therapeutic purposes;
- (c) one shot-line of weighted nineteen millimetre manilla of sufficient length to reach the bottom at the maximum depth of the work site;
- (d) a first-aid kit appropriate for the size of the work crew and diving location;
- (e) one complete set of decompression tables;
- (f) a suitable heated facility for the use of workers that is located on or as near as possible to where the dive is to be made;
- (g) a two-way communication system between the surface diving base and emergency services; and
- (h) such other equipment as may be necessary to protect the health and safety of a worker.

(2) All surface diving bases that are vessels shall be equipped with,

- (a) a secondary means of propulsion; or
- (b) a secondary means of transporting an injured diver. O. Reg. 634/86, s. 9.

10. Lifelines shall,

- (a) be free from patent defect, maintained in a condition that will ensure its continuing operating integrity and be free of knots and splices;
- (b) when required to be used, be worn at all times by a submerged diver;
- (c) fit snugly around the diver's waist under all of the diver's equipment except the exposure suit or be securely attached to the diver's safety harness;

- (d) be no longer than is necessary to perform the work;
- (e) be secured at the surface to a safe point of anchorage;
- (f) be secured in a manner that will prevent loss of contact with the diver; and
- (g) be tended at all times by a diver's tender or tethered to an identifiable float located on the surface. O. Reg. 634/86, s. 10.

11.—(1) Subject to subsection (2), the diving supervisor shall ensure that a two-way effective communication system by voice or by pre-arranged line signals is provided between every submerged diver and any person in control of plant and equipment that may assist the diving operation.

(2) The two-way communication provided between the submerged diver and any person in control of plant and equipment shall be by voice when the depth of the dive exceeds or is intended to exceed thirty metres.

(3) A voice communication system shall provide,

- (a) a standard of sound reproduction adequate to enable the diver's breathing to be clearly heard;
- (b) a suitable means of voice-unscrambling when breathing mixtures containing helium or other gases that significantly distort sound transmission are being used; and
- (c) a recording system for voice communications for depths exceeding fifty metres.

(4) In addition to the primary communication system required under subsection (1) an emergency signal shall be established. O. Reg. 634/86, s. 11.

12. Every diver shall be equipped with,

- (a) diver's indicator devices, such as rescue beacons or strobes, where S.C.U.B.A. diving operations are to be carried on during the hours of darkness; and
- (b) a strong, sharp knife. O. Reg. 634/86, s. 12.

13.—(1) A hoisting device used to lower a diver shall not be used for any other purpose until after the diver is in position.

(2) All directions to the operator of the hoisting device shall be given by the diver, the diver's tender or the diving supervisor, but the signal to stop may be given by any person.

(3) A diver being hoisted shall be,

- (a) in continuous visual contact with the diving supervisor by the use of pre-arranged visual signals; or
- (b) in contact with the diving supervisor by the use of a telecommunications system when visual signals are not practicable.

(4) A hoisting device used to raise or lower a stage or submersible compression chamber shall,

- (a) be so constructed that a brake is automatically applied when the control lever, handle or switch is not held in the operating position; and
- (b) not be fitted with a pawl-and-ratchet gear on which the pawl must be disengaged before the commencement of raising or lowering operations. O. Reg. 634/86, s. 13.

14. A stage shall,

- (a) be large enough to carry at least two divers with their personal diving equipment and associated equipment in uncramped conditions;
- (b) be secure against tipping or spinning;
- (c) not contain any equipment that might interfere with an occupant's foothold or handhold; and
- (d) be so constructed or equipped that the occupants are secure against falling out of the stage. O. Reg. 634/86, s. 14.

15. Open diving bells shall,

- (a) be of sufficient size to accommodate all submerged divers;
- (b) provide adequate emergency breathing gas for the safe decompression of divers in an emergency; and
- (c) have a voice communication system which allows contact with surface supervisory personnel. O. Reg. 634/86, s. 15.

16.—(1) Subject to subsection (2), a hyperbaric chamber, Class A, of a double-lock type in operable condition shall be on site where a diving operation is to exceed,

- (a) the no-decompression limit; or
- (b) a depth of thirty metres.

(2) A hyperbaric chamber shall be on site regardless of depth or decompression limits where it is reasonable in the circumstances for the protection of a diver.

(3) Where a dispute arises between an employer, a diving supervisor or a diver as to the requirement for a hyperbaric chamber under subsection (2), the employer, diving supervisor or diver may notify an inspector who shall investigate and give a decision, to be confirmed in writing, to the employer, the diving supervisor or the diver, as appropriate, that shall determine the dispute. O. Reg. 634/86, s. 16.

17. The hyperbaric chamber shall be equipped with adequate fire prevention. O. Reg. 634/86, s. 17.

18.—(1) Where possible, sources of hyperbaric chamber illumination shall be mounted outside the pressure chamber and arranged so that the light is transmitted to the interior by fibre optic techniques.

(2) Where externally mounted lamps are employed for illumination of hyperbaric chambers through view ports, suitable heat shields shall be incorporated to prevent the view ports from heating excessively during use. O. Reg. 634/86, s. 18.

19. All submersible compression chambers shall conform to the requirements of Canadian Standards Association Standard Z275.1-M1982, "Hyperbaric Facilities", and shall,

- (a) be of a design that,
 - (i) enables divers to enter and exit without difficulty, and
 - (ii) allows at least two divers that are equipped and dressed for the diving operation to be seated within;
- (b) be equipped to permit the transfer of personnel under pressure into or from the surface hyperbaric chamber;
- (c) be used in association with lifting gear that enables the chamber to be lowered to the depth at which the diving operation is to be carried out, without excessive lateral, vertical or rotational movement taking place;
- (d) be provided with a means whereby, in the event of a failure of the main lifting gear, the chamber can be returned to the surface and, where such means involve shedding of weights, the controls for such shedding shall be capable of operation from within the chamber and a means shall be incorporated to prevent accidental shedding of these weights; and
- (e) be equipped with,
 - (i) doors or hatches that act as pressure seals and may be opened from either side,
 - (ii) such valves, gauges and other fittings as are necessary to control the internal

pressure and to clearly indicate the internal and external pressures inside the chamber and at the diving station,

- (iii) adequate equipment, protected against inadvertent operation, for supplying the appropriate breathing mixture to persons occupying or working from the chamber,
- (iv) a voice communication system whereby conversation may be maintained both with persons at the diving station and with divers outside the chamber,
- (v) appropriate lighting equipment,
- (vi) adequate first-aid equipment and lifting equipment sufficient to enable an unconscious or injured diver to be hoisted into the chamber by a person located within,
- (vii) a diver's umbilical which shall be limited to thirty metres,
- (viii) a strobe,
- (ix) a location pinger of 37,000 Hz.,
- (x) oxygen and carbon dioxide monitors, and
- (xi) primary and secondary carbon dioxide scrubbers. O. Reg. 634/86, s. 19.

20. A diving operation shall not be conducted from a lock-out submersible unless,

- (a) the submersible is negatively buoyant on the bottom or positively secured to the work site;
- (b) the diving supervisor is on board the submersible and present in the 1-atmosphere chamber during the diving operation;
- (c) in addition to the diving supervisor there is at least one other diver monitoring the diving operation from the lock-out submersible and dressed and equipped to carry out emergency diving operations without prior notice; and
- (d) the diver's umbilical is limited to thirty metres. O. Reg. 634/86, s. 20.

21. A diving operation shall not be undertaken unless,

- (a) an adequate quantity of the appropriate breathing mixture, including a reserve supply 2.5 times that required for the operation, and suitable plant and equipment for supplying the mixture to a diver at a proper

temperature, pressure and flow rate are available for use by every diver engaged in the operation;

(b) an adequate quantity of an appropriate breathing mixture is available for therapeutic purposes; and

(c) when a submersible compression chamber is being used, an additional reserve supply of the appropriate breathing mixture, adequate for a duration of seventy-two hours, together with any necessary plant and equipment, is available. O. Reg. 634/86, s. 21.

22. An appropriate breathing mixture shall be in the bail-out system carried by a diver. O. Reg. 634/86, s. 22.

23. The quantity of breathing mixture supplied for use by a diver shall be sufficient for the time needed by the stand-by diver to reach the diver and for both divers to,

(a) return to the surface and carry out the appropriate decompression procedures during the return; or

(b) return to a submersible compression chamber, if such is being used in the diving operation, and then to surface in that chamber and start the appropriate decompression procedures at the surface. O. Reg. 634/86, s. 23.

24.—(1) When gases mixed in proportions other than the normal proportions of respirable air are used, the employer shall ensure that the procedures and tables of decompression are appropriate for the mixture in use.

(2) A diver shall not be given pure oxygen for breathing except for decompression or therapeutic purposes. O. Reg. 634/86, s. 24.

25. Breathing mixtures of air shall adhere to section 3.8 of Canadian Standards Association Standard Z275.2-M1982, "Occupational Safety Code for Diving Operations". O. Reg. 634/86, s. 25.

26. Compressed air supplied to a diver shall meet the requirements of Canadian Standards Association Standard Z180.1-M1978, "Compressed Breathing Air". O. Reg. 634/86, s. 26.

27.—(1) Compressors used to supply air to divers shall be capable of maintaining a supply of air equal to at least double the volume of air required and at a pressure 25 per cent greater than the maximum pressure requirement anticipated and shall operate automatically without undue fluctuation of pressure in the air-tank receiver.

(2) Compressors supplying breathing gas or air to divers shall discharge the gas or air through adequate

filters into a tank or receiver of suitable volume. O. Reg. 634/86, s. 27.

28.—(1) Compressors shall be operated by a competent person who may be the diver's tender.

(2) The operator of the compressor shall ensure,

(a) that all equipment necessary to supply an adequate quantity of air to the diver is in good working order; and

(b) that valves, stop-valves, drain-cocks, gauges and all parts liable to damage are operating properly. O. Reg. 634/86, s. 28.

29. Hoses and associated fittings shall be constructed of material that is compatible with oxygen at the operating pressure and temperature. O. Reg. 634/86, s. 29.

30. High flow velocities of oxygen through hoses shall be such that the differential pressure along a hose does not exceed 700 kPa. O. Reg. 634/86, s. 30.

31. Quick-opening valves such as ball valves shall not be used in oxygen systems except for emergency shut-off at the point of penetration of a hyperbaric chamber hull. O. Reg. 634/86, s. 31.

32. An area where oxygen is stored shall be,

(a) adequately ventilated;

(b) properly identified with warning signs;

(c) equipped with a fire-suppression system; and

(d) kept clean and located as far as practical from combustible materials. O. Reg. 634/86, s. 32.

33.—(1) Gauges and metering equipment shall be checked at least once every six months and whenever a discrepancy is indicated.

(2) Any malfunction of a gauge or metering equipment shall be rectified immediately or removed from service.

(3) If a gauge or metering equipment is removed from service, it shall be identified as having a malfunction. O. Reg. 634/86, s. 33.

PART III

MEDICAL AND EMERGENCY PROCEDURES

34.—(1) A diver shall undergo a medical examination annually or such shorter period as is specified by the examining physician.

(2) A diver shall, at the expense of the employer, undergo a medical examination where the diving supervisor has reason to believe that the diver is unfit

to dive or where there are special hazards that the diving supervisor has reason to believe may endanger the health of the diver.

(3) The medical examination required under subsection (1) or (2) shall meet the requirements of the Code for Medical Examination of Divers dated the 24th day of October, 1984 and issued by the Ministry.

(4) The physician conducting the medical examination shall provide the diver with a written statement certifying that the examination was conducted in accordance with the Code for Medical Examination of Divers and that the diver is,

- (a) fit;
- (b) fit with limitations; or
- (c) unfit for diving. O. Reg. 634/86, s. 34.

35.—(1) Every diver and at least one worker stationed at the surface shall be trained in cardiopulmonary resuscitation, basic first aid and the emergency treatment of diving ailments.

(2) Where deep water or remote diving operations are to be conducted, one member of the dive team shall,

- (a) be trained as a medical attendant to divers; and
- (b) be available to provide immediate medical assistance in the event of an emergency. O. Reg. 634/86, s. 35.

36. The employer shall arrange for a physician to be on call during a diving operation,

- (a) to provide medical assistance in the event of an emergency; and
- (b) to provide advice on the treatment of decompression sickness. O. Reg. 634/86, s. 36.

37. The employer shall identify the location of the nearest back-up hyperbaric facility suitable for the depth at which the diving operation is to be carried out and shall make arrangements for the use of this facility in the event of an emergency. O. Reg. 634/86, s. 37.

38. At the onset of any sign of malfunction of gear or sign or symptom of distress, the diver shall, when possible, notify the diver's tender and any diving partner by an appropriate signal and shall terminate the dive. O. Reg. 634/86, s. 38.

39. Diving operations, repetitive dives and treatment of divers shall be carried out in strict accordance with appropriate decompression procedures and tables. O. Reg. 634/86, s. 39.

40.—(1) The employer shall ensure that there is a second source of power for the diving system in the event of failure of the primary source.

(2) The second power source shall be capable of,

- (a) being rapidly brought on line;
- (b) operating the handling system for the submersible compression chamber;
- (c) heating the diving plant and equipment, including heating for a diver in the water;
- (d) sustaining life-support systems for compression chambers and any diver in the water;
- (e) illuminating the work site of the diver and the interior of each compression chamber, dive station and other similar equipment; and
- (f) operating communication and monitoring systems. O. Reg. 634/86, s. 40.

41.—(1) Where an atmospheric diving system is to be used, the employer shall locate the nearest back-up unit with sufficient depth capabilities to effect a rescue and shall arrange for its use in the event of an emergency.

(2) An atmospheric diving system shall not be used unless the on-board reserve life-support system is capable of sustaining life for a period of time that would enable the back-up unit to reach the site of the diving operation and conduct rescue operations.

(3) The employer shall provide a written contingency plan with methods for dealing with,

- (a) deteriorating weather and ice conditions during a dive;
- (b) the inability of the surface craft to maintain station;
- (c) failure to any major component of diving plant and equipment; and
- (d) any other hazard that may reasonably be anticipated. O. Reg. 634/86, s. 41.

PART IV

S.C.U.B.A. DIVING

42.—(1) This Part applies to diving operations in which a diver uses S.C.U.B.A.

(2) Where S.C.U.B.A. provides other than normal air mixtures or recirculating apparatus is used on a diving operation, written notice shall be given to the Director, a copy of which shall be available on the dive

site for inspection and the diver shall be competent and adequately trained in the use and hazards of the S.C.U.B.A. O. Reg. 634/86, s. 42.

43.—(1) Subject to subsection (2), a sufficient number of workers shall be present for each diving operation to ensure, so far as is reasonably practical, that the operation can be undertaken safely.

(2) A minimum of three workers shall be present at each dive site, one of whom shall be a diver, one a stand-by diver and one a diver's tender. O. Reg. 634/86, s. 43.

44.—(1) A diver using S.C.U.B.A. shall use a lifeline tended at the surface or tethered to an identifiable float located on the surface and tended at the surface where,

(a) the diver is diving alone; or

(b) the buddy system of diving cannot be used safely.

(2) Work that cannot be performed safely in a tethered mode shall be performed by a diver swimming free and accompanied by another diver who is tethered.

(3) The buddy system of diving shall consist of two divers each of whom shall,

(a) be responsible for the other's safety;

(b) maintain constant visual contact of the other during the dive;

(c) know the hand signals being used and acknowledge each signal as given;

(d) not leave the other except in the case of emergency requiring the assistance of one of them; and

(e) abort the dive immediately if one becomes separated from the other, or one of them aborts the dive.

(4) A lifeline tended from the surface shall be used at all times in a diving operation that is to be carried out under ice. O. Reg. 634/86, s. 44.

45. A S.C.U.B.A. diver shall not dive to depths greater than thirty metres except for the purpose of saving a life. O. Reg. 634/86, s. 45.

46. A diver using S.C.U.B.A. shall, for each dive, use or wear,

(a) except where a S.C.U.B.A. mentioned in subsection 42 (2) is used, an open-circuit S.C.U.B.A. complete with demand regulator and tank with quick-release harness and reserve device or bail-out system;

(b) a face mask;

(c) a suitable knife;

(d) a submersible pressure gauge; and

(e) an exposure suit or protective clothing appropriate for the condition of work and the temperature of the water. O. Reg. 634/86, s. 46.

47.—(1) Each S.C.U.B.A. cylinder shall be hydrostatically tested as required by Transport Canada, for the specific type and construction, at a station licensed by the Canadian Transport Commission.

(2) At least once a year each S.C.U.B.A. cylinder shall be visually inspected internally and externally by a competent person. O. Reg. 634/86, s. 47.

PART V

SURFACE-SUPPLY DIVING

48. This Part applies to surface-supply diving. O. Reg. 634/86, s. 48.

49.—(1) Subject to subsections (2) and (3), a sufficient number of workers shall be present for each diving operation to ensure, so far as is reasonably practical, that the operation can be undertaken safely.

(2) Where the planned depth does not exceed thirty metres, a minimum of three workers shall be present for each diving operation, of whom one shall be a diver, one a stand-by diver and one a diver's tender.

(3) Where the planned depth exceeds thirty metres, a minimum of four workers shall be present for each diving operation of whom one shall be a diver, one a stand-by diver, one a diving supervisor and one a diver's tender. O. Reg. 634/86, s. 49.

50.—(1) A diver's tender shall be a competent person.

(2) Except as permitted in section 28, a diver's tender shall, while working as a tender, devote his or her whole time and attention to the work as a tender.

(3) Except in an emergency, each diver in the water shall have a separate diver's tender. O. Reg. 634/86, s. 50.

51.—(1) Stationary air-lines shall be properly safeguarded against injury or interference.

(2) A valve shall be fitted in each diver's air-line, which valve shall be,

(a) readily accessible;

(b) guarded against interference;

- (c) clearly marked to identify the diver whose air supply it controls; and
- (d) under the care and control of a competent person.

(3) Each air-line supplying air to a diver shall be fitted with a pressure gauge downstream of the supply valve and installed in such a position that its dial figures are in the clear and unobstructed view of the diver's tender.

(4) All hoses, pipes, couplings and other fittings in use in any air or gas supply line for divers shall be designed and suitable for their intended purposes.

(5) Hoses shall be kink resistant and be capable of sustaining the required flow rates and pressures for the systems used. O. Reg. 634/86, s. 51.

52. Where surface-supplied equipment is to be used, a bail-out system shall be worn by the diver. O. Reg. 634/86, s. 52.

53. A non-return valve shall be,

- (a) fitted to all diving helmets and surface-supplied masks; and
- (b) check daily, before the commencement of diving operations in accordance with the written instructions of the manufacturer. O. Reg. 634/86, s. 53.

54. Every umbilical shall incorporate a lifeline attached in a suitable manner to prevent stress on the hose. O. Reg. 634/86, s. 54.

55. When a diver is in the water, a vessel or platform shall be anchored at or near the operation or there shall be a diving platform, skip, pier or facility that shall be seaworthy, secure and of sufficient size to safely accommodate all workers and equipment without overcrowding. O. Reg. 634/86, s. 55.

56.—(1) Liveboating from a surface vessel shall not be conducted at night or in rough seas or from vessels with insufficient manoeuvrability.

(2) A procedure that prevents the diving umbilical from becoming entangled in the propellers shall be employed during a liveboating operation.

(3) The diver's tender for a liveboating operation shall be competent to perform this type of tending and shall be in contact with the diver at all times by means of a voice communication system.

(4) A boat captain shall,

- (a) be competent to perform the duties of a captain in a liveboating operation; and

- (b) perform his or her duties in compliance with the instructions of the diving supervisor. O. Reg. 634/86, s. 56.

PART VI

DEEP DIVING

57. This Part applies to deep diving operations and includes bell, saturation, bounce (non-saturation) and submersible lock-out diving as well as sea bottom habitat dives. O. Reg. 634/86, s. 57.

58.—(1) The diver shall,

- (a) be tethered to the work base by a breathing-gas umbilical; and
- (b) be provided with effective two-way voice communication.

(2) Mixed gases shall be used as the breathing mixture in a deep diving operation.

(3) A deep diving operation shall not be carried out unless,

- (a) the divers are transported through the air-water interface by a suitable submersible compression chamber, open bell or stage;
- (b) the stand-by diver is located,

(i) at the discretion of the diving supervisor, at the surface, in a stage or in an open bell, or

(ii) where a submersible compression chamber is used, in the chamber;

(c) every diver and stand-by diver is in voice communication with each other and with the attendants at the diving station; and

(d) the attendants at the diving station have a means of monitoring and controlling,

(i) the depth of the diver, and

(ii) the pressures of the breathing medium being supplied to each diver and stand-by diver.

(4) Each submerged diver shall be tended by a diver's tender who shall,

(a) be located on a stage or open bell; or

(b) if a submersible compression chamber is used, be in the chamber.

(5) Where a submersible compression chamber is used, at least one diver shall remain in the chamber to monitor the diver who has left the chamber. O. Reg. 634/86, s. 58.

59.—(1) Where bounce diving techniques are used in a deep diving operation, the diving supervisor shall ensure that no diver remains submerged for a total period of time in excess of three hours in a 24-hour period and that there is a rest period of at least twelve continuous hours after this limit has been reached.

(2) Subject to subsection (3), where it is reasonable in the circumstances for the protection of a diver, a diving operation using bounce diving techniques shall be carried out at depths greater than fifty metres and a maximum bottom time of forty minutes only if a submersible compression chamber or lock-out submersible capable of mating to a Class A (double-lock type) hyperbaric chamber for the transfer of personnel under pressure to and from the work site is provided.

(3) A diving operation using bounce diving techniques shall be carried out at depths greater than seventy metres and a maximum bottom time of forty minutes only if a submersible compression chamber or lock-out submersible capable of mating to a Class A (double-lock type) hyperbaric chamber for the transfer of personnel under pressure to and from the work site is provided.

(4) Where a dispute arises between an employer, a diving supervisor or a diver under subsection (2), the employer, diving supervisor or diver may notify an inspector who shall investigate and give a decision in writing to the employer, the diving supervisor or the diver, as appropriate, that shall determine the dispute. O. Reg. 634/86, s. 59.

60.—(1) Where saturation diving techniques are used in a deep diving operation, the diving supervisor shall ensure that,

- (a) where the dive is to a depth of 150 metres, no diver exceeds four hours in the water and four hours as attendant in the submersible compression chamber;
- (b) where the dive is deeper than 150 metres, no diver exceeds three hours in the water and three hours as attendant in the submersible compression chamber; and
- (c) in any 24-hour period, there is a rest period of at least twelve continuous hours after the time limits specified in clause (a) or (b) have been reached.

(2) A diver shall not commence another dive within fourteen days of completion of decompression following a saturation dive unless authorized by a physician. O. Reg. 634/86, s. 60.

61.—(1) For all deep diving operations there shall be a sufficient number of competent persons to,

- (a) operate the diving plant and equipment and other facilities while any diver is under, entering or leaving the water; and

- (b) operate any hyperbaric chamber and associated equipment required for the deep diving operation.

(2) A minimum of five workers shall be present for a deep diving operation of whom one shall be a diving supervisor, two shall be divers and two shall be diver's tenders.

(3) Except in an emergency, each diver in the water shall have a separate diver's tender.

(4) A diver's tender shall be a competent person and shall, while working as a tender, devote his or her whole time and attention to the work as a tender.

(5) A stand-by diver's tender shall be present on all deep diving operations.

(6) A hyperbaric chamber operator who is a competent person shall be a member of the crew.

(7) If more than one deep diving operation in a 24-hour period is planned, there shall be a sufficient number of competent crew to ensure that the diver and stand-by diver have not been exposed to pressure for a 12-hour period before commencing a dive.

(8) At least two divers shall be used when diving from a closed bell, one of whom shall tend the diver from the bell in accordance with subsection (4).

(9) A diving supervisor shall,

- (a) be on-site during all deep diving operations;
- (b) be responsible for all aspects of safety in conducting deep diving operations;
- (c) be familiar and experienced with the diving equipment and tools used during the diving operations, the appropriate decompression tables and techniques and emergency procedures; and
- (d) ensure that the divers are rested and capable of performing their tasks. O. Reg. 634/86, s. 61.

PART VII

SPECIAL HAZARDS

62.—(1) When a diver is required to approach any underwater intake, pipe, tunnel or duct, the diver shall be equipped with means to identify an intake in such a manner as to differentiate it from any other similar intake in the area.

(2) The diver shall not approach any intake until the flow through it is actively controlled and provisions are made so that the flow shall not be re-established until the diver leaves the water or until the diving supervisor has declared the diver clear of the hazardous location.

(3) Facilities such as head gates, stop logs or turbine gates shall be used for protecting divers when they are working near penstock or turbine intakes or in draft tube chambers.

(4) Where a diving operation is to be performed in a location in which the current is known to exceed 1.5 knots, the velocity of the water shall be determined.

(5) Where a diving operation is to be performed in water in which the velocity of the current exceeds 1.5 knots, the dive shall only be carried out when notice of the dive and the water velocity has been given to the Director, a copy of which shall be available on the dive site for inspection. O. Reg. 634/86, s. 62.

63.—(1) Before a diver approaches a location that may be made hazardous by the operation of mechanisms, such mechanisms shall be,

- (a) secured against inadvertent movement before the diver enters the water; and
- (b) locked-out in a manner satisfactory to the diver and diving supervisor and adequate to protect the safety of the diver.

(2) Where exceptional hazards exist or are predicted, a second diving crew, with independent equipment, shall be on the site of the diving operation and ready to effect a rescue.

(3) In subsection (2), exceptional hazards include,

- (a) an exceptional risk of entrapment of a diver;
- (b) a special hazard to a diver; or
- (c) an exceptional risk of loss of the diver's essential life-support system.

(4) Where explosives or blasting agents are to be handled in a diving operation, the explosive or blasting agent shall be transported, handled, used and stored in a manner that will not endanger the safety of a worker.

(5) The initiation of all underwater charges shall be under the direct control of the diving supervisor. O. Reg. 634/86, s. 63.

PART VIII

DIVING RECORDS

64.—(1) A diver shall maintain a personal log book that,

- (a) is permanently bound;
- (b) has numbered pages;
- (c) contains his or her name, signature and photograph; and

(d) contains any factor relevant to the diver's safety or health.

(2) A diver shall retain the personal log book for five years after its completion.

(3) A diver shall have entered in or attached to his or her personal log book,

- (a) a record of any certificates of qualification obtained that are currently valid;
- (b) his or her diver's certificate or equivalent document;
- (c) a certificate confirming successful completion of any diving courses; and
- (d) a record of the diver's training and experience.

(4) The personal log book shall show all entries in chronological order and shall include,

- (a) an entry for each dive which shall be witnessed and signed by the supervisor for the dive; and
- (b) any entries for medical recompressions or other exposure to hyperbaric environment which shall be witnessed and signed by a physician or diving supervisor.

(5) The personal log book shall contain the following information for each dive, namely,

- (a) the type of diving apparatus used;
- (b) the gas media breathed;
- (c) the time the diver left the surface;
- (d) the time at the bottom;
- (e) the maximum depth attained;
- (f) the time the diver left the bottom;
- (g) the time the diver reached the surface;
- (h) the time of the surface interval, if a repetitive dive was undertaken;
- (i) the decompression table and schedule used;
- (j) the date;
- (k) the name of the employer and unusual incidents;
- (l) the dive location;
- (m) the environmental conditions; and
- (n) the signature of the diving supervisor.

(6) In addition to the information required in subsection (5), for dives originating from a diving bell, habitat or other submerged base, the diver's personal log shall also record the depth at the base, the time of leaving the base, the greatest depth attained and the time of return to the base.

(7) When a diver undergoes a medical examination, the name and address of the examining physician and the date of examination shall be recorded in the diver's personal log, along with a copy of the written statement of the physician obtained in accordance with subsection 34 (4). O. Reg. 634/86, s. 64.

65.—(1) A daily record of each dive shall be kept by the diving supervisor and filed with the employer.

(2) The employer shall retain the daily record for at least five years.

(3) The diving supervisor shall make a tape recording of all communications between divers or 1-atmosphere diving system pilots and members of the diving crew during the pre-dive systems checks and the diving operation itself.

(4) The tape recording shall be retained by the diving supervisor for at least forty-eight hours after the completion of the diving operation. O. Reg. 634/86, s. 65.

66. This Regulation comes into force ninety days after the day it is filed with the Registrar of Regulations. O. Reg. 634/86, s. 66.

REGULATION TO AMEND REGULATION 253 OF REVISED REGULATIONS OF ONTARIO, 1980 MADE UNDER THE DRUGLESS PRACTITIONERS ACT

1. Regulation 253 of Revised Regulations of Ontario, 1980 is amended by adding thereto the following section:

10a. For the purposes of section 11, "misconduct" means,

- (a) contravention of any provision of the Act or the regulations or of the *Health Insurance Act*;
- (b) failure to maintain the standards of practice of the profession;
- (c) failure to communicate with other health professionals concerned with the care of a patient where the condition or suspected condition of the patient is such that the communication is necessary to ensure the proper care of the patient;
- (d) accepting or performing professional responsibilities that the physiotherapist knows or has reason to know that the physiotherapist is not competent to perform;
- (e) failure to advise a patient to consult a qualified health practitioner when the physiotherapist recognizes or ought to recognize that the patient's condition is beyond the experience or competence of the physiotherapist;
- (f) providing treatment to a patient that the physiotherapist knows or ought to know would be harmful to the patient or that does not meet the needs of the patient given the patient's physical condition;

- (g) permitting, counselling or assisting any person to engage in the practice of physiotherapy whom the physiotherapist knows or ought to know is not registered as a physiotherapist under the *Drugless Practitioners Act*;
- (h) permitting, counselling or assisting a physiotherapist to engage in the practice of physiotherapy whom the physiotherapist knows or ought to know is incompetent to practise physiotherapy;
- (i) making a misrepresentation respecting a remedy, treatment or device;
- (j) contravening while engaged in the practice of physiotherapy any federal, provincial or municipal law, regulation or rule or a by-law of a hospital designed to protect the health of the public;
- (k) engaging in the practice of physiotherapy while the ability to perform any professional service is hindered in any way by alcohol or a drug;
- (l) sexual impropriety with a patient;
- (m) abusing a patient verbally or physically;
- (n) having been found guilty of an offence relevant to a physiotherapist's suitability to practise physiotherapy;
- (o) failure to carry out the terms of an agreement made by a physiotherapist with a patient;
- (p) making a record or signing or issuing a certificate, report, account or similar document that the physiotherapist knows or ought to know is false, misleading or otherwise improper;
- (q) giving identifiable information concerning a patient's condition or any professional services performed for a patient to any person other than the patient or to another professional involved in the treatment of a patient,
 - (i) without the prior consent of the patient, or
 - (ii) unless required to do so by law;
- (r) failure to provide within a reasonable time in the circumstances and without cause any report or certificate requested in writing by a patient or the patient's authorized agent in respect of an examination or treatment performed by the physiotherapist;
- (s) charging a fee for services not performed or that is excessive in relation to the services performed;
- (t) where the services of a physiotherapist are not insured services under the *Health Insurance Act*, failure to advise the patient accordingly and to notify the patient of the
 - (i) fees charged by the physiotherapist for the physiotherapist's professional services prior to rendering the services to the patient;
 - (ii) failure to itemize an account at the request of a patient or an agency making payment for the physiotherapy services of the physiotherapist;
 - (iii) selling a professional account to a third party;
 - (iv) sharing fees with any person who has referred a patient or receiving fees from any person to whom a physiotherapist has referred a patient or requesting or accepting a rebate or commission for the referral of a patient;
 - (v) having a conflict of interest;
 - (vi) permitting directly or indirectly the publishing, display, distribution or use of any advertisement relating to the practice of physiotherapy that,
 - (i) is false, misleading or self-laudatory,
 - (ii) makes any claim or guarantee as to the quality or efficacy of physiotherapy services provided, or
 - (iii) promotes the excessive or unnecessary use of physiotherapy services;
 - (vii) breaching an undertaking provided to the Board;
 - (viii) refusing to allow an authorized representative of the Board to enter at a reasonable time the premises in which the physiotherapist is engaged in the practice of physiotherapy for the purposes of inspecting the physiotherapist's practice, professional records and equipment;
 - (ix) failure to reply within thirty days to any written communication from the Board or its officers, employees or agents;
 - (x) conduct or an act relevant to the practice of physiotherapy that, having regard to all the circumstances, would reasonably be regarded by physiotherapists as disgraceful, dishonourable or unprofessional. O. Reg. 636/86, s. 1.

GASOLINE TAX ACT

O. Reg. 648/86.

General.

Made—October 30th, 1986.

Filed—October 31st, 1986.

**REGULATION MADE UNDER THE
GASOLINE TAX ACT**

GENERAL

1.—(1) The Minister may require a wholesaler or retailer of gasoline or aviation fuel who is not a collector to deliver a return to the Minister on or before the 15th day of every month showing the quantity of gasoline or aviation fuel sold by the wholesaler or retailer and the names and addresses of all persons to whom the gasoline or aviation fuel was sold during the preceding month.

(2) The Minister may require a purchaser of gasoline or aviation fuel who is not a collector to deliver a return to the Minister on or before the 15th day of every month showing the quantity of gasoline or aviation fuel or both, purchased or received and the names and addresses of the persons from whom the gasoline or aviation fuel or both, was purchased or received during the preceding month. O. Reg. 648/86, s. 1.

2.—(1) A refund of tax may be made to a person who paid the tax where the person applies for the refund in a form provided by the Minister and,

- (a) the tax was paid by the person in respect of a product that is excluded by regulation from the application of the Act; or
- (b) the person is exempt under the regulations from the payment of tax under the Act.

(2) No refund of tax shall be made under subsection (1) where the tax was paid more than three years before the date on which the application for a refund is mailed or delivered to the Minister. O. Reg. 648/86, s. 2

3.—(1) In this section, "motor vehicle" means a machine operated, propelled or driven other than by muscular power.

(2) The Minister may, upon application from a purchaser, refund the tax paid on gasoline where,

- (a) the gasoline has been used in Ontario exclusively in a business, industry or institution and for business, industrial or institutional purposes that are not excluded by regulation from the application of this subsection; or
- (b) the gasoline has been used in Ontario to operate the auxiliary equipment of a motor vehicle where the power from the auxiliary equipment is not used or designed for the propulsion of a motor vehicle on a highway, and the motor vehicle to which the equipment is auxiliary is not principally used by its owner or operator for the transportation of passengers, whether for hire or not, or for the pleasure or recreation of the owner or operator.

(3) No refund of tax shall be made under subsection (2) with respect to gasoline used to operate a motor vehicle for which a permit issued under subsection 7 (3) of the *Highway Traffic Act* is required or in force, or with respect to gasoline used in the operation of any motor vehicle used or intended to be used principally for the recreation or pleasure of its owner or operator.

(4) An application for a refund of tax under subsection (2) shall be accompanied by invoices covering the purchase of the gasoline in respect of the tax on which the applicant is claiming a refund.

(5) Every invoice submitted in support of an application for refund under subsection (2) shall clearly show the invoice number, the name of the purchaser of the gasoline, the name and address of the person who sold the gasoline to the purchaser, the quantities of gasoline sold to the purchaser and the date upon which the gasoline was purchased.

(6) No refund of tax shall be made under subsection (2) where the tax was paid more than three years before the date on which the application is mailed or delivered to the Minister.

(7) The amount of a refund that may be granted by the Minister in respect of an application under subsection (2) shall be reduced by the greater of \$5 or 200 per cent of the amount of the refund of tax claimed if the applicant for the refund misrepresents a material fact on the application for the refund or on or in connection with any document used to support an application for a refund of tax, other than an invoice referred to in subsection (5).

(8) No refund of tax shall be made under subsection (2) where the applicant has misrepresented a material fact on an invoice referred to in subsection (5). O. Reg. 648/86, s. 3.

4.—(1) The Minister may, upon application from a purchaser made within three years from the date on which the tax is paid, refund the tax paid on aviation fuel where the aviation fuel is delivered directly to the fuel tanks of an aircraft making a technical stop at Ottawa International Airport for the sole purpose of refuelling.

(2) No refund of tax shall be made with respect to the fuel delivered to an aircraft that is not, at the time of making the stop, on a transoceanic flight entitling the aircraft to make the stop.

(3) An application for a refund of tax referred to in subsection (1) shall be in a form provided by the Minister and shall be accompanied by invoices relating to the aviation fuel with respect to which the refund is claimed and by information that clearly sets out whether or not the aircraft was making a technical stop under the conditions set out in subsection (1). O. Reg. 648/86, s. 4.

5. For the purposes of subsection 15 (1) of the Act, every importer, wholesaler and retailer shall maintain a record of,

- (a) the quantities of gasoline and aviation fuel imported, purchased or otherwise received from suppliers or the person's own production;
- (b) the quantities of gasoline and aviation fuel sold, delivered or exported or consumed by the person including sales and deliveries to other collectors, importers, wholesalers, retailers and purchasers;

(c) the person's inventory of gasoline and aviation fuel; and

(d) the tax collectable and payable,

and shall retain each such record and all invoices, books of account and other documents related thereto for at least five years from the making of the record, invoice or document or the last entry in the book of account. O. Reg. 648/86, s. 5.

6.—(1) Every applicant for a refund of tax paid shall keep records and books of account in such form and containing such information as will enable an accurate determination to be made of the amount refundable to the applicant.

(2) The records, invoices, books of account and other documents required to be kept by every wholesaler or retailer under subsection 15 (1) of the Act and section 5 of this Regulation and documents required to be kept under subsection (1) need not be maintained where,

(a) the records, invoices, books of account or other documents to be destroyed relate to a period for which all returns required under the Act and regulations have been filed and for which all taxes assessed under the Act or the regulations have been paid;

(b) the records, invoices, books of account or other documents to be destroyed relate to a period for which there is no outstanding dispute between the person retaining the records, invoices, books of account or other documents and the Minister with regard to any tax payable or to be remitted by the person;

(c) the time limit for filing a notice of objection to any assessment or statement of disallowance for the period referred to in clause (b) has expired without the filing of the notice of objection;

(d) no demand of the Minister for the production of the records, invoices, books of account or other documents that are to be destroyed has been made that remains unsatisfied;

(e) no written notice from the Minister has been given to the wholesaler or retailer requiring the retention of the records, invoices, books of account or other documents that are to be destroyed; and

(f) a period of five years has expired since the end of the calendar year to which the records, invoices, books of account or other documents relate. O. Reg. 648/86, s. 6.

7.—(1) A notice of assessment under section 11 of the Act shall be in Form 1.

(2) An application for a refund under section 3 of Regulation 440 of Revised Regulations of Ontario, 1980 shall be in Form 2.

(3) An application for a refund under section 3, 4 or 5 of this Regulation or under section 8 of Regulation 440 of Revised Regulations of Ontario, 1980 shall be in Form 3.

(4) The return made by a collector under subsection 1 (1) of Regulation 440 of Revised Regulations of Ontario, 1980 shall be in Form 4.

(5) The statement made by an importer under section 2 of Regulation 440 of Revised Regulations of Ontario, 1980 shall be in Form 5.

(6) A statement of disallowance made under section 11 of the Act shall be in Form 6. O. Reg. 648/86, s. 7.

8. Ontario Regulation 441/81 is revoked.

Environmental Assessment Act

NOTICE OF ACCEPTANCE OF THE ENVIRONMENTAL ASSESSMENT AND NOTICE OF APPROVAL TO PROCEED WITH THE UNDERTAKING

Re: An Environmental Assessment for a Railway Spur to Moosonee Airport
Proponent: Ontario Northland Transportation Commission
EA File No. 1-84-0014-000

TAKE NOTICE that the date for receipt by me of submissions or requirements for a hearing on the above Environmental Assessment and/or its

Review, provided for in the *Notice of Completion of Environmental Assessment Review*, dated April 16, 1985 expired on May 16, 1986. I received no requirements for a hearing by that date. I do not consider it advisable to require a hearing.

ACCEPTANCE OF THE ENVIRONMENTAL ASSESSMENT

Having considered those matters set out in Section 8 and pursuant to Section 9, I accept the Environmental Assessment.

APPROVAL OF THE UNDERTAKING

Under Section 13 of the Act, before the decision on approval to proceed with the undertaking can be made, the proponent and any submittor have the opportunity to require a hearing by the Environmental Assessment Board.

Both the proponent and the only submittor have waived this right.

Having considered the purpose of the Act, the Environmental Assessment of the undertaking as accepted, and the submissions received, I hereby give approval to proceed with the undertaking subject to the following terms and conditions:

1. Subject to Condition 2, the proponent shall comply with all the provisions of the Environmental Assessment which are herein incorporated by reference.
2. The proponent may make minor changes in the undertaking if required by a regulatory authority or if the proponent gives written notice thereof to the Moosonee Development

Area board and no objections are received. A description of the minor change, a copy of the written notice, if any, and confirmation that no objections have been received must be filed with the Director, Environmental Assessment Branch of the Ministry of Environment for placing in the public record under Section 31 of the Environmental Assessment Act.

REASONS

The reasons for giving approval are:

1. I have received only one submission which did not require a hearing, after giving the *Notice of Completion of Environmental Assessment Review* dated April 16, 1986.
2. I have received a letter from the James Bay Lowlands Secondary School Board with (9711) 47

respect to safety concerns for the Northern Lights Secondary School located adjacent to the proposed railway extension. I have been further assured by the Ontario Northland Transportation Commission that these concerns will be addressed by the requirements of the Railway Act.

3. I am not aware of any outstanding issues with respect to this undertaking which suggest that a hearing should be required.

Dated at Toronto, this 13th day of August, 1986.

JIM BRADLEY,
Minister of the Environment,
135 St. Clair Avenue West,
15th Floor,
Toronto, Ontario M4V 1P5.

PLANNING ACT, 1983

O. Reg. 653/86.
Restricted Areas—County of Simcoe, Township of Nottawasaga.
Made—October 29th, 1986.
Filed—November 3rd, 1986.

REGULATION TO AMEND
REGULATION 675 OF
REVISED REGULATIONS
OF ONTARIO, 1970
MADE UNDER THE
PLANNING ACT, 1983

1. Regulation 675 of Revised Regulations of Ontario, 1970 is amended by adding thereto the following section:

248.—(1) Notwithstanding any other provision of this Order, a single-family dwelling and buildings and structures accessory thereto may be erected and used on the land described in subsection (2) if the following requirements are met:

Minimum front yard	7.6 metres
Minimum side yards	3 metres on one side and 1.2 metres on the other side
Maximum height of single-family dwelling	9.1 metres
Minimum ground floor area of single-family dwelling	one storey—93 square metres one and one-half storeys or more—69.8 square metres

(2) Subsection (1) applies to that parcel of land in the Township of Nottawasaga in the County of Simcoe, being that part of Lot 39 in Concession X described as follows:

Premising that bearings herein are astronomic and are derived from Department of Highway's Plan P-2574-4 registered in the Land Registry Office for the Registry Division of the County of Simcoe (No. 51) as Instrument Number 21407;

Commencing at an iron survey bar set in the northerly limit of the said Lot 39 and distant 2,242.02 feet measured easterly therealong from the northwest angle thereof;

Thence south $16^{\circ} 25' 30''$ east, and being along the easterly limit of the lands owned by the Baptist Cemetery Trust, a distance of 660 feet to an iron survey bar;

Thence south $73^{\circ} 34' 30''$ west, and being along the southerly limit of the said Cemetery lands, a distance of 231 feet to an iron survey bar;

Thence south $16^{\circ} 25' 30''$ east a distance of 340.75 feet to an iron survey bar set in the existing line between the north and south halves of the said Lot 39;

Thence north $73^{\circ} 41' 30''$ east, along the said existing half lot line, a distance of 462 feet to an iron survey bar;

Thence north $16^{\circ} 25' 30''$ west, a distance of 1,001.56 feet to an iron survey bar set in the northerly limit of the said Lot 39;

Thence south $73^{\circ} 34' 30''$ west, along the said northerly limit, a distance of 231 feet to the point of commencement. O. Reg. 653/86, s. 1.

OCCUPATIONAL HEALTH AND SAFETY ACT

O. Reg. 654/86.

Control of exposure to Biological or Chemical Agents.

Made—November 6th, 1986.

Filed—November 6th, 1986.

**REGULATION MADE UNDER THE
OCCUPATIONAL HEALTH AND SAFETY ACT**

**CONTROL OF EXPOSURE TO BIOLOGICAL
OR CHEMICAL AGENTS**

1. In this Regulation, "exposure" means exposure by inhalation, ingestion or skin contact. O. Reg. 654/86, s. 1.

2. This Regulation does not apply at a project to an employer who primarily carries on the business of construction or to the workers of such an employer. O. Reg. 654/86, s. 2.

3.—(1) Every employer shall take all measures reasonably necessary in the circumstances to protect workers from exposure to a hazardous biological or chemical agent because of the storage, handling, processing or use of such agent in the work place.

(2) The measures referred to in subsection (1) shall include the provision and use of engineering controls, work practices, hygiene facilities and practices and, subject to section 6, personal protective equipment. O. Reg. 654/86, s. 3.

4. Without limiting the generality of section 3, but subject to section 9, every employer shall take the measures prescribed in that section to limit the daily and weekly exposure of workers to a biological or chemical agent listed in the Schedule to the concentration limit expressed as a time-weighted average exposure value, a short-term exposure value or a ceiling exposure value set out for the agent in the Schedule as determined in accordance with the methods set out in the Schedule. O. Reg. 654/86, s. 4.

5. In determining the exposure of workers to a hazardous biological or chemical agent under section 3 or 4, no regard shall be had to the wearing and use of personal protective equipment. O. Reg. 654/86, s. 5.

6. Except in the circumstances set out in sections 7 and 9, an employer shall protect workers from exposure to a hazardous biological or chemical agent without requiring the workers to wear and use personal protective equipment. O. Reg. 654/86, s. 6.

7. Where engineering controls required by this Regulation,

- (a) are not in existence or are not obtainable;
- (b) are not reasonable or not practical to adopt, install or provide because of the duration or frequency of the exposures or because of the nature of the process, operation or work;
- (c) are rendered ineffective because of a temporary breakdown of such controls; or
- (d) are ineffective to prevent, control or limit exposure because of an emergency,

the employer shall provide, and workers shall wear and use, personal protective equipment appropriate in the circumstances to protect the workers from exposure to a hazardous biological or chemical agent. O. Reg. 654/86, s. 7.

8.—(1) Where a worker has been exposed to a hazardous biological or chemical agent and,

- (a) the worker or the worker's physician has reason to believe that the worker's health has been affected by exposure to the agent and the worker or the worker's physician has so notified the employer;
- (b) the employer believes that the worker has been exposed to the agent, and the worker's health is likely to be affected thereby and the employer has so notified the worker; or
- (c) the Chief Physician of the Occupational Health Medical Service of the Ministry so requires,

the worker, subject to subsection (2), shall at the expense of the employer undergo medical examinations and clinical tests to determine whether the worker has an occupational illness because of the exposure and whether the worker is fit, fit with limitations or unfit to continue working in such an exposure.

(2) A notice under clause (1) (a) or (b) shall be in writing and a notice under clause (1) (b) shall notify the worker that the worker may dispute whether he or she must undergo medical examinations and clinical tests by giving notice of the dispute to an inspector.

(3) Where a dispute arises between an employer and a worker under clause (1) (a) or (b) as to whether a worker must undergo medical examinations or clinical tests, the employer or the worker may notify an inspector thereof who shall cause an investigation to be made and give a decision in writing to the employer and the worker.

(4) The employer shall provide the physician who examines the worker or under whose supervision clinical tests are performed with a copy of the records, if any, of the exposure of the worker to the hazardous biological or chemical agent. O. Reg. 654/86, s. 8.

9.—(1) In this section,

"fibrous reinforcing agent" means an agent such as glass fibre or other fibrous substance used to strengthen a plastic material;

"plastic material" means a synthetic resinous polymeric substance that can be shaped or molded.

(2) Every employer using styrene-based polyester resin in conjunction with a fibrous reinforcing agent to make or repair any goods, substance, article or thing, or part thereof, shall take all necessary measures and procedures by means of engineering controls, work practices and hygiene facilities and practices to ensure that the time-weighted average exposure of a worker to airborne styrene shall not exceed 100 parts styrene per million parts of air by volume, or 426 milligrams styrene per cubic metre of air.

(3) Where subsection (2) applies, the employer shall provide a worker with respiratory equipment which shall be used by the worker if the time-weighted average exposure of a worker to airborne styrene is greater than 50 but less than 100 parts styrene per million parts of air by volume.

(4) Notwithstanding subsection (2), an employer shall ensure that the exposure of a worker to styrene shall not exceed a short-term exposure concentration, measured over fifteen minutes, of 200 parts styrene per million parts of air by volume or 852 milligrams styrene per cubic metre of air. O. Reg. 654/86, s. 9.

10. Section 145 of Regulation 692 of Revised Regulations of Ontario, 1980 is revoked.

11.—(1) Clause 242 (1) (b) of Regulation 694 of Revised Regulations of Ontario, 1980, as remade by section 67 of Ontario Regulation 569/83, is revoked and the following substituted therefor:

- (b) except as provided by a regulation made in respect of a designated substance, dilute and remove contaminants from all work places therein to prevent exposure of a worker to contaminants in excess of the values,

- (i) prescribed under section 4 of Ontario Regulation 654/86, or
- (ii) if no values are prescribed under the said section 4, adopted as criteria or guides under section 279 of this Regulation.

(2) Clause 243 (1) (b) of the said Regulation, as amended by section 68 of Ontario Regulation 569/83, is revoked and the following substituted therefor:

- (b) except as provided by a regulation made in respect of a designated substance, dilute and remove contaminants from all work places therein to prevent exposure of a worker to contaminants in excess of the values,

- (i) prescribed under section 4 of Ontario Regulation 654/86, or
- (ii) if no values are prescribed under the said section 4, adopted as criteria or guides under section 279 of this Regulation.

(3) Subsection 244 (1) of the said Regulation, as amended by section 69 of Ontario Regulation 569/83, is revoked and the following substituted therefor:

- (1) In an underground mine,

- (a) subject to clause (b), a development, exploration or production work place shall be ventilated throughout by an auxiliary ventilation system for any advance in excess of sixty metres from a mechanical mine ventilation system; and

- (b) a continuous supply of fresh air shall be provided and used to dilute and remove contaminants,

- (i) in a raise, and

- (ii) in a sub-drift for any advance in excess of ten metres from a mechanical mine ventilation system,

to prevent exposure of a worker to contaminants in excess of the values,

- (iii) prescribed under section 4 of Ontario Regulation 654/86, or
- (iv) if no values are prescribed under the said section 4, adopted as criteria or guides under section 279 of this Regulation. O. Reg. 654/86, s. 11 (3).

(4) Section 279 of the said Regulation is revoked and the following substituted therefor:

279. As a factor to be considered under clause 20 (8) (f) of the Act, the threshold limit values for chemical substances and physical agents set out in "TLVs Threshold Limit Values and Biological Exposure Indices for 1986-87" issued by the American Conference of Governmental Hygienists are adopted as criteria or guides. O. Reg. 654/86, s. 11 (4).

(5) Section 282 of the said Regulation is revoked and the following substituted therefor:

282. Where a local exhaust ventilation system recirculates air to the work place, provision shall be made for a make-up air supply system having sufficient volume to keep any contaminants below the values,

- (a) prescribed under section 4 of Ontario Regulation 654/86; or
- (b) if no values are prescribed under the said section 4, adopted as criteria or guides under section 279 of this Regulation,

and the contaminant level in the recirculated air shall not exceed 20 per cent of such values. O. Reg. 654/86, s. 11 (5).

12. This Regulation comes into force on the day thirty days after it is filed with the Registrar of Regulations.

SCHEDULE**Exposure Values for****Biological and Chemical Agents in Work Places****NOTE: Use of the Index to Find an Agent**

Agents have been assigned to tables given in Parts 4 through 11 of the Schedule and reference should be made to the Index for the location of an agent.

Also, many of the agents' names in the Schedule are based on the naming rules of the International Union of Pure and Applied Chemistry (IUPAC). Reference should be made to the Index for the cross-referencing of common names with IUPAC names.

PART 2A Calculation of Exposure Values

1. The time-weighted average exposure value (TWAEV) is the average of the airborne concentrations of a biological or chemical agent determined from air samples of the airborne concentrations to which a worker is exposed in a work day or a work week.
2. The short-term exposure value (STEV) is the maximum airborne concentration of a biological or chemical agent to which a worker is exposed in any fifteen minute period determined from a single sample or a time-weighted average of sequential samples taken during such period.
3. The ceiling exposure value (CEV) is the maximum airborne concentration of a biological or chemical agent to which a worker is exposed at any time.
4. The airborne concentrations of the agent are expressed as parts of the agent per million parts of air by volume (ppm) or as milligrams of the agent per cubic metre of air (mg/m^3).
5. Air sampling of the airborne concentrations of an agent is not required for the full period of a work day or a work week where the air sampling is representative of airborne concentrations of an agent likely to be present during the period.
6. The method of air sampling, the number and volume of the air samples and the method of analyses of the air samples shall be determined according to the nature of the operations or processes and the characteristics of the agent in accordance with recognized industrial hygiene practice.

7. In determining exposure to airborne concentrations of a biological or chemical agent, no regard shall be had or taken to the wearing or use by a worker of respiratory equipment.
8. The daily and weekly time-weighted exposure values shall be calculated as follows:
 - (a) $C_1T_1 + C_2T_2 + \dots + C_nT_n =$ cumulative daily or weekly exposure, where C_i is the concentration found in an air sample and T_i is the total time in hours to which the worker is taken to be exposed to concentration C_i in a work day or a work week for i taking on the values of 1, 2, ..., n .
 - (b) The time-weighted average exposure shall be calculated by dividing the cumulative daily exposure by 8 and the weekly exposure by 40 respectively.
9. For mixtures of airborne chemical agents which exert an additive health effect and when analytical results of individual airborne agents are available, the following formula shall be used:

$$\frac{C_1}{L_1} + \frac{C_2}{L_2} + \dots + \frac{C_n}{L_n} = E$$

where C_1, C_2, \dots, C_n are the concentrations found in the air sample;

and L_1, L_2, \dots, L_n are the respective exposure values for the agents set out in the Schedule.

The sum of these ratios, E , shall not exceed 1.

When calculating E for time-weighted average exposures, C shall be taken to be the time-weighted average exposure value calculated for each agent.

10. Paragraph 9 does not apply where the agents have widely different health effects. In such circumstances, independent exposure values for each agent shall be used and calculated in accordance with paragraph 8.

**PART 2B Calculation of Exposure Values Where a STEV or a CEV
is Not Indicated**

Where a STEV or a CEV is not set out for a biological or chemical agent listed in Part 4, 6, 7 or 8 of this Schedule, a worker shall not be exposed to a concentration of the biological or chemical agent that exceeds,

- (a) three times the TWAEV set out in the Schedule for the agent for any period of 30 minutes, and
- (b) five times the TWAEV set out in the Schedule for the agent for any period of time.

**PART 3 Explanatory Notes on Chemical Names,
CAS Reg. Nos., and Other Notations**

Parts 4 to 11 of this Schedule deal with biological and chemical agents and contain names of the agents, Chemical Abstracts Service Registry Numbers, and some notations.

Chemical Names

The chemical names used in this Schedule conform with nomenclature rules of the International Union of Pure and Applied Chemistry or with common usage. An agent will only be listed under one name and its other names (i.e.: generic, chemical, common, and trade) will be cross-referenced in the index.

Numerals and italicized prefixes (e.g.: o-, p-, n-, O-, N-, sec-, tert-) are disregarded when listing the main entries in alphabetical order, but are used to assign the order when main entry names are identical. For example, "N-methylaniline" is listed under "m", and "sec-butyl acetate" precedes "tert-butyl acetate".

Chemical Abstracts Service Registry Number

The Chemical Abstracts Service Registry Number (CAS Reg. No.) is a unique numerical identifier assigned to a chemical substance in the CAS registry system by the Chemical Abstracts Service (P.O. Box 3012, Columbus, Ohio, 43210). The CAS Reg. No. itself has no chemical or structural significance; it is merely a computer-verifiable number assigned in sequential order to each agent as it is entered in the CAS registry system. Some of the CAS Reg. Nos. listed in this guide were assigned by the CAS under contract for the United States Environmental Protection Agency (U.S. EPA). CAS Reg. Nos. have been used as chemical or biological identifiers in inventories and computer literature-retrieval systems.

The CAS Reg. No. has the format (xxxxxx-xx-x) and consists of up to 9 digits, separated by hyphens into 3 groups: (1) the first group has up to 6 digits; (b) the second always contains 2 digits; and (c) the third contains 1 digit.

Under the CAS Reg. No. heading some entries other than the CAS Reg. No. have been inserted; e.g., (a), (b), (c), as shown below:

Example: Agent

Symbol Comment CAS Reg. No.

(a)	A CAS Reg. No. has not been assigned.	Cotton dust, raw (a)
(b)	The CAS Reg. No. is for the parent substance <u>only</u> . In the example given, cobalt is a parent compound. CAS Reg. Nos. have been assigned to individual compounds; e.g.: cobalt chloride.	Cobalt and its compounds (as cobalt) (7440-48-4), (b)
(c)	A CAS Reg. No. exists but has not been included here because reference to the CAS Reg. No. data base could be misleading.	Glass, fibrous or dust (c)

Notations

The notation "skin" following the name of an agent in this Schedule indicates that direct or airborne contact with the agents may result in significant absorption of the agent through the skin, mucous membranes or eyes. Vehicles, such as certain solvents, may enhance the rate of skin absorption. Inclusion of this notation is intended to suggest that

preventative action should be taken against absorption of the agent through the skin, mucous membranes or eyes.

(As...) - In the lists of biological and chemical agents, the notation "(as...)", e.g.: "nickel carbonyl (as nickel)", is used to indicate that the agent is to be analyzed for the substance indicated in parentheses, nickel in this example, rather than nickel carbonyl.

PART 9 Exposure Values for Simple Asphyxiants

The agents listed below are examples of simple asphyxiants which have not been assigned any definite exposure values. These agents cause asphyxiation by diluting the atmospheric oxygen level below that required to maintain normal respiratory function. If any of the listed gases and vapours is present in the air, the minimal oxygen content should not be less than 18 per cent by volume at any time. A number of the simple asphyxiants can form explosive mixtures in air; therefore, the explosive hazard should be considered when limiting the airborne concentration of these asphyxiants.

RETAIL SALES TAX ACT

O. Reg. 655/86.

General.

Made—October 30th, 1986.

Filed—November 6th, 1986.

REGULATION TO AMEND
REGULATION 904 OF
REVISED REGULATIONS OF
ONTARIO, 1980
MADE UNDER THE
RETAIL SALES TAX ACT

1. Clause 2 (a) of Regulation 904 of Revised Regulations of Ontario, 1980, as made by section 2 of Ontario Regulation 232/86, is revoked and the following substituted therefor:

- (a) "install" includes the erection or assembly of tangible personal property, but does not include the erection or assembly of scaffolding, formwork, hoarding, construction cranes or temporary power or utilities used in the construction, renovation, maintenance, restoration or repair of real property; and

2. This Regulation shall be deemed to have come into force on the 14th day of June, 1982.

APPRENTICESHIP AND TRADESMEN'S
QUALIFICATION ACT

O. Reg. 656/86.

Horticulturist.

Made—October 23rd, 1986.

Filed—November 6th, 1986.

REGULATION MADE UNDER THE
APPRENTICESHIP AND TRADESMEN'S
QUALIFICATION ACT

HORTICULTURIST

1. In this Regulation, "certified trade" means the trade of horticulturist. O. Reg. 656/86, s. 1.

2. The trade of horticulturist is designated as a certified trade for the purposes of the Act. O. Reg. 656/86, s. 2.

3. The certified trade is composed of two branches as follows:

1. Branch 1, nursery-greenhouse worker.

2. Branch 2, landscaper-greenskeeper.
O. Reg. 656/86, s. 3.

4. An apprentice training program is established for the certified trade and shall consist of,

- (a) training and instruction at a location approved by the Director in the units of study listed in items 1 to 24 of Schedule 1 for Branch 1 and in the units of study listed in items 1 to 15 and in items 25 to 36 of Schedule 1 for Branch 2; and

- (b) work experience training provided by the employer of the apprentice in the units of study listed in items 1 to 10 of Schedule 2 for Branch 1 and in the units of study listed in items 10 to 20 of Schedule 2 for Branch 2. O. Reg. 656/86, s. 4.

- 5.—(1) An apprentice in the certified trade shall,

- (a) for Branch 1, complete related training and work experience training of 4,500 hours; and

- (b) for Branch 2, complete related training and work experience training of 4,500 hours.

- (2) The holder of a certificate of qualification in Branch 1 of the certified trade is entitled to a certificate of qualification in Branch 2 of the certified trade upon completion of a further period of related training and work experience training of 1,500 hours approved by the Director.

- (3) The holder of a certificate of qualification in Branch 2 of the certified trade is entitled to a certificate of qualification in Branch 1 of the certified trade upon completion of a further period of related training and work experience training of 1,500 hours approved by the Director. O. Reg. 656/86, s. 5.

6. The subjects of examination for an apprentice in the certified trade are based upon the units of study contained in Schedules 1 and 2. O. Reg. 656/86, s. 6.

7. Notwithstanding subsection 8 (2) of Regulation 36 of Revised Regulations of Ontario, 1980 (General), every hour worked by an apprentice in excess of the apprentice's regular daily hours of work experience training shall be included in computing the hours spent by the apprentice in work experience training. O. Reg. 656/86, s. 7.

8. The Director shall issue a progress record book to an apprentice in the certified trade for the purpose of recording the progress of the apprentice in respect of related training and work experience and the apprentice shall be responsible for keeping the progress record up to date and for its safe keeping. O. Reg. 656/86, s. 8.

9. Section 10 of Regulation 36 of Revised Regulations of Ontario, 1980 (General) does not apply to an apprentice in the certified trade. O. Reg. 656/86, s. 9.

10.—(1) Section 9 and subsection 11 (2) of the Act do not apply to any person who works or is employed in the certified trade.

(2) Section 10 and subsection 11 (3) of the Act do not apply to any employer in the certified trade. O. Reg. 656/86, s. 10.

11. A certificate of qualification in the certified trade is not required to be renewed. O. Reg. 656/86, s. 11.

IN-SCHOOL TRAINING

ITEM	COLUMN 1	COLUMN 2
	UNIT OF STUDY	INSTRUCTION TO BE GIVEN
1.	SAFETY	Safety rules and safe operating procedures. Protective clothing and equipment. First aid. Fire prevention; use and maintenance of fire fighting equipment. Handling and storing toxic solvents and materials. <u>Occupational Health and Safety Act.</u> <u>Workers' Compensation Act.</u> <u>Ontario Pesticides Act.</u>
2.	TRADE CALCULATIONS AND BLUEPRINTS	Addition, subtraction, multiplication and division of whole numbers, fractions and decimals, ratio and proportion, areas. Lines, planes and angles; application to layout. Basic drafting and interpretation of blueprints. Site restrictions. Layout control stakes for grading operations. Layout lines of control for patios, walks, retaining walls.
3.	TRADE COMMUNICATIONS	Effective communication. Reports, forms, work orders, instruction manuals, periodicals, trade journals.
4.	BOTANY	Basic plant development from seed to mature plant. Germination, plant cells, osmosis, diffusion, transpiration, evaporation. Cell division, photosynthesis. Effects of temperature, soil conditions and oxygen. Parts and functions of a leaf, stem and root.
5.	PORTABLE HAND AND POWER TOOLS	Care and use of all trade portable hand and power tools. Importance of proper tool selection.
6.	PLANT MATERIAL I	Identification of hardy woody, herbaceous and annual plant materials commonly used within the industry. Cultural requirements of woody and herbaceous plant materials as they pertain to moisture, soil type, hardness, light and nutrient requirements.

ITEM	COLUMN 1	COLUMN 2
	UNIT OF STUDY	INSTRUCTION TO BE GIVEN
7.	SOILS AND FERTILIZERS	Soil characteristics and identification Sampling and testing for pH. Identification and application of common fertilizers. Growth regulators.
8.	BASIC TURF MANAGEMENT	Identification of common turf varieties: blue grass, fescue, perennial rye, bent grass. Seeding and sodding procedures to establish and maintain healthy turf.
9.	PLANTING TECHNIQUES I	Hand and machine planting methods and procedures. Preparation of planting beds and pits. Replanting and transplanting methods and procedures.
10.	PRUNING	Use and care of: pruning knives, budding knives, secateurs, loppers, pole pruners, hedge trimmers, pruning saws. Root pruning techniques. Methods of pruning shrubs, fruit trees, shade trees and evergreens.
11.	DISEASE AND PEST CONTROL	Recognition and control of weeds, insects and disease. Selection, mixing and application of fungicides, repellents and poisons. Ministry of Environment standards, manufacturer's specifications, Ontario Pesticides Act.
12.	BASIC GRADING	Interpretation of grading plan. Setting grades. Rough grading. Cut and fill procedures. Stripping, conservation and reapplication of topsoil.
13.	BASIC CARPENTRY	Identification and selection of timber for landscape applications. Familiarity with lumber mill grade stamps. Construction of screens, fences, decks and forms.
14.	SMALL ENGINE MAINTENANCE	Care and use of all small internal combustion engines. Maintenance procedures, non-scheduled repairs, use of manufacturer's manuals and specification charts.

ITEM	COLUMN 1	COLUMN 2
	UNIT OF STUDY	INSTRUCTION TO BE GIVEN
15.	DRY MASONRY	Care and use of masonry tools. Preparation of base and foundation for laying paving stones and bricks, pre-cast units. Cutting and shaping as required.
16.	PROPAGATION AND PRODUCTION	Methods of propagating nursery stock. Production of annuals and herbaceous perennials, woody shrubs and trees, aquatic plants and vines, by grafting, budding, seeding or from cuttings, using container and row cultures. Preparation of seed beds and flats.
17.	GREENHOUSE GROWING	Producing and maintaining greenhouse plant materials. Care and operation of greenhouse. Control of: humidity, light ventilation, carbon dioxide, water, temperature, periodicity. Use of artificial growing mediums and hydroponic systems. Spraying and fumigating.
18.	ADVANCED BOTANY	Recognition and identification of mature plant materials and scope of application, including botanical names and their meaning. Plant hardiness and cultural requirements. Handle, store, protect and grade nursery stock in accordance with requirements of Canadian Nursery Trades Association Guide Specifications.
19.	ADVANCED SOILS	Cultivation and grading by hand and machine. Sub-soiling. Sterilization and reconditioning.
20.	FERTILIZERS	Selection and application of fertilizers. The importance of: nitrogen, phosphorus, potassium and trace elements. Storing of fertilizers.
21.	IRRIGATION	Care and use of manual and automatic irrigation systems for nursery stock and greenhouse crops.

ITEM	COLUMN 1	COLUMN 2
	UNIT OF STUDY	INSTRUCTION TO BE GIVEN
22.	PLANTING TECHNIQUES II	Preparation and transplanting of all nursery stock by hand and machine. Staking and guying. Large material planting. Balled and burlap/bare root materials. Bedding.
23.	POWER TOOLS AND EQUIPMENT	Care and use of all trade power tools and equipment, including: chain saws, tractors/loaders, sod cutters, roto-tillers, hedge trimmers, spreaders, seeders, tree spades, planting machines, sprayers, sterilizers, potting machines, slings and cultivators.
24.	PLANT MATERIAL II	Methods and application of winter protection for plant materials including: wrapping/screening, mulching/hilling, traps, baits, spraying and wire screen protection. Winter storage requirements for harvested and container-grown nursery stock.
25.	PLANT MATERIAL III	Identification of at least eighty hardy herbaceous and annual plants. Methods of providing winter protection when required. Methods of repairing and salvaging damaged plant material such as: pruning, bark tracing, bracing and guying, bridging and grafting, wood dressing applications. Identification and grading of plant material. Interpretation of C.N.T.A. guide specifications.
26.	PLANTING I	Methods of installing nursery stock. Staking out plant bed locations. Preparation of planting pits and beds: <ul style="list-style-type: none"> - excavation - drainage - backfilling - fine grade, mulching and irrigation.
27.	LANDSCAPE DESIGN	Preparation of basic residential landscape sketches. Determination of design requirements and landscape features.

ITEM	COLUMN 1	COLUMN 2
	UNIT OF STUDY	INSTRUCTION TO BE GIVEN
28.	ADVANCED GRADING	Preparation of grading plans. Use of levels, batter boards, cross heads and boning rods. Establishing areas of cut and fill. Care and use of grading equipment to strip and stockpile topsoil, establish sub-grade, replace topsoil and fine grade.
29.	LANDSCAPE CONSTRUCTION I	Constructing timber landscape structures by: estimating material requirements, laying out structure, excavating as required, cutting and securing components, finishing surface as required. Methods of mixing and placing concrete using appropriate materials and equipment. Constructing simple masonry structures and walls. Asphalt applications, physical properties and base preparations. Finishing methods.
30.	ESTIMATING I	From prepared plans, methods of calculating quantities of: materials, labour, equipment. Determination of unit prices, allowance for overhead factors, profit. Tendering procedures.
31.	EQUIPMENT III	Care and use of all hand and power tools and equipment, including: trimmers, scythes, edgers, mowers, sod cutters, rollers, spreaders, shredders, tractors, plows, augers, rotavators, harrows, blowers, sprayers, mixers, compaction, grading and soil equipment, chain saws, aerifiers, seeders, dressers, thatchers, lawn sweepers and trap rakes.
32.	TURF MANAGEMENT	Selecting, developing and maintaining the standard fine turf species in Ontario. Selecting appropriate turf as required for tees, fairways and greens.
33.	GOLF COURSE RENOVATION AND RECONSTRUCTION	Principles of golf course design and lay-out, including: tees, greens, fairways and traps. Preparation of soil mixtures and additives. Selection and installation of common drainage components.

ITEM	COLUMN 1	COLUMN 2
	UNIT OF STUDY	INSTRUCTION TO BE GIVEN
34.	FERTILIZERS II	Selection and use of fertilizers to produce quality of turf desired. Importance of nitrogen, phosphorus, and potassium to plant growth. Identification of trace element deficiencies. Selection, identification and application of fertilizers as required. Proper storage procedures for fertilizers.
35.	IRRIGATION	Identification of water requirements in new and existing landscapes. Operation and maintenance of manual and automatic irrigation systems.
36.	GOLF COURSE MAINTENANCE	Maintaining fine turf on golf courses. Methods of de-thatching, overseeding, aerating, brushing, spraying, fertilizing and rolling of fine turf. Changing cup holes and markers. Sand trap maintenance. Proper mowing procedures.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 657/86.

Exemption—Ministry of Natural Resources—MNR-30/7.

Made—October 30th, 1986.

Approved—October 30th, 1986.

Filed—November 7th, 1986.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF NATURAL RESOURCES—MNR-30/7

Having received a request from the Minister of Natural Resources that an undertaking, namely:

The carrying out of the Provincial Parks Program including:

(a) implementing:

1. Park Management Plans,

2. Resource Management Strategies,

3. Operations Strategies and Maintenance Schedules,

4. Development Strategies,

5. Site Plans,

6. Visitor Service and Interpretive Programs,

7. Capital Construction and Lease Purchase Projects,

in Provincial Parks;

(b) developing sewage or water works within or for Provincial Parks;

(c) acquiring land to amend the boundaries of existing Provincial Parks, to complete land acquisition for an existing Provincial Park or for a sewage lagoon in or for a Provincial Park; and

(d) establishing, amending and rescinding boundary regulations for existing Provincial Parks;

be exempted from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

A. The Ministry of Natural Resources has included a schedule for completion of an Environmental Assessment (EA) for Provincial Park Management with its request for exemption. Pre-submission consultation and completion of the EA for formal submission

will be hampered by having to prepare separate exemptions or assessments for all Provincial Park projects at the same time.

- B. Park environmental and recreational features could be damaged in the absence of Provincial Park projects that address existing park management problems.
- C. Public enjoyment of recreational features may be reduced in the absence of the implementation of Provincial Park projects.
- D. The realization of the Government's Outdoor Recreation Program Objective and economic benefits to local communities would be limited.

Having weighed such injury, damage or interference with the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. This interim exemption will allow Provincial Park plans and projects to continue while the Environmental Assessment for Provincial Park Management undergoes pre-submission consultation.
- B. The Provincial Parks Program is carried out within a context of conservation, protection and wise management of the environment. A major feature of the Provincial Parks Program is the preservation of significant, natural and cultural features in the Ontario landscape.
- C. The conditions to which this undertaking is subject will ensure that affected Government agencies and the public are informed of MNR's intentions to implement components of the Provincial Parks Program during the period of this exemption order.
- D. A number of activities that make up this undertaking are similar to activities that are covered by approved MNR Class Environmental Assessments. The Minister of Natural Resources will apply such parts of the procedures specified in the Class Environmental Assessments as are appropriate to the activities that make up this undertaking until such procedures or other procedures are made directly applicable by the Environmental Assessment referred to in reason A.

This exemption order is subject to the following terms and conditions:

1. This exemption order does not apply to any plan or project:
 - (a) for any provincial park designated by regulation under the *Provincial Parks Act* after June 1, 1983;
 - (b) where development is likely to affect the habitat of a species designated under the *Endangered Species Act* (except for protecting the species);
 - (c) where the estimated completion cost of a sewage or water works or a capital construction or lease purchase project is in excess of \$2 million, not including any land acquisition costs.
2. This exemption order does not apply to any plan or project which includes the disposition of property or interests in property to the private sector for:
 - (a) the development of a new commercial recreation facility or the upgrading of an existing commercial recreational facility;
 - (b) mineral exploration or development;
 both of which will be done pursuant to Exemption Order MNR-26/4, as amended from time to time.
3. MNR will continue to provide the Environmental Assessment Branch as well as the Regional Office of the Ministry of the Environment (MOE) with a list of proposed plans and projects (e.g., capital development and facility upgrading projects, resource management activities, preparation or review of management plans) for the Provincial Parks Program no less than 30 days prior to the implementation of any project. The lists will specify the nature, scope and location of all plans and projects and will specify which plans and projects will be carried out pursuant to another exemption order. MNR will notify the above offices of revisions to the lists no less than 30 days prior to the implementation of any such plans or projects.
4. A copy of all plans prepared for projects specified in the lists noted in Condition 3 shall be available to the public for examination at the appropriate District Office of MNR at least 30 days before implementation commences.
5. Any activity exempt under this order that would be approved under a MNR Class Environmental Assessment, except that the approval does not apply to Provincial Parks, shall be carried out in accordance with the

appropriate Class EA procedures, as though the activity was not in a Provincial Park by:

- (a) following the appropriate Class EA procedures, including notification, if there is no Park Management Plan; and
- (b) following the environmental quality guidelines and Construction and Mitigation Handbook, if there is a Park Management Plan.

6. Where the Minister of the Environment determines, after consultation with the Minister of Natural Resources, that a proposed plan or project:

- (a) may generate an unusual amount of public or Government concern; or
- (b) may have unusual or significant potential environmental impacts not adequately treated in the pertinent planning exercise,

the Minister of the Environment may, by written notice to the Minister of Natural Resources, direct that an environmental assessment be prepared for the plan or project in which event the plan or project will not be exempt under this order.

7. Where the Minister of the Environment has given written notice to the Minister of Natural Resources that he is considering the application of Condition 6 to a plan or project, MNR shall not implement the plan or project until 45 days have elapsed from the giving of notice or the Minister of the Environment gives written notice to the Minister of Natural Resources that it is not proposed to require an environmental assessment.

8. During the period covered by this order, the Provincial Parks Program shall be planned, implemented and managed according to the following Provincial Parks' guidelines and policies:

- Ontario Provincial Parks Policy
- Ontario Provincial Parks Planning and Management Policies
- Provincial Park Management Planning Guidelines — 1983
- Provincial Park Management Planning Reference — 1986
- Ontario Provincial Parks Provincial Operating Standards
- Ontario Provincial Parks Capital Maintenance Standards
- Ontario Provincial Parks Development Manual

- Ontario Provincial Parks Development Standards
- Parks and Recreational Areas Branch Policies and Procedures
- Visitor Services Interim Policy

9. The guidelines and policies specified in Condition 8 and any revisions or additions to these guidelines and policies will be made available by MNR for public inspection upon request and will be forwarded to the Environmental Assessment Branch of the Ministry of the Environment.

10. Those plans and projects planned under the previous exemption (MNR-30/6), filed as Ontario Regulation 576/85, but not implemented by the date of its expiry, may continue to proceed in accordance with the conditions of this exemption.

11. Those plans and projects planned under this exemption, but not fully implemented by the date of expiry of this exemption, will have their status under the *Environmental Assessment Act* reviewed in connection with the review of the Class Environmental Assessment for Provincial Park Management and, if provided for in conditions of approval issued in connection with the undertaking, may continue to proceed in accordance with such conditions.

12. This order expires on April 30, 1987 except that the Minister of the Environment, taking into consideration the progress of the Ministry of Natural Resources on pre-submission consultation and any related drafting of the Class Environmental Assessment for Provincial Park Management and upon the request of the Minister of Natural Resources, may extend this expiry date but this extension shall not be beyond October 31, 1987.

13. If the Ministry of Natural Resources has submitted a Class Environmental Assessment under this Act for the Provincial Park Management undertaking prior to the expiry of this order, this order shall remain in effect until a final decision on the approval of the Class Environmental Assessment has been made.

14. Where an Environmental Assessment has been done and approval to proceed issued for an individual Provincial Parks plan or project, that plan or project shall be deemed to be a separate undertaking not exempt by this order. O. Reg. 657/86.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 658/86.

Exemption—The Corporation of the Township of Marathon—MARN-TP-1.

Made—October 30th, 1986.

Approved—October 30th, 1986.

Filed—November 7th, 1986.

ORDER MADE UNDER THE
ENVIRONMENTAL ASSESSMENT ACTEXEMPTION—THE CORPORATION OF THE
TOWNSHIP OF MARATHON—MARN-TP-1

Having received a request from The Corporation of the Township of Marathon that an undertaking, namely:

The activity of construction, operating and maintaining a deep well, well pumphouse and water distribution system to service the Marathon Industrial Park, located in the Township of Marathon, District of Thunder Bay,

be exempt from the application of the Act pursuant to section 29; and

Having been advised by The Corporation of the Township of Marathon that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The four occupants of the newly established industrial park will be interfered with by having to use trucked-in water.
- B. The Corporation of the Township of Marathon will be damaged and interfered with by being required to prepare an environmental assessment for an undertaking which will not have adverse effects on the environment.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The proponent has advised that the environmental effects of the construction and operation of the water system will not be adverse nor are there any adjacent owners which it will affect.

This exemption is subject to the following terms and conditions:

1. Within 30 days after construction commences, the proponent shall notify in writing the Director of the Environmental Assessment Branch of the Ministry of the Environment of the date when construction commenced.
2. This order shall expire if construction has not commenced by June 30, 1987. O. Reg. 658/86.

Exemption—Ministry of Government Services—MGS-73.

Made—October 30th, 1986.

Approved—October 30th, 1986.

Filed—November 7th, 1986.

ORDER MADE UNDER THE
ENVIRONMENTAL ASSESSMENT ACTEXEMPTION—MINISTRY OF GOVERNMENT
SERVICES—MGS-73

Having received a request from the Ministry of Government Services that an undertaking, namely:

The activity of providing the Ministry of Transportation and Communications' Freeway Traffic Management System Control Centre and Central Region Office Building at 1201 Wilson Avenue, Downsview.

be exempt from the application of the Act pursuant to section 29; and

Having been advised by the Ministry of Government Services that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The Crown will be interfered with by the expense required to prepare an environmental assessment for an undertaking which will have insignificant environmental effects.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The proposed undertaking will have insignificant adverse effects on the environment.

This exemption is subject to the following terms and conditions:

1. Where any activity which otherwise would be exempt under this order is being carried out as or is part of an undertaking for which an environmental assessment has been accepted and approval to proceed received, the activity shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions of this order.
2. Where any activity which is the subject of this order is being carried out as or is part of another undertaking which is the subject of an exemption order under the Act, the activity exempt under this order shall be carried out in accordance with any terms or conditions in the other exemption order as well as the conditions in this order.
3. This exemption shall cease to apply unless construction has commenced by December 31, 1992. O. Reg. 659/86.

PLANNING ACT, 1983

O. Reg. 661/86.

Delegation of Authority of Minister under
Section 4 of the Planning Act, 1983—
Official Plans—Hamilton-Wentworth.

Made—November 3rd, 1986.

Filed—November 7th, 1986.

ORDER MADE UNDER THE PLANNING ACT, 1983

DELEGATION OF AUTHORITY OF MINISTER UNDER SECTION 4 OF THE PLANNING ACT, 1983—OFFICIAL PLANS—HAMILTON-WENTWORTH

1. Subject to sections 2 and 3, all authority of the Minister under section 17, except subsections 17 (19) and (21), subsection 20 (1), subsections 22 (1) and (3) and section 64 of the *Planning Act, 1983* is delegated to the council of The Regional Municipality of Hamilton-Wentworth in respect of official plans for the local municipalities within that regional municipality. O. Reg. 661/86, s. 1.

2.—(1) The delegation in section 1 does not apply to an official plan or official plan amendment submitted to the Minister for approval prior to the day this Order comes into force.

(2) The delegation in section 1 does not apply to an official plan adopted by the council of The Corporation of the Town of Flamborough in 1986 or 1987 but does apply to amendments thereto and to amendments to an official plan that is in effect in the Town on the day this Order comes into force. O. Reg. 661/86, s. 2.

3.—(1) The council, in exercising the authority delegated by section 1, shall comply with the following conditions:

1. The council shall send to the Ministry of Municipal Affairs one copy of each official plan or official plan amendment received by the council for approval not later than ten days after the receipt of the application for approval.
2. The council shall request comments for those departments or ministries of the public service, commissions and authorities that, in the council's opinion, have an interest in an official plan or official plan amendment as well as from such other public authorities and agencies as the Minister may direct, and shall submit to the Ministry of Municipal Affairs a list thereof, and shall not make a decision in

respect of the official plan or official plan amendment until thirty days after all requests for comments have been sent or until all comments have been received, whichever period of time is shorter.

3. Where the council has not approved or referred to the Ontario Municipal Board an official plan or an official plan amendment within ninety days of the receipt of the application for approval, the council shall forthwith provide the clerk of the local municipality and the Ministry of Municipal Affairs with a report on the status of the application.
4. The council shall send to the Ministry of Municipal Affairs one copy of each comment received under paragraph 2 as well as one copy of all modifications that are proposed for an official plan or official plan amendment and shall likewise send a copy of all modifications that are proposed to such other public authorities and agencies that the council considers are affected thereby.
5. Where the council makes a decision on an application, written notice of the decision shall be sent to the Ministry of Municipal Affairs and the clerk of the local municipality within fifteen days of making the decision.
6. The original of the official plan or official plan amendment as approved shall be sent to the clerk of the local municipality.
7. One certified copy of the official plan or official plan amendment as approved shall be sent to the Ministry of Municipal Affairs, Plans Administration Branch, Central and Southwest.
8. One certified copy of the official plan or official plan amendment as approved shall be retained in the office of the clerk of the Regional Municipality.
9. One certified copy of the official plan or official plan amendment as approved shall be sent to each of the Ministry of the Environment, the Ministry of Natural Resources, the Ministry of Transportation and Communications and Ontario Hydro.
10. One certified copy of the official plan or official plan amendment as approved shall be sent to such other Ministries of the Government of Ontario as request it.

(2) The delegation of authority set out in this Order is not terminated by reason only that the council has failed to comply with a condition set out in subsection (1). O. Reg. 661/86, s. 3.

4. This Order comes into force on the 3rd day of November, 1986.
